DEFINITIONS OF WINE

We feel the ethos and philosophy behind the creation of wine is the most important thing to consider, more than a certification.

Practising or certified we feel those producers who work with a philosophy in mind should be recognised. Those producers who respect the land they work, the wine they make and the people they employ. To this end, you will see producers in this portfolio recognised as acting in a sustainable manner, having organic or biodynamic practices or producing certified organic wines.

FOREWORD

How to live and especially how we should all live together in this world are topics that remain as challenging now as they were then but if this last year has shown us anything, it is that when the world works together, great things can be achieved. So we choose to hope and to back up that hope with a renewed commitment to do things better - to look after each other, our customers, our producers and crucially our planet. I can't pretend that we always get it right but I can honestly say that I'm immensely proud of what we have achieved at Alliance during the last year.

I would like to take this opportunity to thank all of our producers, the Alliance team and most especially our customers for their support during the year - it was and is greatly appreciated.

We look forward to working together again to make a real difference in 2021.

Fergal Tynan MW

"It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of light, it was the season of darkness, it was the spring of hope, it was the winter of despair."

'A Tale of Two Cities'
- Charles Dickens

Established in the Rioja Oriental sub-zone of Rioja, deAlto is an unconventional producer of brilliant wines that aim to maximise the fruit potential of the regions they come from. Responding to the need for a more sustainable future, they harness the best vineyards to produce wines from Rioja itself, and using that same commitment to sustainability, spirit of adventure, experimentation and creativity, deAlto also includes a family of wines from across Spain. Drawing on the revered, in-depth knowledge of Paul Shinnie and the technical skills of Marta Juega Rivera, the wines of Aurkitu, Campo Flores and Te Quiero offer a tantalising taste of contemporary Spain.

Wines inspired by the spirit of place - 'L'esprit de lieu'. The wines of Terres Fidèles are created in the Roussillon and surrounding regions, a place of remarkable stories where layers of history and cultures are embedded in the raw and wild landscape. Authentic, crafted small batch wines. Wines of the wilds. Old vine Grenache, Carignan, Malbec, Cinsault, Viognier and more. Wines to share..., some of which, namely Felicette, Mont Rocher and Montsablé we have been proudly producing for some time.

2021 marks the second harvest during the COVID-19 pandemic for our southern hemisphere producers. The emergency lockdown measures that came into force during vintage 2020 were certainly a far greater shock than this year's restrictions, nevertheless, wineries have had to prepare for similar challenges this year.

CHAMPAGNE & SPARKLING

André Roger is a family owned domain located in the village of Aÿ in the Grande Vallée de la Marne with vines planted on white chalk soil with belemnite fossils, or on calcareous and sedimentary soils. Most of the vineyards are listed as 100% Grand Cru. In the vineyard the methods used are faithful to the Champagne tradition while using modern techniques to improve quality. The approach of minimal intervention allows the soils to fully express their potential.

ARGENTINA

Alejandro Sejanovich is arguably Argentina's most knowledgeable viticulturist, working as vineyard director for Bodega Catena Zapata for 16 years, he pioneered high altitude vineyard planting and conducted ground breaking research on Mendoza Malbec clones. **Manos Negras** focuses on latitude winemaking, planting Torrontes in the northern stretches of Cadayate in Salta, Pinot Noir in the southern-most region of Neuquen in Patagonia and cultivates 50 year old Malbec vines in the prized Altamira appellation in the Uco Valley.

Cinco Fincas, Mendoza

A blend of five vineyards, the selection process was rigorous in determining which parcels of fruit would make the cut for this wine. Working with local growers from across the Mendoza region it is clear the result was worth the effort. A quintessential Argentine Malbec packed with fruit and freshness at an incredible price. A very quaffable, easy drinking wine with copious amounts of blackberry, plum and cherry. Rounded tannins make this soft on the palate with a fresh finish that makes you reach for another glass.

 4068 Cinco Fincas Malbec 2020 6x75cl

Santuario, Mendoza

In Argentina the Malbec grape is the vinous equivalent of Messi or Maradona. Santuario pays tribute to this Argentinean wine obsession. This wine over delivers on every front showing why Argentina leads the world in quality Malbec.

Man Meets Mountain, Mendoza

"Great things are done when men and mountains meet, this is not done by jostling in the street". The quest for higher quality has seen Argentina's most ambitious winemakers push into the Andes foothills where the higher altitude and meagre soils produce the finest grapes. Man Meets Mountain celebrates those that face up to and conquer the challenges posed by nature and brings to you a harmonious Malbec, packed full of blueberry, blackcurrant and plum and a complex and delicious finish.

 Manos Negras

Alejandro Sejanovich is arguably Argentina's most knowledgeable viticulturist, working as vineyard director for Bodega Catena Zapata for 16 years, he pioneered high altitude vineyard planting and conducted ground breaking research on Mendoza Malbec clones. Manos Negras focuses on extreme winemaking, planting Torrontes in the northern stretches of Cadayate in Salta, Pinot Noir in the southern-most region of Neuquen in Patagonia and cultivates 50 year old Malbec vines in the prized Altamira appellation in the Uco Valley.

Viña Cobos, Mendoza

In 1989, Paul Hobbs visited Mendoza for the first time. Driving over the Andes from Chile, he fell in love with the place, the people, but also with the potential to make great wine. He began experimenting with wild fermented Chardonnay and then with the variety that would become Argentina's calling card - Malbec. His first 10 barrel vintage of Malbec persuaded the American press of the potential of this grape. Paul established his own winery, Viña Cobos, in 1999 and over 20 years later, Paul continues to make wines that are authentic expressions of the terroir from which they come. In an exploration of the different terroirs across Mendoza Paul looks for the most distinguished regions in Luján de Cuyo and Valle de Uco to produce wines that uniquely express their origins. The winery's elegant and balanced wines are a result of meticulous vineyard farming and utmost respect for terroir.

One Chain Vineyards, South Eastern Australia

One Chain works with growers to source fruit from some of the most respected regions of South Eastern Australia to produce wines that are inspired by a love for the Australian national sport. Indeed, the name One Chain is the imperial measurement for 22 yards, or the length of a cricket pitch. However, you really dont need to be a connoisseur of the game to be bowled over by the restrained, elegant style of the Chardonnay and the bright red fruit and subtle oak of the Shiraz Cabernet.

Ricca Terra, South Australia

The fact that the Riverland region of South Australia is now being re-imagined and reinterpreted is, in part, due to the efforts of one man – Ashley Ratcliffe. As a viticulturist, he knew that not only were some of the best Riverland vineyards undervalued but that many were planted with the wrong varieties for the climate. Over the last few years, these vineyards have come on stream with varieties like Aglianico, Vermentino, Greco, Fiano and Nero d'Avola to name but a few. Ashley's Ricca Terra range are vibrant, quirky, cleverly made wines that have deliciousness as their raison d'etre. More than that though, they are a beacon for the future sustainability of a previously much derided region and it is to Ashley's credit that other serious producers are now taking fruit from here.

Wild & Wilder, South Australia

Wild & Wilder is all about good clean fun. Working hand in hand with their merry (in a good season) band of growers, they craft wines of supreme quality but don't take it all too seriously. Great fruit, grown by great people and made with a lot of love by people that know that wine is all about the good times, delicious food and creating great memories. Founded by Giles Cooke MW & Fergal Tynan MW, who also make the Thistledown wines, the mundane is just not in their DNA. Being involved in every stage of the winemaking process from bud burst to bottle means that every bottle from Wild & Wilder is an experience you'll want to try again.

Thistledown, South Australia

Ever since historic Scots, James Busby and John MacArthur founded the Australian wine industry in the early 19th century, the relationship between Scotland and Australia has been an enduring one. Guardians of this long history, Thistledown Wine Co. continues the tradition of Scottish ingenuity and great Australian wine. From their small-batch winery in the idyllic Adelaide Hills, they work with pristine fruit sourced from iconic vineyard sites. Giles Cooke MW and Fergal Tynan MW, with the helping hand of Peter Leske, craft lithe, energetic wines that illustrate the benefits of great sites and intelligent, low-intervention winemaking. Giles and Fergal share a particular passion for Grenache and, in ever more detail, Thistledown continue to unpick the rich patchwork of South Australian Grenache – reassembling it in their own inimitable style. This unique blend of superb fruit sources and experience in both the New and the Old Worlds helps craft wine of subtlety, texture and detail – wines perfectly suited to complement rather than overwhelm fine food.

 Majella, Coonawarra

Majella are an absolute stalwart within our portfolio and regarded as one of Coonawarra's, if not Australian's, best producers with an abundance of awards to support this. However, the effusive Brian 'Prof' Lynn would never brag, self-deprecating to the end, he is the humble custodian of the vineyards on the world-famous 'terra rossa' soils where production is carried out in as sustainable a way as possible. This combined with the immense talent of winemaker Bruce Gregory, has been the magic on which their reputation has been built; with their sparkling Shiraz reaching cult like status both sides of the globe and their impeccable Cabernet Sauvignon listed in Langton's Classification of Australia's Best Wines.

AUSTRIA

Funkstille, Niederösterreich

We all need a little 'Funkstille' (radio silence) in our life now and again. Kick back and take a moment to enjoy the silence with a glass of Grüner Veltliner. With its subtle exotic hints, ripe pear and fresh citrus flavours, it's a dry wine with complex flavours. The palate is rich with flavours of melon and grapefruit with a refreshing, zippy finish.

BULGARIA

Enira, Bessa Valley

Count Stephan von Neipperg, owner of several famous Bordeaux properties, including Châteaux Canon La Gaffelière and La Mondotte, sought out the Bessa Valley where the wonderful clay-limestone soils showed him the potential to make great wines. In the shadow of the dramatic Rhodope Mountains, these soils provide the structure, strength and minerality that allows Stephan to create wonderful wines that are full of power and elegance.

CHILE

Tinto de Rulo is the project of three friends who, by pooling resources, make wine together – but even then it's a small project, making just 1200 cases in total. Tiny plots of Pais, ranging from 70 to 200 years in age, are spread across Itata and Bio Bio. Fruit from these pristine organic vineyards is fermented in clay amphorae and very old native rauli pipes with only minimal sulphur added at bottling – these wines are a proper introduction to this wilder side of Chile.

Espinos Y Cardos

Between the mountains and the sea, Espinos y Cardos looks to craft subtle, pure expressions of classic international varieties from their two ranges. Focused on vineyards in Casablanca and Curico, Los Espinos combines cutting edge winemaking with regional typicity to provide a range that is at the beating heart of the country. Santa Macarena is a testament to the individuality and intrigue that so many Chilean wine drinkers are yet to discover. Amazing fruit, grown in the Leyda region 5km from the ocean, so close you can smell it, crafted into a unique expression of the enigmatic Pinot Noir that clearly demonstrates the real quality that lives in this land.

Los Espinos, Central Valley

Tinto de Rulo, Bío Bío Valley

Tinto de Rulo is the project of three friends who, by pooling resources, make wine together – but even then it's a small project, making just 1200 cases in total. Tiny plots of Pais and Malbec, ranging from 70 to 200 years in age, are spread across Itata and Bio Bio. They have a little plot of Carignan from just over the hills in Maule as well. Fruit from these pristine organic vineyards is fermented in clay amphorae and very old native rauli pipes with only minimal sulphur added at bottling – these wines are a proper introduction to this wilder side of Chile.

Casa Marin, San Antonio

When the first vintage of the Sauvignon Blanc was released, it was heralded by Parker as the best white wine made in South America. A moment of great satisfaction for Maria Luz Marin who had to fight to be allowed to plant her vineyards in Lo Abarca, only 5km from the sea. But this is a lady who doesn't take 'no' for an answer and has a career littered with great achievements and numerous firsts. Maria Luz's vision and determination to coax world class wines from these coastal vineyards has proved Chile is capable of producing wine that can take on the world's best.

Indómita

The dynamic winemaking team at Indómita skillfully craft wines from their vineyards in two of Chile's very best regions. The cooler climate Casablanca is great for Sauvignon Blanc, Chardonnay and Pinot Noir while the warmer Maipo Valley offers classic Cabernet Sauvignon and Carménère. Indómita produce superb, expressive wines that are both beautiful and stunning value for money.

Odfjell

Founded by Norwegian Dan Odfjell this pre-dominantly red wine producer creates wines of elegance and poise. They are fully committed to biodynamics with cover crops and beehives populating the vineyards while small Fjord horses work the land. Odfjell produces wonderful wines that few in Chile can match, with their Carignans, which come from rescued 80 year old vines, proving to be of particular note.

ENGLAND

🌿 All Angels, Berkshire

The rural backwaters of Berkshire aren't the first place you'd expect to find a vineyard, yet it's here that new kid on the English wine scene, Mark Darley and his family have chosen to plant 3 hectares of classic sparkling varieties as well as Pinot Gris. Enborne Vineyards, located in the village of the same name, was planted with the intention of producing exceptional English sparkling wine, set apart due to their distinctive terroir and a serendipitous collaboration with respected winemaker, Emma Rice from Hattingley Valley. Planted in 2010 (after the land was almost set aside as an Alpaca farm!), the vision began to take shape. The inspiration for All Angels coming from the local 12th century parish church of St Michael & All Angels. The inaugural 2014 vintage has already started to make some noise, and there's no doubt that this is a producer to follow.

Jack O' The Green, Sussex

Jack O' The Green are a pair of organically grown English wines, harvested and vinified in Rye, East Sussex. The grapes come from our friends at Oxney Estate, who have the largest holdings of organic vineyards in England. After Chardonnay, Pinot Noir & Pinot Meunier grapes are harvested by hand and vinified at Oxney Estate, they are transported down the road to Tillingham Winery where they are bottled. These wines pay homage to the Jack O' The Green folk custom, celebrated on May Day, which is beautifully depicted on the labels, with Jack topped with an intricate crown of flora.

FRANCE

It won't come as any surprise that **Hélène Jaeger-Defaix** (wife of Didier) manages this small, 4.5 hectare Rully estate in the same spirit as their property in Chablis, adopting a truly earth-to-glass approach. Vineyards are farmed organically, grapes are hand-picked, winemaking is gentle and they have built a reputation for elegant, rewarding wines. Hélène's connection with the land is strong, with her great-grandfather having been instrumental in Rully achieving its AOC status back in the 1930s; and today her commitment has played no small part in building the reputation of the Côte Chalonnaise as an excellent value alternative to more famous (and expensive) appellations further north.

LOIRE

Nantais

Domaine des Herbauges

Winemaker Jérôme is committed to the sustainability of his vineyards. Once harvested he ferments at low temperatures conserving the aromas of the must, then matures the wine on the lees from 8 to 14 months with regular bâtonnage. Bottling is straight from the fermentation, leaving a light natural spritz. Julia Harding has described the wine as “elegant and balanced”.

Anjou-Saumur

Domaine des Baumard

One of the Loire's most lauded producers, Florent Baumard has courted controversy by pursuing his own ideas and challenging the status quo. In a deeply traditional region, his early adoption of screwcaps and different vine trellising systems marked him out as the enfant terrible of Savennières. His mantra now encompasses a belief in the individuality of each vintage, believing it should be made with minimal intervention to allow the wine to reflect its vintage and unique character. His Savennières from the famous vineyards of Clos St Yves and Clos du Papillon are rich, yet with a balance and elegance that are unrivalled. His top cuvée of 'Trie Speciale' is only made in very exceptional vintages when grape quality is optimal. It is a wine full of paradox, honeyed and yet dry, rounded and yet firm. The rich fruit, tremendous weight and concentration ensure that it is a thoroughly memorable experience.

Touraine

Domaine des 7 Lieues

Domaine des 7 Lieues reflects some of best vineyard locations in the Val de Cher and was sparked when a group of like-minded growers from the Cooperative of Bléré started a collaboration that brought together their heritage and respect for their diverse terroirs. Their Touraine vineyards are spread over 7 municipalities (Dierre, Saint-Martin-le-Beau, Athée-sur-Cher, Bléré, La-Croix-en-Touraine, Civray-de-Touraine and Francueil) all within a radius of 20-35km, which corresponds to 7 leagues ... an ancient measurement of distances used in France prior to adopting the metric system ... and inspiring the name.

   4405 Sauvignon de Touraine 2020 6x75cl

Domaine Patrick Vauvy, Loire

Patrick Vauvy manages 30 hectares of vines, the majority planted with Sauvignon Blanc. The Domaine has been in the hands of the Vauvy family for generations, Patrick took over and has brought new vision and an experimental style to the Domaine. He is often the last of his neighbours to harvest. Located above the banks of the Cher River, the soil is predominantly sand based giving the wines a fruit driven, immediately appealing style.

Sancerre

Domaine Picard

The Domaine Jean-Paul Picard et Fils is a family run estate cultivating 14 hectares of vines, all of which are situated on the slopes of Bué and are amongst the best sites in the Sancerre region. Picard practices 'lutte raisonnée', where chemical treatments are used only when necessary and they plough to loosen the top soils and help develop micro-bacterial life. The wines are well balanced and very aromatic, full of fruit and subtle hints of minerality.

Doing much of the work in the vineyards himself, he is committed to hand harvesting to help maintain the quality of the resulting wine. Unable to make enough wine to keep pace with demand these wines are some of the most precise and refined Sancerres you will ever get to taste if you get the chance.

Pouilly Fumé

S* Domaine Pierre Marchand

Eric Marchand spent his childhood in the vineyards helping his parents, instilling in him a love for the land. He went on to study viticulture then after graduation he and his brother, Pascal, took over from their father. Across their 17 hectares they practice minimum intervention as well as conducting a green harvest and debudding in the Spring to improve quality further. This allows them to create a concentrated example of Pouilly Fumé with well balanced, crisp gooseberry and blackcurrant leaf fruit overlaid with hints of citrus and minerality.

1 2 1198 Pouilly Fumé, Les Loges 2020 12x75cl

S* Bouchié Chatellier

Domaine Bouchié Chatellier is one of the most outstanding producers in Pouilly Fumé. Rubbing neighbourly shoulders with the inimitable Didier Dagueneau, and with vines planted on the same Silex soils as Didier's, the domaine's gently tended vines benefit from that high proportion of flint, which stores and reflects the heat so well. The levels of resulting ripeness as well as the incredibly rich flinty minerality imbues the wine with a delicious complexity that few others can match.

ALSACE

Cave de Ribeauvillé

Run and owned by growers for over 100 years this co-operative has always been about their land and the quality of fruit that grows here in the Vosges Mountains. The alternating razor sharp ridges and plummeting valleys create slopes with fantastic exposure to the sun and great protection from the wind and rain which help maximise the potential of this vertiginous land. This particular range comes from a small selection of organic vineyards, which show poise through fresh, fruit driven, clean expressions of classic Alsatian varieties, demonstrating that this venerable co-operative is living very much in the moment.

Domaine Klur

Certified organic and following biodynamic practices, this small estate of just 7 hectares is nestled on steep slopes in the heart of Alsace. Whilst Clement Klur is still very much involved at every stage from vine to bottle, he has now joined forces with his good neighbour, Leon Heitzmann, and their joint effort in the vineyards is reflected in the increasing quality of the wines. These vineyards are tranquil places, full of fruit trees dotted amongst the vines which attract and offer shelter to local wildlife. This symbiotic relationship helps maintain the health and balance of their land. The steep vineyards means the harvest is carried out by hand, allowing the pickers to be very selective and gentle in choosing the healthiest fruit to ensure that the resulting wine is always of the highest quality.

Klur Natur

The latest project from Clement Klur. He is pushing the boundaries of what it is possible to achieve from his small estate on the steep slopes of Alsace. Intent on going beyond organics and bio-dynamics this range is as natural a production as is possible: no fining, no filtration, no added sulphur. Resulting in sulphur levels barely around the 10mg/l mark. The grapes are handpicked and pressed in tiny traditional presses (operated by hand) all to ensure as little interference from vine to bottle as possible. This all results in intense flavours and textures that linger long in the mouth and memory.

Chablis

Domaine Michaut Freres

Chablis has experienced more than its fair share of bad luck in the last few years with variable harvests resulting in soaring prices. So we are pleased to have Bernard Michaut on board providing his stunning, fresh vibrant Chablis. The winery is located in Biene close to Chablis, built on the classic soil of the region, kimmeridgien, underpinning the 60 hectares of vineyards. These wines show great typicity, steely acidity, plenty of fruit with that unmistakable note of flinty "terroir".

Domaine Defaix

Spending time in Didier and Sylvain's company you immediately understand the energy and effort that is put into their wines, or more correctly, their vines and land. Situated a little north of the eponymous village of Chablis the brothers have some of the best situated vineyards in the whole of the region and their efforts to coax the best from the soil is incredible. This translates directly into the wines which are powerful, textural and capable of considerable development. Certified organic and with bio-dynamic influences the gentle caring approach of the Defaix boys makes their wines flagship examples of why Chablis is so special.

Côte de Nuits

Chanzy

Chanzy is a 80 hectare Estate, divided between Côte Chalonnaise, Côte de Beaune and Côte de Nuits with their base in Bouzeron. In 2017 Philippe Der Megreditchian purchased this historic Estate and set about a radical overhaul. Appointing Max Blondelle as winemaker, (ex. Winemaker of Domine Chanson) together they reshaped the range into a tighter offering, adding vineyards in Côte Chalonnaise and Côte de Beaune due to their purchase of Domaine Pagnotta. Consequently, this means that all of Chanzy's wines are made with at least 90% Estate-grown fruit, practically unheard of for a Burgundian producer of this size. Chanzy owns 5 Clos including 2 Monopoles, 11 Grands Crus and 16 Premiers Crus. They are one of the few Burgundy producers to achieve Haute Valeur Environnementale level 3; the most highly regarded certification for agriculture in France. Their farming regime demands a holistic outlook that goes beyond organics: ensuring biodiversity, reusable energy and reduced water usage. The vineyards are in conversion to organics and will be certified from 2024 vintage onwards.

Laurent Pillot, who took over the running of Domaine Pillot in his mid-twenties, transformed his family estate from grape growers to a leading estate and one of the superstars of Chassagne-Montrachet. With a superb collection of vineyards and a modern winemaking facility on the edge of the village, both their red and white wines are of an excellent quality. In particular, from both sides of the colour divide, both the white Chassagne-Montrachet and the rounded, sultry Chassagne-Montrachet 1er Cru Morgeot Rouge clearly profess their beautiful underlying minerality.

Passion is not enough, so says Jean-Paul Paquet owner of Domaine de Fussiacus. It is knowledge, acquired through seasons spent in the vineyard, that allow the winemaker to produce great wine, he muses. With this philosophy Jean-Paul manages his 11 hecatres in southern Burgundy nestled in the heart of the M aconnais, south-west of Macon, creating wines enhanced by his vast experience. BEAUJOLAIS

Domaine de la Couvette

Gautier Marion is the fifth generation of the family to manage Domaine de la Couvette, tucked into the gently undulating countryside of southern Beaujolais. If you could picture what a quintessentially small french producer should look like then Gautier's property would come very close. He takes great pride in making wines in the traditional carbonic macerated style using his trusty, old concrete vats, which he uses to age the wines as well. Respecting not only the winemaking traditions, but also their 11 hectares of land and the vines that are up to 50 years old, they demonstrate their commitment by making a fully organic Beaujolais - which is full of ripe red fruit, spicy, earthy notes and a lovely smooth minerality.

Domaine Berrod

In northern Beaujolais, in the heart of Fleurie, Rene Berrod and his children run their domaine on steep slopes with old vines aiming to produce wonderful Gamay wines full of elegance and delicacy, that epitomise what this land can offer. The family efforts have been rewarded by international praise from both sides of the Atlantic, but this is not what drives Rene on. It is the desire to retain the link between the soil and the resultant wine, always striving to express his wondrous terroir in every glass he pours.

Domaine de Colette

Domaine de Colette is in the small village of Lantignié, regarded as the top village in the cru of Regnié. Run by the humble Jacky Gauthier, it was founded by his father René. Gauthier studied enology at the tender age of 17 and immediately started working with his father in the vineyards. Their steep pink granite vineyards are home to vines of about 45 years old, but one plot, called Colette, reaches over 80 years. The grapes undergo carbonic maceration followed by a gentle pressing. A pleasant ruby-red colour, the wine presents fresh red fruit flavours in its youth, but over time evolve into delightful complex ripe fruit flavours.

RHÔNE

Northern Rhône

Domaine de Bonserine

This prestigious estate has only 10 hectares of vineyards, which consist mainly of old Syrah called "Serine". This is a very old clone of Syrah that produces small clusters of loose berries resulting in a particularly aromatic wine. No pesticides, herbicides or chemicals are used in their sustainable agriculture and, with a recent revamp of their cellar, the modern winery enables them to craft even more refined, elegant wines.

Southern Rhône

Domaine de la Berthète

From the Middle Ages, vines have been grown on the Plaine du Plan de Dieu in the heart of the southern Rhône. Back then you were taking your life in your hands crossing the plain as bandits freely roamed the land. This perhaps gave rise to the plain's name as whether you lived or died was up to God. Pascal Maillet originally studied computer sciences and had nothing to do with wine, but almost overnight this changed. In 1993, Pascal and his wife, Marie-Pierre, bought this family domaine. They now work the stone ridden, clay-limestone soils of the plain to create wonderful vigorous wines in a traditional style from 35 year old vines. Full of garrigue notes with sweet black fruit and nuances of spice, these wines are some the best hand crafted offerings in the southern Rhône. God can indeed work in mysterious ways.

Guillaume Gonnet

The energetic and charismatic Guillaume Gonnet is not your average Rhône winemaker. Extremely open in his attitude, his curious, boundary challenging approach extends beyond wine. He travelled to the far ends of the earth, revelling in the opportunity to surf some of the best waves in the world while learning his craft in various Australian and New Zealand regions. Returning to the Rhône, now with his Australian wife Kelly, he has shown similar energy for his family estate and for his own nascent project. This land locked surfer may be miles from the ocean but is happily riding the wave of new found enthusiasm for Grenache based wines. Pursuing biodynamics wherever possible, allowing his fruit to express itself freely through hands-off winemaking and displaying his fascination for the varying soils of the Rhône through his diverse range of wines, he's just the sort of restless creative that we love to work with.

JURA

Domaine Berthet-Bondet

Jean Berthet-Bondet has been working his land since 1984. With a humble 15 hectares of 30 year old vines, this estate may well be small but it is steeped in history and heritage. Half of Jean's land is in the Château Chalon appellation which is home to the Savagnin grape, renowned for making the revered Vin Jaune. Exclusive to the Jura, this wine is harvested late and then aged in barrel for over 6 years. In that time a "voile" or layer of yeast forms on top of the wine, which gives the wine its distinctive flavour of walnuts, hazelnuts and green almonds. A unique wine that has seen a resurgence of popularity in recent years, but has always been appreciated by the knowledgeable few.

SAVOIE

Domaine Jean Perrier et Fils

Tradition is hardly sufficient a word to sum up the Perrier family who have lived and worked in the Alps for more than seven generations. They seem to be hewn from the very rock that surrounds them. The wine style and dedication to local varieties such as Jacquère has not wavered and like their mountains, they remain resolute. And all the better for it. These wines are stunning, different and enthralling creating flavour and palates that you would be hard pressed to find anywhere else. Embodying their landscape and being resistant to change has made these wines special, delightful and truly regional.

Domaine de la Grande Bauquière

The Sainte Victoire Mountains, a bright white line of rocks that was the inspiration to the painters Van Gogh, Cézanne and many others, slices through the sky, protecting the domaine from the worst ravages of the Mistral wind. This 80 hectare domaine is protected by rows of tall trees whilst streams meander between them and through the vineyards. This creates an idyllic land full of biodiversity. Subtle, delicate wines that are refined and full of vibrant red berry fruit with harmonious elegant finishes are supreme examples of the classic Provencal style.

LANGUEDOC-ROUSSILLON

Cahors

Crocus

Crocus wines are a quest to redefine Malbec in its birthplace, combining old world, ancient terroirs with new world vision. When internationally recognized winemaker Paul Hobbs and 4th generation Cahors vintner Bertrand Vigouroux decided to work together, they set out to offer a new interpretation of the Malbec of Cahors. Driven by their passion and expertise, the two men established Crocus to show the world how a single clone of Malbec can vary in three distinct terroirs and in the process create wines as special as they are individual.

Limoux

Maison Antech

For over five centuries, Maison Antech has tamed the magical terroir of Limoux to make fine sparkling wines. The secret of their character lies in the wise combination of Limoux's three terroirs, which form the backbone of the cuvées: freshness from the Pyrenees, vinousness from the ocean and roundness from the Mediterranean. From these terroirs Mauzac and other grapes are cultivated each bringing their own complexity and purity. This cuvée is named after Françoise, daughter of the family and part of the 6th generation, involved in the winery for over 20 years she has continued to help guide the maison cherishing its heritage but always looking to the future.

Picpoul de Pinet

Famille Morin

It was in 1966 that the Morin family took ownership of the estate. Today Caroline Morin is the young winemaker in charge trying to express the fabulous terroir through her wines of great finesse and minerality. Cuvée Caroline has been specially blended to be a gastronomic wine, with the body and balance that is perfect to accompany seafood and fish dishes.

Vignerons de Florensac

The Florensac terroir is one of the oldest planted vineyards near the Mediterranean coast and unusually for the South of France, this is a specialist white wine producer benefiting from the cooling breezes that moderate the heat. Grown on high ground in vineyards that are planted on clay and limestone soils. The vines are night harvested in order to preserve aromas and freshness. Once fermented the wine is aged on fine lees with regular stirring of the lees in order to bring out richness and roundness. A bright and pale yellow wine with very fresh aromas of white flowers, acacia and hawthorn, this is a "gourmet" Picpoul.

S Wéingut Max Ferdinand Richter, Mosel

For 300 years, the Richter family has owned and farmed vineyards in the central Mosel area. Working 40 acres of vines, they are masters of their craft and have consistently produced some of the region's best Rieslings. The sharp 'V' of the Mosel valley cuts through the landscape leaving steep slopes where the vineyards are planted. It offers great potential for wine, but a greater challenge to cultivate and harvest. Using all their accumulated knowledge over the generations, the Richters' fastidiously work the land, focusing on small crop sizes, all-natural fertilizers and other sustainable practices to achieve a pristine crop each year. The work in the cellar shows the same attention to detail, with gentle pressing and slow temperature-controlled fermentation in traditional old oak barrels (fuders). This careful, deliberate process preserves the quality of the grapes, develops the unique character of the single-vineyard cuvées, and gives the wine exceptional longevity.

B La Tour Melas, Achinos

ITALY

There is a small 'nirvana' northwest of Montalcino, where Luigi Fabbro and Katia Nuassbaum founded **San Polino** nearly 30 years ago. Using Luigi's scientific experience of mapping the Amazon rainforest they decided to try their hands at "creating wines as complete reflections of the biodiversity of their terroir" Katia explains. This tiny estate of only 4 hectares now produces luscious and balanced wines farmed bio-dynamically by this energetic couple who, it is clear, pour all their heart and energies into these sublime wines. Praised by critics and peers they have been described as having "an incredible clarity and pureness of fruit that is unequalled in the region".

La Tour Melas is young and dynamic winery who create well made, textural and interesting wines in Achinos. The eponymous tower overlooks and guards the vines that produce wine in its name, all managed with biodynamic and organic techniques. Kyros Melas planted his 11ha of vineyards, on slopes that run down towards the expanse of the Aegan Sea, with Merlot, Cabernet Franc and Petit Verdot vines imported from France. These vines are hand-picked, then fermented and turned into wine with as little intervention as possible through the underground gravity flow winery of the property. To finish, each wine is bottled by hand, bringing to an end a truly artisanal process.

Mád Wine KFT is intent on putting Dry Furmint on the world map and in its collective glass. Based in the village of Mád, in the heart of the Tokaji region, they toil the vineyards shaped by volcanic eruptions millions of years ago. World famous for the exquisite sweet wine that is produced here, they know that this volcanic terroir is the key to proving that their dry wines are just as good as the sweet ones. Creating wines with unique flavours somewhere between Loire Chenin and Chablis in style, that are refreshing with an underlying minerality that feels like it comes directly up from those ancient volcanic soils.

VAL D'AOSTA

La Crotta di Vegneron

From the foothills of the north west Italian Alps, with vineyards set into steep slopes, La Crotta has the advantage of great growing conditions. The vineyards are located at a fairly high altitude, ranging from 500 to 850m, and enjoy a special microclimate with little rainfall and a good diurnal temperature range. The delicate grapes like Petit Arvine thrive here, resulting in enticing wines with a lightness of touch and minerality.

Produttori del Gavi

Along the hills of Gavi, Produttori del Gavi overlooks the historic Gavi fortress and have been making wine for over 65 years. With 220 hectares, the 95 farmers forming this cooperative boast the biggest vineyard holding of Gavi DOCG, containing a number of organically certified vineyards. Situated 40 kilometres from the Ligurian Sea, crossed by the Lemme River near the Ligurian Apennines, Produttori del Gavi lie within the Province of Alessandria, a territory that is uniquely characterised by poor calcareous white soils; ideal for growing the native Cortese grape. With a golden berry, perfumed by the brackish wind delivered from the sea, these wines are superbly lean and with great finesse. Today, its members are led by oenologist Andrea Pancotti.

Cascina Adelaide

Amabile Droco is acting out his lifelong dream by now owning an old farmhouse and vineyard in the heart of Barolo. He was fascinated by Barolo and wanted to demonstrate not only the fascinating qualities that the wine can create in the glass, but also the diversity of the terroir within the Barolo DOCG. So he has set out to acquire a vineyard in each of the ten Barolo 'crus'. He currently owns eight, with the goal of completing his dream when the right sites become available. This determination to ensure the individuality of the wines shines through. The land provides the difference, the wine provides the medium. To enhance this communication of intrinsic individuality from each site no herbicides are used on the land and the harvesting and sorting is all done by hand. Attention to detail is exacting. Native yeasts and minimal sulphur are used in the fermentation too, allowing the resulting wine to speak for itself, creating delicious complex formations full of orange skin, plum and tobacco with incredibly vibrant tannins and excellent balancing acidity.

Tenuta Olim Bauda

Piedmont is almost as famous for truffles as it is wine, those elusive delectable delights that need to be rooted out from the depths of the forest, so scarce but so worth it. Much the same can be said for Olim Bauda, secluded and out of the way, down a long drive off the busy Via Prata, the path gently meanders continuously rising to finally reveal the family home through a grove of trees, or if you arrive in truffle season, more likely through a rolling mist. The estate is run by three siblings, Dino, Diana and Gianni who have devoted themselves to creating fresh, expressive Barbera d'Asti and clean, pure scintillating Gavi in the most delicate low interventionist way and without doubt they are worth all the trouble you might encounter to enjoy them.

Mabis

The Biscardo Family have been making wine from their base in Soave for over 150 years and are currently led by brothers Maurizio and Martino. During the course of Maurizio's long and illustrious career, he has consulted for well known wineries around Italy and in doing so he came across the vineyards for their Puglian wines. Both the Pugliese and Veneto wines are characterised by an almost dangerous drinkability, aromatic purity and exceptional value for money.

Giavi

The life of the Giavi farm started as early as 900 AD and Prosecco has been made there since 1914. The vineyards cover an area of around 12 hectares on a hillside overlooking the town of Conegliano. The majority of the harvest is done by hand and the quality of the resulting wine is high, full of purity and freshness of fruit, making these very much boutique wines.

ILatium Morini

The seven brothers and cousins involved with ILatium Morini changed their approach in 2004 and decided to keep the best grapes to make wine themselves. Since then the torrent of accolades, including an IWC Gold for their Amarone and glowing reviews from Jancis Robinson, would suggest that they made the right decision. Now at the forefront of the new wave production of Soave, Valpolicella and Amarone, the wines combine beautiful fruit concentration with fresh, bright acidity.

Pradio

The Cielo's family estate based in Friuli Grave DOC is the source of top quality white and sparkling wines. Planted with Glera, Pinot Grigio, Friulano and Sauvignon Blanc, the fruit concentration is balanced with crisp, refreshing acidity; demonstrating why so many believe that this area is Italy's finest for the production of white wines.

FRIULI VENEZIA GIULIA

Novapalma

Drawing on the ancient eponymous star-shaped fortified town in Friuli and coupled with the direct translation of the word 'novapalma' itself, meaning new hand, this range of wines combines the heritage of this northern Italian land with a fresh modern approach. Reflecting an appreciation and care for the land that has existed here for centuries. Organically certified and made gently Novapalma is an excellent new look at two internationally renowned wine styles.

TUSCANY

Le Chiantigiane

Le Chiantigiane are a forward thinking, quality-orientated co-operative in the heart of Chianti. It's tradition of working together has given them great success. They produce a range of styles including great value, authentic Chianti and high quality Riserva of excellent value.

🌱 Riecine

Riecine has always followed a particular path. Founded by Englishman John Dunkley, and today run by the Frank family, the estate is committed to a more natural and sympathetic approach to producing wines from this classic region. Certified organic and following biodynamic processes, the vineyards are gently nurtured rather than cultivated, with plants, flowers and grasses encouraged to flourish between the vines, promoting biodiversity and health of the land. Pickers are tasted to select only the most perfect, ripe bunches from the vines; everything else remains in the fields to return to the earth. With low sulphur additions, natural yeasts and long fermentation, the wines are gradually coaxed into existence, adhering strictly to the belief in Sangiovese as the only and true grape for Chianti. The result are a range of incredible and honest wines that genuinely capture the much over-used phrase 'a true sense of place'.

🌱 San Polino

There is a small 'nirvana' northwest of Montalcino, where Luigi Fabbro and Katia Nuassbaum founded San Polino nearly 30 years ago. Using Luigi's scientific experience of mapping the Amazon rainforest they decided to try their hands at "creating wines as complete reflections of the biodiversity of their terroir" Katia explains. This tiny estate of only 4 hectares now produces luscious and balanced wines farmed bio-dynamically by this energetic couple who, it is clear, pour all their heart and energies into these sublime wines. Praised by critics and peers they have been described as having "an incredible clarity and pureness of fruit that is unequalled in the region".

🌱 Il Borghetto

In classic regions such as Chianti, conforming and following the traditional path is often the most comfortable, however led by English winemaker Tim Manning, he has shown that with a bit of determination doing things differently can also be wonderful (although doesn't make you popular with the local Consorzio). Having cut his vinous teeth with vintages in Oregon, he approaches Sangiovese in much the same way as Pinot Noir; exploring what Tim sees as its untapped potential, he ferments in concrete and bottles his wines in Burgundy shaped bottles to aid development. Doing all this has resulted in the wines being de-classified IGT status, but when rule breaking tastes this pure and full of life we can understand why it's of little consequence. A torrent of accolades followed, more than validating his approach. With only a third of the 30ha estate under vine producing less than 10,000 bottles a year Il Borghetto are a small but a bright thread in Chianti's tapestry.

MARCHE

Zaccagnini

On the opposite coast to Tuscany lies the less well known, but no less beautiful, region of Marche. This is where you will find the family run Zaccagnini winery, established by two brothers. Playing to their strengths, they have focused on the local grape Verdicchio, and the results are spectacular. Their range of Verdicchios are as distinctive and individual as you could wish for, with each wine having its own personality and textural signature. All are benchmark examples of this lesser known region on the East coast.

ABRUZZO

Feudo Antico

NEW ZEALAND

There are many characters in New Zealand winemaking and one of the largest has to be Duncan Forsyth of **Mount Edward**. Madman or genius, planting vines in the cold of Otago takes some nerve. These vineyards are on the edge of what is possible, the climate is so marginal. With a biodynamic approach and the reassuring chaos of a smallholding full of pigs and chickens Duncan produces wines, especially the exquisite Riesling, that just sing and win praise worldwide proving that we should all take some time to be little bit different.

Feudo Antico was created on a small plot of land in the heart of Abruzzo. It is in Italy's smallest DOP and the first designation of its kind in Abruzzo. Starting from the 2013 vintage, all wines are Magis certified, the most advanced project for the sustainability of wine production in Italy. Currently their 15 hectares are cultivated using native varieties producing limited yields to ensure quality is retained. Clearly they highly value the land they work and this attitude is continued in the winery where the fruit and wine come into contact with no wood whatsoever, only concrete and glass. This guarantees the purity of the fruit, and its flavours, are conveyed from the vineyard direct to the glass.

CAMPANIA

La Guardiense

The farming co-operative, La Guardiense, was founded over 60 years ago by 33 farsighted, collaborative farmers. Today membership has grown to nearly 1,000, but still only managing a total of about 1,500 hectares meaning that all the fruit comes from a large selection of very small family owned vineyards. The land is full of undulating hills and expansive plains, each helping create a patchwork of micro-climates protecting the vines from the greatest excesses of the local heat and cold and ensuring the resulting wines are of the highest quality.

PUGLIA

Tenute Rubino

Tommaso Rubino, a firm believer in Salento's potential, acquired in the 1980's four separate estates to demonstrate the diversity of the region. Jaddico, Marmorelle, Uggio and Punta Aquila stretch from the Adriatic coast to the hinterland of Brindisi. His goal was to show Salento wine at it's very best and through the diverse range that his family now offer, made from local varieties like the fascinating Susamaniello and more well known ones such as Primitivo, they are well on their way.

Produttori di Manduria

In the heel of Italy, Manduria is considered the birth place of the native Primitivo grape, and was officially recognised as such in the 1970s when a DOC was created for the region. However Produttori di Manduria had been making wines for 40 years by then, unashamedly proud of their deep affection for Primitivo. As well as making high quality examples of Puglia's most famous vinous export, this leading producer is well versed in producing fascinating whites from Fiano and Verdeca. But it is with the poetically titled Elegia that the extraordinary levels of quality come to light. Made from old bush vines up to 50 years old it creates a wine of intense dark berry fruit with wonderful balsamic end notes and excellent balance.

Apollonio

The wines of Puglia have never received as much interest as they do now. Tasting Apollonio's wines shows that attention is now justified. Great care is taken to produce wines of uniquely southern Italian character from local varietals. Ageing typically takes place in barrel and then bottle for extended periods before release. Powerful and complex, the wines have flavours of ripe, dark fruits and leather, attractive weight, richness and balanced tannin. They brilliantly represent the terroir and climate of Puglia, beautifully elegant in their structure and style.

Sicily

🍷 Tenute Bosco

Sofia Ponzini started Tenute Bosco in 2010 in an attempt to breathe life back into two small vineyards on the slopes of Mount Etna. Some of the vines are over 120 years old, and pre-phylloxera, on land recovered 300 years ago from the cooled lava flow following Etna's last major eruption. There is more living history in the sight of the traditional 'alberello' method of propagation in the vineyards that leaves the vines free standing and backed by dry stone walls. Sofia is intent on reviving the traditions of this land, and the indigenous Nerello Mascalese, Nerello Cappuccio and Carricante which they clearly love. Creating wines that definitely have a sense of place, of the present and the past.

Palazzo del Mare

Sicily's geography and climate are perfectly suited for the production of healthy, ripe grapes and quality wines. Palazzo del Mare's vineyard sites are situated at an altitude of 200-300m, ensuring cooler night time temperatures which preserve crucial acidity in the grapes. Yields are naturally limited by the winds and the wines tend to be harvested earlier than many of their neighbours and consequently are bright and fresh. The Catarratto particularly displays that signature crisp, citrus laced fruit filled style while the Nero d'Avola delivers ample ripe, plummy fruit.

🍷 Baglio Gibellina

Baglio Gibellina is situated in picturesque Sicily where its vineyards are surrounded by the hills of Salemi and Santa Ninfa. Old vineyards located between 300-600m above sea level are grown on a mixture of clay and volcanic soils with limited yields allowing for the production of outstanding wines with incredible food matching potential.

ZEPHYR

PORTUGAL

Quintas do Homem is one of those estates that immediately captivates you with its charm, its passion and dynamism. Nuno and his father, Antonio, work the vines of their two vineyards, Quinta do Veiga and Quinta do Paço, where they grow predominately Loureiro and Arinto. Ana, their long term winemaker, is a fierce taskmaster, demanding quality fruit that enables her to deliver the pure, fine and elegant Vinho Verdes that Nuno expects. It's very much a family exercise with Nuno and his father working the vineyards, Nuno's mother preparing delicious, traditional Portuguese dishes for visitors and Ana, an adopted family member, making sure the wines are always perfect.

Fabrizio Vella

Fabrizio Vella is a passionate winemaker living and working in Sicily. Proud of the island that he calls home he wanted to create a wine range that was personal to him, that reflected where he was from. Working with indigenous varieties of Cattaratto and Nero d'Avola he conjured four wines using an organic approach and careful winemaking to create wines that are fresh, exciting, moreish and true to their origin. A Sicilian wine through and through.

Rallo Azienda Agricola

On the west side of Sicily close to Marsala, is where Rallo Azienda Agricola calls home. Working organically, the Vesco family focus on creating fragrant crisp Cattaratto and perfumed fresh Nero d'Avola from their hillside vineyards. These vineyards are certified organic and are nestled high up in the hills south of Alcamo to take advantage of the slightly cooler temperatures and greater diurnal differences. The vines look down on the town of Marsala where, when the grapes have been harvested, they are taken. Here Andrea Vesco treats them with respect, utilising modern technology to ensure the freshness is retained for the final wines and creating elegant examples of the varieties that are anything but what you would expect from such a hot land.

SARDINIA

Mora & Memo

The beautiful estate of Mora & Memo sits high in the hills in the south east of Sardinia just a few kilometres from the sea. Focused on the indigenous varieties of Cannonau and Vermentino, the combination of old vineyards with minimal intervention and a delicate touch to the winemaking results in elegant, vibrant and mineral wines. Taking the reins from her father running this small scale winery, Elisabetta focuses on producing wine representative of the island terroir, executed in a modern way.

LEBANON

Château Ka, Bekaa Valley

Château Ka is an extraordinary story of determination and resolve. Akram Kassatly built his winery in the Bekaa Valley in 1973. Shortly after the first wines were made, Lebanon was engulfed by war. The winery was forced to close and Akram moved into other businesses. Finally in 2005 he announced that he was going to try again. Today, Château Ka is the only winery in Lebanon to produce wine entirely from their own vineyards. Akram creates both rich, concentrated reds and beautifully fresh, fruity, crisp white wines that are some of the finest in the country.

🍷 Zephyr

Ben Glover, of Wither Hills fame, is now focusing on matters closer to home and has taken charge of his family winery, Zephyr. Referring to himself humbly as the janitor, Ben creates wines from their own vineyards in the renowned Marlborough sub-region of Dillon's Point. The whites especially deserve to be compared with other world class whites rather than merely the best of Marlborough. No more so than with the MKIII Sauvignon Blanc, that is a star in any line up. Taken from the Rabbit Island block that, thanks to its East/West planting, has the best of both worlds of aromatics and lush tropical notes in its grapes. Once pressed, the wine is aged in oak barrels to produce a complex, waxy Graves lookalike, albeit at a rather affordable price point.

VINHO VERDE

Quintas do Homem

Quintas do Homem is one of those estates that immediately captivates you with its charm, its passion and dynamism. Nuno and his father, Antonio, work the vines of their two vineyards, Quinta do Veiga and Quinta do Paço, where they grow predominately Loureiro and Arinto. Ana, their long term winemaker, is a fierce taskmaster, demanding quality fruit that enables her to deliver the pure, fine and elegant Vinho Verdes that Nuno expects. It's very much a family exercise with Nuno and his father working the vineyards, Nuno's mother preparing delicious, traditional Portuguese dishes for visitors and Ana, an adopted family member, making sure the wines are always perfect.

DOURO

Lavradores de Feitoria

Lavradores translates as 'farmers' in Portuguese. Cheda wines are made by 15 families of farmers that have been making wines in the Douro for decades. Together they own 19 Quintas throughout the three sub-regions of the Douro Valley. They came together to share resources, expertise, tradition and innovation. To make wines that reflect the great diversity of terrain in the Douro under one roof, with one approach and one winemaking team, Paulo Ruão and Olga Martins are the incredibly talented winemakers behind Lavradores de Feitoria. Their Cheda range offers fantastic value from the heart of the Douro Valley – bright, youthful, approachable styles of wine that fit comfortably onto any shelf or wine list.

Quinta da Costa do Pinhão

Miguel Mendes is the owner and winemaker behind the organically farmed Quinta da Costa do Pinhão. Miguel allows his 40 year old vines to grow naturally on their rich slate soils and at a height of up to 450m altitude they give him a bird's eye view over the Douro, soaring high above the heat of the valley floor. This allows the wines to have pure flavours and minerality at their core. There is little influence from the winery, where historic slate lagars are used to naturally ferment the grapes resulting in terroir driven, fresh, balanced and fruity wines. Far removed from the traditional styles of the Douro.

DAO

Carlos Lucas Vinhos

Carlos Lucas is the man behind the wine, first and foremost a farmer, but now a very talented winemaker with over 25 years of experience across Portugal. He started the estate 15 years ago on an ancient property once owned by the local priest. A stream encircles this quaint vineyard providing protection from the vast neighbouring pine, eucalyptus and oak forest. It surrounds the poor granite soils, perfect for viticulture, and has given it the name "Quinta do Ribeiro Santo" which means "Holy River Estate".

Quinta da Mariposa

Quinta da Mariposa is a 'distinctly Dão' producer, making wines that are characteristic of the region from only native varieties; including Encruzado, Jaen and Tinta Roriz. After working with some of the best wineries of the Dão region, oenologist Lúcia Freitas returned to her family estate in Terras de Senhorim to establish Quinta da Mariposa – a project that harmonizes her respect for tradition and her dream of making wines of extraordinary character from the region she knows so well. Together with her husband Filipe, plans are currently underway to convert the town's local nightclub into a winery, serendipitously this is where the couple danced together when they were young.

TEJO

Ai Galera

Long overlooked by the wine cognoscenti, the burgeoning interest in Portuguese wine is finally resulting in more awareness of the potential of this proud country. The previously undervalued Tejo region, lying to the south of Lisbon, is capable of producing wines of enormous value and character – something that is captured by Ai Galera. Inspired by the long, and sometimes extremely colourful history of the region – most notably the life of literati Marchioness Leonor of Távora, Ai Galera's arresting imagery and even more arresting wine quality demands and hollers for your attention. Incredible value, intriguing indigenous varieties and supreme drinkability all add up to wines that thrill.

Quinta da Alorna

Quinta da Alorna has a long and illustrious history stretching back to the 18th century and has links to our very own Iberian Buyer, Paul. Allegedly, his ancestor was rescued by the then winemakers from execution and spirited away, so that many years later Paul could repay the favour and add them to our portfolio. Sitting majestically in the Tejo region, Quinta da Alorna has a wide array of vineyards which are worked in a sustainable and socially responsible way, looking after both the land and the workers. Portugal's trump card is its wide array of toothsome indigenous varieties and they are put to good work here. Aromatic Fernão Pires, tight, minerally Arinto and the Portuguese iteration of Tempranillo, Tinto Roriz, are amongst the bevy of blindingly tasty components that they have to work with and the result is an accomplished range of distinctly Portuguese wines.

SPAIN

Modest, passionate and in no small part obsessive, **Abel Mendoza** and Maite Fernández have been making understated wines from their old vine vineyards, high up in the Cantabrian mountains near San Vicente since the late 80s. His intimate knowledge of the diverse terroirs in this spectacular part of Rioja is enthralling, and every barrel tasted reveals startling provenance and true character of the vintage. Abel doesn't make wines that flatter, they don't speak of oak regimes, but rather of the quality of his fruit, expressed in its most honest form.

ROMANIA

Cramele Recas, Viile Timisului

The Cramele Recas Estate, owned by Englishman, Philip Cox and his Romanian wife Elvira, have put in a huge amount of work into transforming their slice of grape growing history into a contemporary winemaking haven. With recent investments into modernising and improving their winery, they regularly host world class flying winemakers, vintage to vintage, to work with their team. This enables them to create top quality wines and constantly challenge themselves push innovations and approach winemaking with an open mind.

SLOVENIA

Guerila, Vipava Valley

Zmago Petrič's family's winery is located in Vipavska Dolina and from the very beginning, they have worked organically and biodynamically, devoting their energies to local grape varieties and respecting the natural environment around them. Concentrating on the varieties of Zelen and Pinela which are only grown in this region and nowhere else on the planet, they have built a genuinely unique proposition. Everything is hand-picked, naturally fermented and then bottled unfiltered with just a minimal sulphur addition, creating wines that are delicate, mineral and full of freshness.

Winemaker Trizanne Barnard has years of international winemaking experience. Her passion lies in the Western Cape, making wines sourced from the most extreme vineyards and blending them to perfection. Trizanne seeks out grapes from wind-ravaged vineyards in Elim, the old expanses of the Overberg Highlands, from dryland bush vines in the warm Swartland and from the high slopes of the Piekernierskloof. They then all come together under Trizanne's watchful eye to create wines full of flavour, tannin and texture.

STELLENBOSCH

Raats Family Wines

Bruwer Raats is a gentle giant of a man and his reputation is starting to match his stature. His mastery of Chenin Blanc and Cabernet Franc is bringing him praise from around the world as "the most exciting and forward thinking winemaker" in Stellenbosch. He talks of quality by design rather than by default - the current obsession with old vines in South Africa may be admirable but Bruwer believes that better results can be obtained from the right variety planted in the right place. Planting and cultivating the right vines using this considered approach, often using high density planting, is beginning to yield the results that suggest he is on the right track. As an endorsement of his ascendancy, Raats was named as Platter's South African Winery of the Year 2019 with no less than eight 5 star wines!

Casa del Arco

One of the charms of Spain is the relaxed lifestyle and especially time spent with friends and family sharing meals. Whether around the kitchen table, in a restaurant or even on the beach what drives these moments is great quality raw material like ripe tomatoes from the "huerta", bomba rice from the Ebro delta, delicious Jamon or maybe just the freshest fish and of course all accompanied by a glass of vino. There is no need for complexity or pretension and there is nothing more Spanish than a plate of gambas washed down with a glass of white wine or a bowl of Chorizo con patatas with a warming fruity red. At its simplest Spanish wine made from Spanish grape varieties is the chips to your fish, the Fred to your Ginger, the bucket for your spade, the cream for your strawberries or whatever pairing you care to imagine - a glass of Tinto or Blanco is the partner for any meal. This is just what Casa del Arco is. Simple, uncomplicated, unpretentious fruity red and white wine made from traditional Spanish grape varieties harvested in the sun and transformed into a quenching beverage in the age old traditions of rural Spanish wine making. Life is too sure for pontification - just sit down, unwrap a glass and enjoy!

GALICIA

📍 Adegas Ponte da Boga, DO Ribeira Sacra

Nestled deep in Galicia, in the region of Ribeira Sacra on the banks of the River Sil, the Ponte da Boga winery is set on acutely steep terraced slopes. At harvest time, seasonal workers descend as if on a pilgrimage to help pick the fruit from the steep and narrow terraces. Delicate hands and nimble feet ensure the grapes are passed up the slopes to the winery to begin the next stage of their journey. From vines, often in excess of 100 years old, are fresh elegant expressions of Albarino, Godello, Mencia and rare Merenzao. Cooled by the Atlantic winds and basking in Spanish sunlight these precariously placed vines produce wines of authenticity and heritage.

🍷 Pazo de Señorans, DO Rias Baixas

It's hard to believe Pazo de Señorans have been making wine for a mere 30-odd years given that they are now considered one of the finest producers in Spain. Anna, the winemaker, is fastidious in her approach, which could not be more pared back or simple. Having worked with the same growers over many years, there are no secrets to the success, it is all about the quality of the fruit. Ensuring that pristine grapes are achieved is key in this warm, humid climate. Such is the pervasive nature of the humid, briny air that the raised pergolas for training the grapes to ensure air movement are hewn from solid granite! Pressing is followed by a natural fermentation in stainless steel which helps to retain the exuberant fruit character, while the following ageing on lees helps develop texture and spice on the resulting wines.

CASTILLA Y LEON

Bodega Don Juan del Aguila, DOP Cebreros

A project between sisters, Ruth & Ana de Andres, Garganata del Aguila is produced from selected parcels of high altitude Garnacha, grown on the distinctive decomposed granite soils of the Gredos Mountains (west of Madrid). Vines scratch out an existence in these once abandoned vineyards, up at 1,007 metres close to the walled town of Avila, dotted amongst huge granite outcrops, with roots sunk deep into the sand-like soils. With a long standing fascination for the wines from this region, it was just a matter of finding the right vineyards and the right people. After speaking to various contacts Ruth & Ana came across a small winery, with 8 partners (the youngest of whom was 70 years old!), who had access to incredible old plots of bush vine Garnacha on these very particular soils. All of the plots are smaller than 1 hectare; yields are super low, and currently they hand-harvest from across 90 different sites in order to produce this wine. The idea was to produce a youthful wine from these old vines; with a focus on purity and an unencumbered expression of the variety and terroir.

🍷 Bodegas y Viñedos Merayo, DO Bierzo

There is rather lovely balance of old and young at Merayo. 80 year old Mencia bush vines give their fruit to the young, dynamic winemaker Juan Merayo who then crafts wonderful wines full of fresh, perfumed characters and ripe red fruit evocative of Mencia. Everything is handpicked with the appropriate reverence for these octogenarian vines before the grapes receive careful temperature controlled ferments and sensitive use of French and American oak to ensure Juan creates the expressive wines he is looking for.

Cantalapiedra Viticultores , La Seca

You may call young winemaker, Manuel Cantalapiedra, a rebel or even a freedom fighter but most importantly he is a farmer with a clear vision for the style of Verdejo he wants to make in Castilla y León. He shares a passion for this grape with his father, who he named the winery after, and with his neighbours, but this is where the common interest ends and the rebellion begins. Harvesting later, organically and from single vineyard plots, his wines demonstrate power and finesse in equal measure. His heart and his vineyards lie in the centre of DO Rueda, yet his wines are miles ahead of the appellation.

Emilio Moro, DO Ribera del Duero

"Wine is an art. If you know how to listen, it speaks to you, it lets you know when it needs racking and rest. It's just like a living creature that we have to understand, tend to and care for." So said Emilio Moro, founder of the estate. Three generations later this belief is still upheld by José and Javier Moro. Based in the world famous village of Pesquera de Duero in the heart of Ribera del Duero the brothers believe that their wine has a life of its own and with each vintage a part of them is immortalized in it. "It evokes the land where it comes from". Eschewing traditional notions of classification like crianza and reserva, the family were eager to create wines with personality and individuality. Expressions true to their vineyards and their family's heritage. Creating reds from their cherished Tinto Fino, a prized clone of Tempranillo, and more recently crafting Godello wines from Bierzo - vibrant whites that are as exciting and lively as their labels suggest.

Bodegas Luis Cañas, Rioja Alavesa

In 1970 Luis Cañas changed two hundred years of tradition and became the first winemaker in Rioja Alavesa to bottle his young wine rather than sell it as bulk. This bold move, and his continued pioneering spirit, has cemented the winery's enviable reputation as one of the most progressive in the region. Sheltered below the watchful Sierra Cantabria, the vineyards are all old, small plots on chalky-clay soils with a dedicated team of vineyard workers carrying out organic practices and a purpose built, fully equipped accommodation block was built for the entire vineyard team in 2006. His son, Juan Luis Cañas is now the powerhouse behind this highly accomplished winery, but everywhere you go there is a feeling of family, and especially of the lasting legacy that Luis Cañas will leave for both his son and the Alavesa.

Bodegas Manzanos

On the border between Rioja and Navarra, Victor Manzanos carries on the work of the four generations before him. Adding in significant amounts of ambition and energy, he is at the forefront of the new Rioja - championing a modern interpretation of its varieties through his wines. As a grower, Victor is keen to prove that Rioja Baja has its own distinct character and should not be judged as inferior to Rioja Alta or Alavesa - just different. With over 250ha of owned vineyards at his disposal, including what he claims to be the oldest Graciano vines in the world, Victor and the team at Manzanos are fortunately placed to put both the sub-region and the name Manzanos firmly on the map of the most important producers in Rioja.

Abel Mendoza

Modest, passionate and in no small part obsessive, Abel Mendoza and Maite Fernández have been making understated wines from their old vine vineyards, high up in the Cantabrian mountains near San Vicente since the late 80s. His intimate knowledge of the diverse terroirs in this spectacular part of Rioja is enthralling, and every barrel tasted reveals startling provenance and true character of the vintage. Abel doesn't make wines that flatter, they don't speak of oak regimes, but rather of the quality of his fruit, expressed in its most honest form.

In the wild, rugged landscape of Calatayud, where old gnarly bush vines and poor mineral soils yield raw and assertive Garnacha, it would seem futile to follow the norm, or even the rules! CATALUNYA

Bodegas Sumarroca, DO Cava

It's unusual to boast an estate of this scale in Penedes, where many Cava producers buy in much of their fruit or base wine, yet it was always Carlos Sumarroca and his wife Nuria's vision to control every aspect of their production, and whilst doing so, to nurture the biodiversity across their three impressive estates, in the heart of Cava country. Across their 465 hectares, 190 hectares are planted with vines, all organically cultivated and focusing on the use of indigenous varieties. Every aspect of production is controlled, with a focus on biodiversity, preserving the environment and utmost respect for the land. The winery itself is built into the hillside so that all movement of the wine is by gravity; with only free run juice being used for the production of their high quality Brut, Reserva and Gran Reserva Cavas.

Perelada

This family-owned Estate was built upon a winemaking tradition that stretches back to the Middle Ages, they produce wines in DO Empordà, which through their hard work and skill they helped create in the 1960s. Their vineyards are rooted on diverse soils from slate to sand, fluvial sediment to gravel, that all run down between the mighty Pyrenees and the sparkling blue of the Med. This setting has helped create a quest for quality that has gone beyond winemaking, encompassing all things cultural, celebrating art and history in all aspects of life. Easy to believe in a region that was home to the godfather of surrealism, Salvador Dali.

Vinicola del Priorat, DOQ Priorat

Vinicola del Priorat is the only cooperative in Priorat, founded by 140 farmer-producers based in the four beautiful villages of El Lloar, La Vilella Baixa, La Vilella Alta and Gratallop. They work over 300 small plots of land on very steep slate slopes that can exceed 30% gradient. Some plots are over 100 years old, producing a very low yield per vine of only about a 1kg of grapes. Mas dels Frares offers fantastic value for money.

Cal Batllet - Marc Ripoll, DOQ Priorat

Marc Ripoll returned to his family vineyards to change their fortunes. The family had been reduced to selling their harvests to the local co-operative, but he set about renovating the dilapidated winery and now Cal Batllet is regarded as one of the leading estates from their village of Gratallops. Marc is part of the new generation of winemakers in Priorat who are reclaiming the region for their own. Focusing on a style that puts the local terroir as its heart and looking to create wines of elegance and refinement, light years away from what made Priorat the darling of the American critics. An organic approach in the vineyard and use of wild yeast and barrel fermentation all come together to create wines expressive of the individual sites they come from. The 90 year old bush vines planted in steep hillsides on slate soil all create personalities of their own, none more so than the nearly extinct Escanyavella grape which produces a wine full of sublime texture and fruit.

Alemany I Corrió, DO Penedès

In the little town of Vilafranca del Penedes in Catalunya, Irene and Laurent are challenging the traditional perception of DO Penedes wine. They have committed themselves to an organic approach. Converting their vineyards, abandoning all forms of chemical treatment and fertilisers and shunning the typical Penedes high yields. In their modest cellar, which was in part homemade production remains small yet as they identify further small vineyard sites their range has extended to include distinctive wines of richness and complexity using naturally fermented Xarel·lo.

MONTSANT

Celler de Capçanes

In a little village nestled in the dramatic rugged hills of the Catalan countryside is Celler de Capçanes. It was into this wild landscape that Jürgen Wagner walked, in the mid-1990s and never left. Entranced by what he found and the potential at the co-operative, he had no option but to stay. Over the last 25 years he has breathed energy into this venerable operation, instilling pride in the natural wealth that is their vineyards. The potential of the diverse terroirs in these vineyards is captured and expressed so clearly in the delicious Garnachas and blends that Anna Rovira, the winemaker, and Jürgen together conjure up. As an example of how excitement, focus and dynamism can be bred into a co-operative born in the early 20th Century, Capçanes shines.

USA

Raised on a farm on the east coast of the United States, **Paul Hobbs** grew up in a tee-total household but this did not stop his first taste of wine being Chateau Y'quem. It is tempting to say 'and the rest is history' and leave it at that, but there is so much more to this man. Paul came to winemaking via studying to be a doctor and this scientific background and attention to detail has helped hone his approach to crafting wonderfully precise, complex wines in California, and around the world. He has famously been called the 'Steve Jobs' of wine by Forbes magazine and it is clear he is a driven perfectionist whose hard work has paid off with numerous 100 points scores from the critics. However, to stop there would do Paul an injustice. Notwithstanding his mainstream winemaking training at USC Davis, Paul has been a long advocate of low intervention methods. Since the late 1980's, long before it was popular, Paul was using wild yeast to ferment and organic vineyard management techniques to get the best from his vines and protect the land. Like his wines, he is a complicated, multi-layered man and across all his ranges there is an elegance and lightness of touch that makes you realise there is a truly talented winemaker at work here.

SIERRA DE GREDOS

Bodegas Bernabeleva, DO Vinos de Madrid

In the centre of Spain, a stone's throw west of Madrid, is Bodegas Bernabeleva. At the feet of the Cerro de Guisando and Gredos mountains this winery lets its vines stretch out their roots through the thin infertile sandy soils, formed from decomposed granite, to cling on to life. Four generations have tended these old hardy vines that have repaid the care and attention with quality fruit hand harvested from the organically managed vineyards. Plots of Garnacha, Albillo and Moscatel de Grano Menudo are vinified separately, neither fined nor filtered to ensure that both the land and love shown shine through.

Manuel, Esperanza and Amparo Álvarez-Arenas, have lead the pursuit of terroir-expressive wines since 2002. They have also reinforced social and agricultural sustainability in this area. MANCHUELA

Bodegas Gratias, Manchuela

When Ana and Iván got together for a party with some oenologist friends in 2007, they decided to make some wine and put it in a barrel. The results of this first vintage were astonishing and so Bodegas Gratias was born. After the success of the first vintage, they realised they had a chance to make a difference. In a region with a declining wine industry, Ana and Iván are on a mission to protect old vineyards of Bobal and other local varieties, championing the vinous heritage of the area. They champion Manchuela as a region capable of producing exciting and relevant wines that draw on the best of tradition and indigenous varieties, yet with a spin that is undeniably looking to the future. These wines are artisanal and as natural as they come, being organically grown, fermented with natural occurring yeasts and minute sulphur additions, if any.

Bodegas Altolandon, DO Manchuela

As the lands starts to rise, inland northwest of Valencia, you will find Roselia Molina heading up Bodegas Altolandon. The property consists of 120 hectares with the winery resting right in the centre, not only making it aesthetically satisfying but also extremely practical. At 1,100 metres above sea level, the altitude serves to benefit the grapes with large diurnal variations which encourage even ripening and also helping retain their natural acidity. Organic methods are used to manage the vines utilising only natural fertilisers and some green pruning to further guarantee the quality of fruit prior to hand-harvesting. The grapes are vinified as naturally as possible with native yeasts and little other intervention. The wines are then aged in French oak and some in clay amphora to retain purity, but build complexity.

DO JUMILLA

The Mimic

Unabashed in its ability to match the bold, rich flavours of its Antipodean counterparts, Mimic Shiraz is a southern Spanish take on an old favourite. Displaying a plethora of ripe, dark fruits, hints of mocha, vanilla and spice, this Aussie bashing red, mimics the strident style that has found such favour in the southern hemisphere.

Viña Elena

Widely considered to be one of the best wineries in Jumilla, Viña Elena is very much a family affair with Elena Pacheco at the helm supported ably by her mother, sisters and children. Viña Elena sits directly inland from the Costa Blanca and that venerable holiday destination, Benidorm. Safe to say, it is hot in this south east corner of Spain and Elena is fascinated by Monastrell and how she can create ever more elegant and delicate incarnations of it, despite the intensity of the sun. From their 17 hectares of organically cultivated vines set within the semi-arid, hilly landscape, Elena experiments with the differing soil types to see how Monastrell will react and how she can express the personality of the grape. The differing terroir, organic practices and the lack of oak influence all goes to create fascinating wines of greater elegance, fruit and delicacy than the heat of this sun worshippers' land would have you expect.

DO VALENCIA

La Comarcal

A collaboration of two friends, Javi Revert and Victor Marqués, who first worked together at Celler del Roure. Their three wines come from terroir specific vineyards to express the very best of the varieties they work with. Delmoro is predominantly Garnacha with some Bobal and Syrah in the blend, fermented separately, and aged in stainless steel and oak. All coming from a four hectare single vineyard. Carmen is 100% Bobal from a two hectare single vineyard and aged for 12 months in a single concrete egg and produced entirely biodynamically, whilst Lafont is a fascinating Malvasia, fermented and aged in concrete, with a small proportion in barrel.

Celler del Roure

Celler del Roure have become the pioneer of quality wine in Valencia. Owner Pablo Calatayud is committed to nurturing and championing the indigenous varieties of the region, most notably the Mando and Verdil grapes, both of which have been on the edge of extinction. Pablo has realised that they are worth saving and, treated properly, can create wines of wonderful quality, freshness and concentration. Paying meticulous care in the vineyard and winery reduces the need for sulphur additions meaning his wines are verging on "natural". Whilst in the cellar he makes use of Spanish amphorae called tinajas to ferment some of his wines to preserve their characteristic freshness and elegance creating pure and delicious wines with distinct flavours.

Located in the deep south of Spain, on the Atlantic coast close to Portugal, this is the perfect site to grow this local variety organically. Their goal is to make complex wines, where this single grape variety is expressed in different ways according to site and soil.

Bodegas Ximénez-Spínola

There are not many wineries that have built their success by focusing on just one grape variety, let alone one that has been permanently out of fashion, but that is precisely what Bodegas Ximénez-Spínola have done since 1729. Working solely with Pedro Ximénez, they produce a selection of fascinating dry wine, dessert wine and sherry. However, there are not many wineries with such immense history and deep knowledge of Pedro Ximénez either, making them true masters of the grape and producer of some truly exceptional wines.

1. PLACING YOUR ORDER

1.1 Making & accepting orders: You can place orders for wine by telephone, email, fax, via our website or directly with our sales representatives. Your order is deemed to be an offer by you to enter into a legally binding contract with us. We are free to accept or decline your offer at our absolute discretion. These Terms of Sale shall form a binding contract between you and us only when we either issue you with express written or verbal acceptance of your order or we deliver the wine (or make the wine available for collection, where applicable), whichever is the earlier, at which point a contract shall come into existence between you and us (our receipt of payment does not constitute our acceptance). Contracts can be concluded in the English language only.

1.2 Minimum order quantity: Unless otherwise expressly agreed by us, we will not accept orders for less than 3 cases containing 9 litres equivalent of wine in each case. Where we accept orders for less than this quantity, a delivery surcharge is payable by you, as detailed in clause 2.2, or b) the value of the order exceeds £250 ex Vat.

1.3 Availability of wine: All of the wine we offer is subject to availability from our suppliers. We will try to contact you promptly if we are unable to supply the wine that you have ordered and we will give you the option of either varying or cancelling your order.

1.4 Age restriction: It is illegal for us to sell wine to anyone who is, or appears to be under the age of 18 years. By placing an order, you confirm that you are at least 18 years of age; we reserve the right to cancel the contract between you and us if we or our couriers are unsure of whether you are at least 18 years old.

1.5 Cancellation: If you are a consumer, you can cancel your order for any reason up to 7 working days from the date of delivery of the wine, provided that all of the bottles are unopened and intact. We will refund the full price you have paid to us for that order within 30 days from the date of cancellation. Any wine delivered must be made available for our collection and we reserve the right to charge the cost to us of recovering the wine. If you are not a consumer, we might, at our sole discretion, still permit you to cancel your order if we decide that this will not adversely affect us; please contact us promptly if you wish to cancel.

2. PRICES AND PAYMENT

2.1 Our prices: The price payable by you for our wine will be, unless otherwise agreed in writing, the price set out in our price list published at the time the wine is ordered. We may alter our prices at any time prior to delivery to account for factors such as VAT, excise duty, market and currency fluctuations and in such cases we shall endeavour to contact you promptly and give you the option of either paying the revised price or cancelling your order. Our prices are quoted exclusive of Value Added Tax and VAT will be charged where applicable at the prevailing rate (For sale transaction under bond where zero vat rate applies, please contact us).

2.2 Other charges: Duty and the cost of delivery to either mainland Great Britain or mainland Northern Ireland are included in the prices we quote, unless otherwise stated. If we accept an order from you for less than 3 cases of wine to be delivered to an address in mainland Great Britain or mainland Northern Ireland, an additional delivery surcharge will be imposed. If you require delivery to a destination which is not in mainland Great Britain or mainland Northern Ireland, please contact our customer service department.

2.3 Currency: You must make payment to us in the same currency as the price quoted by us at the time you place your order. We reserve the right to make any refunds in the currency you used to make payment to us.

2.4 Making payment: Unless otherwise agreed by us in writing, payment for all wine must be made in advance in cleared funds (without any deduction by way of set-off or counterclaim). We accept payment by all major credit cards except American Express. We also accept payment by cheque payable to "Alliance Wine Company Limited", by Direct Debit or by bank transfer (our bank details are available on request).

2.5 Late payment: Where we agree that payment may be made in arrears but you fail to make the payment due to us in full by the due date for payment, we reserve the right to charge interest to you on the overdue amount at the rate of 8% above the base lending rate of the Bank of England from time to time. This interest shall accrue on a daily basis from the due date until the date of actual payment of the overdue amount, whether before or after judgment. You must pay us interest together with the overdue amount. Without limiting any other remedies or rights that we may have, if you do not pay us on time, we may cancel or suspend any outstanding order until you have paid all outstanding amounts.

We reserve the right to withdraw any credit facility provided and all monies will become due and payable with immediate effect.

2.6 Transfer of ownership: Ownership of the Goods shall not be passed to the customer until the "Company" has not received in full (in cash or cleared funds) all sums due to it in respect of;

2.6.1: The Goods and

2.6.2: All sums which are or which become due to the "Company" from the customer on any account

2.6.3: Until ownership of the Goods has passed to the customer, the customer must:

a) hold the Goods in a fiduciary basis as the "Company's" Bailee;
b) store the Goods (at no cost to us) separately from all other Goods of the customer or any third party in such way that they remain readily identifiable as the property of the "Company"

You may however resell the wine in the ordinary course of your business after we have delivered it to you (but you must not deal with the wine in any other way, nor may you permit any lien, charge or encumbrance to be created over the wine, until, in any such case, payment has been made to us subject to the above clauses). If you fail to make payment to us in full within 30 days of the due date for payment or if the contract between you and us is cancelled or otherwise terminated for any reason prior to payment being made to us, you agree that, without limiting any other remedies or rights that we may have, we (and our agents) shall be entitled to enter any premises where you store wine to ascertain whether any of the wine we own is stored there and to inspect, count and recover that wine.

2.7 Return of Goods: Return of goods is solely at company discretion and must be agreed prior to return. Any transportation cost for returned goods will be your responsibility unless otherwise agreed.

3. DELIVERY

3.1 Date for delivery: We will try to deliver the wine you have ordered promptly (or otherwise as agreed by our customer service department at the time you place your order); however, any delivery dates we provide are estimates only. If we cannot supply the wine you have ordered (where applicable, by making it available in accordance with any Incoterms we have used, as explained in clause 3.3) within 30 days of receiving your order (or by any alternative date we have agreed with you), we will contact you as soon as possible to give you the option of either accepting a later delivery date or cancelling your order. If we are not reasonably able to ascertain your preference, your order will be treated as cancelled.

3.2 Delivery location & risk: Unless otherwise stated by us, deliveries will only be made to addresses in mainland Great Britain or mainland Northern Ireland and all risks to the wine will be your responsibility from the time of delivery. This does not apply where we incorporate Incoterms, as explained below.

3.3 Our use of Incoterms: Where stated in our price list (or in contract terms agreed by us), our wine will be supplied;

Deliverer duty paid (also referred to by us as DDP)

Deliverer under bond (also referred to by us as DAP)

These expressions shall have the meaning given to them in the International Chamber of Commerce's 'International Commercial Terms' (Incoterms) and, where these expressions are used by us, the applicable responsibilities set out in the most recent version of Incoterms in effect when ordering shall apply in addition to the provisions in these Terms of Sale (and in the event of any conflict, the provisions of Incoterms shall prevail). More information regarding Incoterms is available at <http://www.iccwbo.org/incoterms>.

Failure to accept delivery: We may use an independent courier of our choice. If you fail to accept delivery of the wine you have ordered within 3 days of your first attempt to deliver the wine to the specified address, we may charge you for any consequential storage costs reasonably incurred by us (unless your failure is caused by events beyond your reasonable control) and we shall not be liable for late delivery.

If, however, you reject wine which is not defective or incorrect (and you are not otherwise entitled to cancel your order), we reserve the right to charge you the direct cost to us of collecting, testing, storing and redelivering the rejected wine.

4.4 Errors made by us: We try to ensure that our descriptions and prices are accurate. If, prior to delivery to you, we discover an error in relation to the wine you have ordered, we will contact you as soon as possible to give you the option of either confirming your order subject to correction of the error or cancelling your order (and receiving a full refund of any prepayments you have made). If we are not reasonably able to ascertain your preference, your order will be treated as cancelled.

4.5 Correcting your mistakes: If you want to correct any mistakes you made in your order, you must inform us by telephone or by email prior to both your order being accepted and the wine being delivered. If you inform us of your mistake after your order is accepted or after the wine is delivered, we may, at our sole discretion, agree to amend your order (but we reserve the right to charge you for recovering the wine from you and for delivery of its replacement to you, where applicable).

5. LIABILITY DISCLAIMER

5.2 Liability restriction: If you or we do not comply with these Terms of Sale, neither you nor we shall be responsible for any loss of income or revenue, loss of business, loss of anticipated savings, any waste of time nor other losses that the other suffers as a result which are not a foreseeable consequence of the failure to comply with these Terms of Sale.

5.3 Liability to business customers: Unless you are a consumer, our total liability to you, in respect of any claim by you arising out of or in connection with the provision of (or the failure to provide) wine shall be limited to the sum paid by you to us for the wine which is the subject of the claim. Unless you are a consumer, all wine must be examined by you upon receipt and we shall not be liable for any shortages or breakages which are not reported to us within 24 hours of us delivering the wine (or making the wine available for collection, where applicable).

6.1.5 the headings shall not affect the interpretation of these Terms of Sale; and

6.1.6 references to "writing" or similar expressions shall include communications by email.

6.2 Changes to these terms: We may revise these Terms of Sale from time to time. The revised version will apply to orders placed after the revised version is published and, where required to enable us to comply with the law, to any orders you have already made which we have not yet fulfilled.

6.3 Unenforceable provisions: If any of the provisions in these Terms of Sale are held by any competent authority to be unlawful or unenforceable in whole or in part, the remainder of the provision in question and the remaining provisions of these Terms of Sale shall continue in full force and effect to the fullest extent possible.

CREDIT ACCOUNTS AND USE OF PERSONAL DATA

The following information is applicable if you apply for a credit account with us:

Information we use: If you apply for a credit account with us, we will search the records we hold and your records at credit reference agencies or third parties; they will give us shared credit information, fraud prevention information, and public information (such as details of English County Court Judgments, bankruptcies and information from the electoral register). If an application for a credit account is being made by or on behalf of a company, partnership, or other such entity, we may use credit reference agencies to check the details of the individuals who own and/or control that business. You must ensure that they are all aware that their details may be used in this way. Please contact us if you want details of those credit reference agencies from which we obtain, and to which we pass, information about you. You have a legal right to these details. We may use credit scoring or other automated decision-making systems to assess your application.

Sharing information about you: We may share your information with credit reference agencies or third parties. This information remains on the agencies' files for 6 years after our credit arrangement with you is terminated. Whether or not your application proceeds, the agencies will add to your record details of our searches and your application. This record (but not our name) will be seen by other organisations when you apply for credit in the future. A large number of applications within a short period of time could affect your ability to obtain credit. We will also add to your record with the agencies details of your business' agreement with us, the payments your business makes under it, and any default or failure to keep to its terms.

Use of your credit reference information: The information held by the credit reference agencies or third parties we use will be disclosed to us and other organisations (in the UK and in other countries) to, for example prevent fraud and money laundering; trace your whereabouts; recover debts that you owe; manage credit accounts and other facilities; or to make decisions on credit, insurance and other facilities, about you, your financial associate(s), members of your household or your business.

Linked information: The information credit reference agencies or third parties give us about you may already be linked to information about someone else you have had a joint account or similar financial association with, including members of the same household. By submitting an application you confirm that your finances will not affect our decision. We may check this and may turn down the application if we find it is inaccurate. An 'association' between joint applicants (between you and your business partner, for example) will be created at credit reference agencies. This will link your financial records, each of which will be taken into account in all future applications by either or both of you. This will continue until one of you successfully applies to the agencies to have the association removed.
