

Klur Natur, France

The latest project from Clement Klur. He is pushing the boundaries of what it is possible to achieve from his small estate on the steep slopes of Alsace.

Intent on going beyond organics and bio-dynamics this range is as natural a production as is possible: no fining, no filtration, no added sulphur. Resulting in sulphur levels barely around the 10mg/l mark. The grapes are handpicked and pressed in tiny traditional presses (operated by hand) all to ensure as little interference from vine to bottle as possible. This all results in intense flavours and textures that linger long in the mouth and memory.

Highlights

- Organic and biodynamic, this is as natural a production as is possible: no fining, no filtration, no added sulphur.
- Small scale production.
- The grapes are handpicked and pressed in tiny traditional presses to ensure as little interference from vine to bottle.
