# Sustainability update

**W**e believe that the wine industry and wine lovers around the world can make a difference to the crisis facing this planet.

Over the last year, behind the scenes, we have been working on the execution of our impact strategy, taking into consideration the triple balance between people, planet and profit while maintaining a holistic and systemic approach, and consciously using innovation to solve problems.

## What have we achieved so far?

 Collaboration is key for any impact strategy and we joined the Sustainable Wine Round Table in September 2021 as founding members in order to collaborate and drive transformational change in the wine industry.

 We completed an internal review of the company and an external analysis of the wine trade by listening to our suppliers, customers and employees. This allowed us to become fully conversant with the Alliance business model, its culture and vision. It also gave us a clear understanding of the environmental, social and economic challenges we, and the wine trade, face.

 We have undertaken energy audits of our facilities to create a benchmark, and have introduced reduction initiatives based on isolation, LED lighting, auto-sensors, and other good practices to establish an energy reduction target of 20% of total consumption by the end of 2023.

## What's in the pipeline for 2023?

Waste is a huge issue in the industry. In order to establish a proper waste management strategy it is essential to analyse all inputs and outputs. Anti-waste policies are now part of our company so as to reduce our waste production over time. Amongst this, inorganic elements are the most problematic ones to eliminate. We have devised a protocol, a set of eco-design standards with a scoring system, for our packaging standards which will help us to evaluate and then lessen our impact.

From a social perspective, we have started to analyse the effect of our company on the personal and professional lives of our employees in order to understand what we can do as a company to improve their general well-being.

We have also partnered with The Drinks Trust to help in their work as the official drinks industry charity, and provide care and support to the people who form the drinks industry workforce, both past and present.

We want to make an impact, a positive difference for all.

Marta Riviera,  
Sustainability Manager

# Vintage Report

W

hilst we're all aware of global economic uncertainty, our industry continues to evolve, with the need to source and supply quality wines from good producers more relevant than ever. In this report, we'll share a broad brushstroke of what's happening in each region, but more importantly, we'll delve into the individual experiences of our producers. The people who really are at the heart of Alliance, who set us apart, and will lead us forward in 2023.

The first report focuses on England and France, where the vintage was marked by high summer temperatures, but the results as you'll see are promising, with Pascal Jessiaume, Head of Viticulture at Maison Chanzy describing 2022 as "the most beautiful harvest ..." not always in quantity but certainly quality.

# Our Wines

We feel the ethos and philosophy behind the creation of wine is the most important thing to consider, more than a certification. Practising or certified, we feel those producers who work with a philosophy in mind should be recognised. Those producers who respect the land they work, the wine they make and the people they employ. To this end, you will see producers in this portfolio recognised as acting in a sustainable manner, having organic or biodynamic practices or producing certified organic wines.

# ARGENTINA

**Cinco Fincas, Mendoza**

A blend of five vineyards, the selection process was rigorous in determining which parcels of fruit would make the cut for this wine. Working with local growers from across the Mendoza region it is clear the result was worth the effort. A quintessential Argentine Malbec packed with fruit and freshness at an incredible price. A very quaffable, easy drinking wine with copious amounts of blackberry, plum and cherry. Rounded tannins make this soft on the palate with a fresh finish that makes you reach for another glass.

  4068 Cinco Fincas Malbec 21/22 6x75cl

**Santuario, Mendoza**

In Argentina the Malbec grape is the vinous equivalent of Messi or Maradona. Santuario pays tribute to this Argentinean wine obsession. This wine over delivers on every front showing why Argentina leads the world in quality Malbec.

  2496 Malbec 21/22 6x75cl

**Man Meets Mountain, Mendoza**

"Great things are done when men and mountains meet, this is not done by jostling in the street". The quest for higher quality has seen Argentina's most ambitious winemakers push into the Andes foothills where the higher altitude and meagre soils produce the finest grapes. Man Meets Mountain celebrates those that face up to and conquer the challenges posed by nature and brings to you a harmonious Malbec, packed full of blueberry, blackcurrant and plum and a complex and delicious finish.

  2147 Malbec 2022 6x75cl

**Manos Negras**

Alejandro Sejanovich is arguably Argentina's most knowledgeable viticulturist, working as vineyard director for Bodega Catena Zapata for 16 years, he pioneered high altitude vineyard planting and conducted ground breaking research on Mendoza Malbec clones. Manos Negras focuses on extreme winemaking, planting Torrontes in the northern stretches of Cadayate in Salta, Pinot Noir in the southern-most region of Neuquen in Patagonia and cultivates 50 year old Malbec vines in the prized Altamira appellation in the Uco Valley.

## Viña Cobos, Mendoza

In 1989, Paul Hobbs visited Mendoza for the first time. Driving over the Andes from Chile, he fell in love with the place, the people, but also with the potential to make great wine. He began experimenting with wild fermented Chardonnay and then with the variety that would become Argentina's calling card- Malbec. His first 10 barrel vintage of Malbec persuaded the American press of the potential of this grape. Paul established his own winery, Viña Cobos, in 1999 and over 20 years later, Paul continues to make wines that are authentic expressions of the terroir from which they come. In an exploration of the different terroirs across Mendoza Paul looks for the most distinguished regions in Luján de Cuyo and Valle de Uco to produce wines that uniquely express their origins. The winery's elegant and balanced wines are a result of meticulous vineyard farming and utmost respect for terroir.

**Stella Bella Wines, Margaret River**

This boutique winery in the heart of Margaret River creates idiosyncratic named ranges like Suckfizzle in a low interventionist and organic way, keeping their approach as simple as possible to allow their cherished vineyards to show their quality. It is not merely the names of these wines that are memorable, as once you have tasted them you will see why Luke Jolliffe, the winemaker, continues to receive recognition and awards from around the world for wines that have that wonderful Margaret River restraint and elegance, but are bound together with a fruit purity that makes them delectable.

**Ricca Terra, South Australia**

The fact that the Riverland region of South Australia is now being re-imagined and reinterpreted is, in part, due to the efforts of one man – Ashley Ratcliffe. As a viticulturist, he knew that not only were some of the best Riverland vineyards undervalued but that many were planted with the wrong varieties for the climate. Over the last few years, these vineyards have come on stream with varieties like Aglianico, Vermentino, Greco, Fiano and Nero d'Avola to name but a few. Ashley's Ricca Terra range are vibrant, quirky, cleverly made wines that have deliciousness as their raison d'être. More than that though, they are a beacon for the future sustainability of a previously much derided region and it is to Ashley's credit that other serious producers are now taking fruit from here.

**One Chain Vineyards, South Australia**

One Chain works with growers to source fruit from some of the most respected regions of South Eastern Australia to produce wines that are inspired by a love for the Australian national sport. Indeed, the name One Chain is the imperial measurement for 22 yards, or the length of a cricket pitch. However, you really don't need to be a connoisseur of the game to be bowled over by the restrained, elegant style of the Chardonnay and the bright red fruit and subtle oak of the Shiraz Cabernet.

### Wild & Wilder, South Australia

Wild & Wilder is all about good clean fun. Working hand in hand with their merry (in a good season) band of growers, they craft wines of supreme quality but don't take it all too seriously. Great fruit, grown by great people and made with a lot of love by people that know that wine is all about the good times, delicious food and creating great memories. Founded by Giles Cooke MW & Fergal Tynan MW, who also make the Thistledown wines, the mundane is just not in their DNA. Being involved in every stage of the winemaking process from bud burst to bottle means that every bottle from Wild & Wilder is an experience you'll want to try again.

### Thistledown, South Australia

Ever since historic Scots, James Busby and John MacArthur founded the Australian wine industry in the early 19th century, the relationship between Scotland and Australia has been an enduring one. Guardians of this long history, Thistledown Wine Co. continues the tradition of Scottish ingenuity and great Australian wine. From their small-batch winery in the idyllic Adelaide Hills, they work with pristine fruit sourced from iconic vineyard sites. Giles Cooke MW and Fergal Tynan MW, with the helping hand of Peter Leske, craft lithe, energetic wines that illustrate the benefits of great sites and intelligent, low-intervention winemaking. Giles and Fergal share a particular passion for Grenache and, in ever more detail, Thistledown continue to unpick the rich patchwork of South Australian Grenache – reassembling it in their own inimitable style. This unique blend of superb fruit sources and experience in both the New and the Old Worlds helps craft wine of subtlety, texture and detail – wines perfectly suited to complement rather than overwhelm fine food.

**Majella, Coonawarra**

Majella are an absolute stalwart within our portfolio and regarded as one of Coonawarra's, if not Australia's, best producers with an abundance of awards to support this. However, the effusive Brian 'Prof' Lynn would never brag. Self-deprecating to the end, he describes himself as the humble custodian of top quality vineyards on world-famous 'terra rossa' soils. Every step of production is engineered with sustainability in its heart. This combined with the immense talent of winemaker Bruce Gregory, has been the magic on which Majella's reputation has been built; with their sparkling Shiraz reaching cult like status on both sides of the globe and their impeccable Cabernet Sauvignon listed in Langton's Classification of Australia's Best Wines.

## Funkstille, Niederösterreich

Now more than ever we need a little 'Funkstille' or radio silence in our lives, so it was only natural that as interest and desire for Austrian wines grew, so would our range. It all started with Grüner, then Zweigelt and now Funkstille is a quartet including Riesling and a Skin Contact wine, capturing Austria's most famous varieties and archetypal styles under some eye-popping packaging. We've worked with a 16th generation producer in Niederösterreich to put together this characterful range. All work in the vineyard is carried out sustainably, with the use of their own fertilisers made from grape skins, manure and straw from their fields, to improve the soil structure and vitality of their vines. The south-east and south-west exposure of the slopes provides conditions for perfect ripening. Grapes are harvested in the early morning to harness acidity and pure fruit expression, and taken to their energy neutral winery for vinification.

## Enira, Bessa Valley

Count Stephan von Neipperg, owner of several famous Bordeaux properties, including Châteaux Canon La Gaffelière and La Mondotte, sought out the Bessa Valley where the wonderful clay-limestone soils showed him the potential to make great wines. In the shadow of the dramatic Rhodope Mountains, these soils provide the structure, strength and minerality that allows Stephan to create wonderful wines that are full of power and elegance.

CHILE

**Espinos Y Cardos**

Between the mountains and the sea, Espinos y Cardos looks to craft subtle, pure expressions of classic international varieties from their two ranges. Focused on vineyards in Casablanca and Curico, Los Espinos combines cutting edge winemaking with regional typicity to provide a range that is at the beating heart of the country. Santa Macarena is a testament to the individuality and intrigue that so many Chilean wine drinkers are yet to discover. Amazing fruit, grown in the San Antonio region 5km from the ocean, so close you can smell it, crafted into a unique expression of the enigmatic Pinot Noir that clearly demonstrates the real quality that lives in this land.

**Tinto de Rulo, Bío Bío Valley**

Tinto de Rulo is the project of three friends who, by pooling resources, make wine together – but even then it's a small project, making just 1200 cases in total. Tiny plots of Pais and Malbec, ranging from 70 to 200 years in age, are spread across Itata and Bio Bio. They have a little plot of Carignan from just over the hills in Maule as well. Fruit from these pristine organic vineyards is fermented in clay amphorae and very old native rauli pipes with only minimal sulphur added at bottling – these wines are a proper introduction to this wilder side of Chile.

**Casa Marin, San Antonio**

When the first vintage of the Sauvignon Blanc was released, it was heralded by Parker as the best white wine made in South America. A moment of great satisfaction for Maria Luz Marin who had to fight to be allowed to plant her vineyards in Lo Abarca, only 5km from the sea. But this is a lady who doesn't take 'no' for an answer and has a career littered with great achievements and numerous firsts. Maria Luz's vision and determination to coax world class wines from these coastal vineyards has proved Chile is capable of producing wine that can take on the world's best.

**Indómita**

The dynamic winemaking team at Indómita skillfully craft wines from their vineyards in two of Chile's very best regions. The cooler climate Casablanca is great for Sauvignon Blanc, Chardonnay and Pinot Noir while the warmer Maipo Valley offers classic Cabernet Sauvignon and Carménère. Indómita produce superb, expressive wines that are both beautiful and stunning value for money.

## Odfjell

One of the best boutique organic wineries in Chile, Odfjell Vineyards are committed to producing wines with elegance and poise, from their vineyards in the Maipo, Lontué and Maule valleys. As one of the founding members of Chilean Organic Winegrowers, Odfjell's certified organic, biodynamic and sustainable portfolio consists of superlative old vine Carignan, in addition to more traditional varieties and blends. Cover crops and beehives amongst the vineyards aid biodiversity, whilst small Fjord horses work the land. Established by Norwegian, Dan Odfjell, with winemaking now in the very capable hands of Francisca Palacios (who takes over from Arnaud Hereu after 25 years at the winery). The two worked together on vintages since 2019, and with Francisca's meticulous approach, work with native yeasts and deft touch, the wines of Odfjell will no doubt continue to grow in terms of quality and reputation over the coming years.

# ENGLAND

## All Angels, Berkshire

The rural backwaters of Berkshire aren't the first place you'd expect to find a vineyard, yet it's here that new kid on the English wine scene, Mark Darley and his family have chosen to plant 3 hectares of classic sparkling varieties as well as Pinot Gris. Enborne Vineyards, located in the village of the same name, was planted with the intention of producing exceptional English sparkling wine, set apart due to their distinctive terroir. Planted in 2010 after the land was almost set aside as an Alpaca farm, the vision began to take shape with the inspiration for All Angels coming from the local 12th century parish church. The inaugural 2014 vintage has already started to make some noise, and there's no doubt that this is a producer to follow...

## Roebuck Estates, Sussex

Roebuck Estates adopt a single-minded approach, using only the finest quality estate-grown grapes, from exceptional vineyard sites to create award-winning wines from classic Champagne varieties. Located close to the historic market town of Petworth in West Sussex, Roebuck Estates was established in 2013 by two Brits, Mike Smith and John Ball, whose love of wine, long-standing friendship, and belief in the potential of the English wine industry sparked several years spent searching for the perfect vineyard plots.

## LOIRE

### Nantais

#### Domaine des Herbauges

Winemaker Jérôme is committed to the sustainability of his vineyards. Once harvested he ferments at low temperatures conserving the aromas of the must, then matures the wine on the lees from 8 to 14 months with regular bâtonnage. Bottling is straight from the fermentation, leaving a light natural spritz. Julia Harding has described the wine as “elegant and balanced”.

### Anjou-Saumur

#### Domaine des Baumard

One of the Loire's most lauded producers, Florent Baumard has courted controversy by pursuing his own ideas and challenging the status quo. In a deeply traditional region, his early adoption of screwcaps and different vine trellising systems marked him out as the enfant terrible of Savennières. His mantra now encompasses a belief in the individuality of each vintage, believing it should be made with minimal intervention to allow the wine to reflect its vintage and unique character. His Savennières from the famous vineyards of Clos St Yves and Clos du Papillon are rich, yet with a balance and elegance that are unrivalled. His top cuvée of 'Trie Speciale' is only made in very exceptional vintages when grape quality is optimal. It is a wine full of paradox, honeyed and yet dry, rounded and yet firm. The rich fruit, tremendous weight and concentration ensure that it is a thoroughly memorable experience.

### Touraine

#### Domaine des 7 Lieues

Domaine des 7 Lieues reflects some of best vineyard locations in the Val de Cher and was sparked when a group of like-minded growers from the Cooperative of Bléré started a collaboration that brought together their heritage and respect for their diverse terroirs. Their Touraine vineyards are spread over 7 municipalities (Dierre, Saint-Martin-le-Beau, Athée-sur-Cher, Bléré, La-Croix-en-Touraine, Civray-de-Touraine and Francueil) all within a radius of 20-35km, which corresponds to 7 leagues ... an ancient measurement of distances used in France prior to adopting the metric system ... and inspiring the name.

-   4405 Sauvignon de Touraine 20/21 6x75cl

#### Domaine Patrick Vauvy

Patrick Vauvy manages 30 hectares of vines, the majority planted with Sauvignon Blanc. The Domaine has been in the hands of the Vauvy family for generations, Patrick took over and has brought new vision and an experimental style to the Domaine. He is often the last of his neighbours to harvest. Located above the banks of the Cher River, the soil is predominantly sand based giving the wines a fruit driven, immediately appealing style.

## Sancerre

### Domaine Picard

The Domaine Jean-Paul Picard et Fils is a family run estate cultivating 14 hectares of vines, all of which are situated on the slopes of Bué and are amongst the best sites in the Sancerre region. Picard practises 'lutte raisonnée', where chemical treatments are used only when necessary and they plough to loosen the top soils and help develop micro-bacterial life. The wines are well balanced and very aromatic, full of fruit and subtle hints of minerality.

### Domaine François Crochet

To the south west of the town of Sancerre, lies the tiny commune of Bué. Here you find François Crochet single handedly managing his 10 hectares. Doing much of the work in the vineyards himself, he is committed to hand harvesting to help maintain the quality of the resulting wine. Unable to make enough wine to keep pace with demand these wines are some of the most precise and refined Sancerres you will ever get to taste if you get the chance.

## Pouilly Fumé

### Domaine Pierre Marchand

Eric Marchand spent his childhood in the vineyards helping his parents, instilling in him a love for the land. He went on to study viticulture then after graduation he and his brother, Pascal, took over from their father. Across their 17 hectares they practice minimum intervention as well as conducting a green harvest and debudding in the spring to improve quality further. This allows them to create a concentrated example of Pouilly Fumé with well balanced, crisp gooseberry and blackcurrant leaf fruit overlaid with hints of citrus and minerality.

### Bouchié Chatellier

Domaine Bouchié Chatellier is one of the most outstanding producers in Pouilly Fumé. Rubbing neighbourly shoulders with the inimitable Didier Dagueneau, and with vines planted on the same Silex soils as Didier's, the domaine's gently tended vines benefit from that high proportion of flint, which stores and reflects the heat so well. The levels of resulting ripeness as well as the incredibly rich flinty minerality imbue the wine with a delicious complexity that few others can match.

## ALSACE

### Cave de Ribeauvillé

Run and owned by growers for over 100 years this co-operative has always been about their land and the quality of fruit that grows here in the Vosges Mountains. The alternating razor sharp ridges and plummeting valleys create slopes with fantastic exposure to the sun and great protection from the wind and rain which help maximise the potential of this vertiginous land. This particular range comes from a small selection of organic vineyards, which show poise through fresh, fruit driven, clean expressions of classic Alsatian varieties, demonstrating that this venerable co-operative is living very much in the moment.

**Domaine Klur**

Certified organic and following biodynamic practices, this small estate of just 7 hectares is nestled on steep slopes in the heart of Alsace. Whilst Clement Klur is still very much involved at every stage from vine to bottle, he has now joined forces with his good neighbour, Leon Heitzmann, and their joint effort in the vineyards is reflected in the increasing quality of the wines. These vineyards are tranquil places, full of fruit trees dotted amongst the vines which attract and offer shelter to local wildlife. This symbiotic relationship helps maintain the health and balance of their land. The steep vineyards means the harvest is carried out by hand, allowing the pickers to be very selective and gentle in choosing the healthiest fruit to ensure that the resulting wine is always of the highest quality.

**Klur Natur**

The latest project from Clement Klur. He is pushing the boundaries of what it is possible to achieve from his small estate on the steep slopes of Alsace. Intent on going beyond organics and bio-dynamics this range is as natural a production as is possible: no fining, no filtration, no added sulphur. Resulting in sulphur levels barely around the 10mg/l mark. The grapes are handpicked and pressed in tiny traditional presses (operated by hand) all to ensure as little interference from vine to bottle as possible. This all results in intense flavours and textures that linger long in the mouth and memory.

**Chablis****Domaine Michaut Freres, Burgundy**

Chablis has experienced more than its fair share of bad luck in the last few years with variable harvests resulting in soaring prices. So we are pleased to have Bernard Michaut on board providing his stunning, fresh vibrant Chablis. The winery is located in Biene close to Chablis, built on the classic soil of the region, kimmeridgien, underpinning the 60 hectares of vineyards. These wines show great typicity, steely acidity, plenty of fruit with that unmistakable note of flinty "terroir".

## Domaine Bernard Defaix

Spending time in Didier and Sylvain's company you immediately understand the energy and effort that is put into their wines, or more correctly, their vines and land. Situated a little north of the eponymous village of Chablis the brothers have some of the best situated vineyards in the whole of the region and their efforts to coax the best from the soil is incredible. This translates directly into the wines which are powerful, textural and capable of considerable development. Certified organic and with bio-dynamic influences the gentle caring approach of the Defaix boys makes their wines flagship examples of why Chablis is so special.

## Chanzy

Maison Chanzy is a highly respected Burgundian producer, their wines are a classical demonstration of premium vineyard sites in Côte Chalonnaise, Côte de Beaune and Côte de Nuits. Their range has been carefully engineered by winemaker Max Blondelle, whose primary task is to create wines that eloquently communicate their respective terroir, whilst remaining hands-off in his approach. As such, Chanzy are one of the few Burgundy producers to achieve Haute Valeur Environnementale level 3; the most highly regarded certification for agriculture in France.

## Côte de Beaune

## Domaine Fernand & Laurent Pillot

Laurent Pillot, who took over the running of Domaine Pillot in his mid-twenties, transformed his family estate from grape growers to one of the more distinguished estates in the Côte de Beaune. Laurent has since transferred his winemaking responsibilities to his son, Adrien. With a superb collection of vineyards and a modern winemaking facility on the edge of the village, both their red and white wines are of an excellent quality. In particular, from both sides of the colour divide, both the white Chassagne-Montrachet and the rounded, sultry Chassagne-Montrachet 1er Cru Morgeot Rouge clearly profess their beautiful underlying minerality.

## Côte Chalonnaise

### Domaine Jaeger-Defaix

It won't come as any surprise that Hélène Jaeger-Defaix (wife of Didier) manages this small, 4.5 hectare Rully estate in the same spirit as their property in Chablis, adopting a truly earth-to-glass approach. Vineyards are farmed organically, grapes are hand-picked, winemaking is gentle and they have built a reputation for elegant, rewarding wines. Hélène's connection with the land is strong, with her great-grandfather having been instrumental in Rully achieving its AOC status back in the 1930s; and today her commitment has played no small part in building the reputation of the Côte Chalonnaise as an excellent value alternative to more famous (and expensive) appellations further north.

## Mâconnais

### Domaine Fichet

Run by brothers, Pierre-Yves and Olivier, Domaine Fichet has raised the quality level of their wines in recent years by investing in a new modern winery. The terroir here is unique, a high content of white limestone in the chalk and clay. The microclimate brings extra humidity and morning fog. Now with a new winery and a general willingness to modernise their approach, the brothers' wines have continued to improve year after year. The Mâcon-Villages has a perfect balance of concentration, acidity and minerality and the Bourgogne Pinot Noir is beautifully fresh and light.

### Domaine de Fussiacus

Passion is not enough, so says Jean-Paul Paquet owner of Domaine de Fussiacus. It is knowledge, acquired through seasons spent in the vineyard, that allow the winemaker to produce great wine, he muses. With this philosophy Jean-Paul manages his 11 hectares in southern Burgundy nestled in the heart of the Mâconnais, south-west of Macon, creating wines enhanced by his vast experience. Through the generosity of the terroir, his wines reveal typicity, finesse and elegance.

### Domaine Les Vieux Murs

Jean-Paul Paquet began to work the vines of Les Vieux Murs in 1978. The Chardonnay grape thrives on the limestone and clay soils of the Mâconnais vineyards of Burgundy. At Domaine Les Vieux Murs the 30 to 50 year old vines are in perfect balance to produce fruit of optimum ripeness. Jean-Paul has now been joined by his son Yannick in the family business. Yannick has travelled widely to broaden his knowledge and is quickly earning himself a great reputation.

## JURA

### Domaine Berthet-Bondet

Jean Berthet-Bondet has been working his land since 1984. With a humble 15 hectares of 30 year old vines, this estate may well be small but it is steeped in history and heritage. Half of Jean's land is in the Château Chalon appellation which is home to the Savagnin grape, renowned for making the revered Vin Jaune. Exclusive to the Jura, this wine is harvested late and then aged in barrel for over 6 years. In that time a "voile" or layer of yeast forms on top of the wine, which gives the wine its distinctive flavour of walnuts, hazelnuts and green almonds. A unique wine that has seen a resurgence of popularity in recent years, but has always been appreciated by the knowledgeable few.

## BEAUJOLAIS

### Domaine de la Couvette

Gautier Marion is the fifth generation of the family to manage Domaine de la Couvette, tucked into the gently undulating countryside of southern Beaujolais. If you could picture what a quintessentially small French producer should look like then Gautier's property would come very close. He takes great pride in making wines in the traditional carbonic macerated style using his trusty, old concrete vats, which he uses to age the wines as well. Respecting not only the winemaking traditions, but also their 11 hectares of land and the vines that are up to 50 years old, they demonstrate their commitment by making a fully organic Beaujolais- which is full of ripe red fruit, spicy, earthy notes and a lovely smooth minerality.

### Domaine Berrod

In northern Beaujolais, in the heart of Fleurie, René Berrod and his children run their domaine on steep slopes with old vines aiming to produce wonderful Gamay wines full of elegance and delicacy, that epitomise what this land can offer. The family efforts have been rewarded by international praise from both sides of the Atlantic, but this is not what drives René on. It is the desire to retain the link between the soil and the resultant wine, always striving to express his wondrous terroir in every glass he pours.

### Domaine de Colette

Domaine de Colette is in the small village of Lantignié, regarded as the top village in the cru of Regnié. Run by the humble Jacky Gauthier, it was founded by his father René. Jacky Gauthier studied enology at the tender age of 17 and immediately started working with his father in the vineyards. Their steep pink granite vineyards are home to vines of about 45 years old, but one plot, called Colette, reaches over 80 years. The grapes undergo carbonic maceration followed by a gentle pressing. A pleasant ruby-red colour, the wine presents fresh red fruit flavours in its youth, but over time evolve into delightful complex ripe fruit flavours.

## SAVOIE

### Domaine Jean Perrier et Fils

Tradition is hardly sufficient a word to sum up the Perrier family who have lived and worked in the Alps for more than seven generations. They seem to be hewn from the very rock that surrounds them. The wine style and dedication to local varieties such as Jacquère has not wavered and like their mountains, they remain resolute. And all the better for it. These wines are stunning, different and enthralling creating flavour and palates that you would be hard pressed to find anywhere else. Embodying their landscape and being resistant to change has made these wines special, delightful and truly regional.

## BORDEAUX

### Olivier Cazenave et Château

Growing up in Libourne, it was inevitable that Olivier was to fall in love with the world of wine, but it's his revolutionary approach to winemaking and desire to break the rules that sets him apart. Having worked in export sales for a number of negociants, in 1998 he became co-founder and the buyer at ChateauOnline, one of the first e-commerce websites in the wine business. In 2003 he and Anne were married and decided they wanted their own vineyards, as he says: "you would have had to be crazy to buy a property in Bordeaux in 2003" ... but that they did. After much searching they discovered a property, whose garden meanders to the bank of the Dordogne, just 5km south of Libourne.

## RHÔNE

### Northern Rhône

#### Domaine de Bonserine

This prestigious estate has only 10 hectares of vineyards, which consist mainly of old Syrah called "Serine". This is a very old clone of Syrah that produces small clusters of loose berries resulting in a particularly aromatic wine. No pesticides, herbicides or chemicals are used in their sustainable agriculture and, with a recent revamp of their cellar, the modern winery enables them to craft even more refined, elegant wines.

#### Domaine Belle

One of the stars of northern Rhône, Domaine Belle is one of a handful of producers achieving the exciting potential of this area and justifying its reputation as one of the classic regions of France. Philippe Belle oak matures a quarter of the blend of Crozes-Hermitage enhancing the full, ripe flavours and attractive, complex aromas of the wine.

### Southern Rhône

#### Domaine de la Berthète

From the Middles Ages, vines have been grown on the Plaine du Plan de Dieu in the heart of the southern Rhône. Back then you were taking your life in your hands crossing the plain as bandits freely roamed the land. This perhaps gave rise to the plain's name as whether you lived or died was up to God. Pascal Maillet originally studied computer sciences and had nothing to do with wine, but almost overnight this changed. In 1993, Pascal and his wife, Marie-Pierre, bought this family domaine. They now work the stone ridden, clay-limestone soils of the plain to create wonderful vigorous wines in a traditional style from 35 year old vines. Full of garrigue notes with sweet black fruit and nuances of spice, these wines are some the best hand crafted offerings in the southern Rhône. God can indeed work in mysterious ways.

**Guillaume Gonnet**

The energetic and charismatic Guillaume Gonnet is not your average Rhône winemaker. Extremely open in his attitude, his curious, boundary challenging approach extends beyond wine. He travelled to the far ends of the earth, revelling in the opportunity to surf some of the best waves in the world while learning his craft in various Australian and New Zealand regions. Returning to the Rhône, now with his Australian wife Kelly, Guillaume has shown similar energy for his family estate and for his own nascent project. This land locked surfer may be miles from the ocean but is happily riding the wave of new found enthusiasm for Grenache based wines. Pursuing biodynamics wherever possible, allowing his fruit to express itself freely through hands-off winemaking and displaying his fascination for the varying soils of the Rhône through his diverse range of wines, he's just the sort of restless creative that we love to work with.

**SOUTH WEST****Domaine Capmartin**

Under the skilled and insightful guidance of Simon Capmartin, his Madiran and Pacherenc de Vic-Bil Domaine has kicked this most traditional of appellations into a new, more progressive age. Changes to both the management of his vines and the winery have led to a range of wines which showcase the quality of the appellations whilst brilliantly offering a unique and refreshingly modern twist. Certified organic for the best part of a decade, Simon now has his sights firmly set on biodynamic certification. Natural, low-intervention winemaking is the very essence of his approach. Vinification with no added sulphur, all wild ferments, plus lighter extraction of tannins makes his Madiran Tannat a step apart from the region's more usual impenetrable blockbusters. With the white wines, unique blends under AOC Pacherenc de Vic-Bilh, using the rare and cherished Petit Corbu variety, is wonderfully complex, whilst IGT Lou Piaf enlivens the palate with electric sharp acidity ... certainly a winemaker to watch with interest.

**Cahors****Crocus**

Crocus wines are a quest to redefine Malbec in its birthplace, combining old world, ancient terroirs with new world vision. When internationally recognized winemaker Paul Hobbs and 4th generation Cahors vintner Bertrand Vigouroux decided to work together, they set out to offer a new interpretation of the Malbec of Cahors. Driven by their passion and expertise, the two men established Crocus to show the world how a single clone of Malbec can vary in three distinct terroirs and in the process create wines as special as they are individual.

## LANGUEDOC-ROUSSILLON

### Languedoc

#### Château de Lancyre

The long overlooked style and quality of this increasingly fashionable appellation has been recognised with the 'Grand Cru de Languedoc' status. The Durand and Valentin families are now recognised as one of the leading producers in the region, producing lush, velvety reds. Currently in the process of converting all of the vineyards to certified organic wines, the estate's 78 hectares are divided into three main blocks: Clapassous, located around the Romanesque chapel of Aleyrac, Les Couronnes, the estate's coolest site on hard limestone soils, and Valflaunès on red soils and limestone scree.

### Languedoc Roussillon

#### Mas Olivier

The story of Mas Olivier officially began in 1982, the date of the Faugères' AOP classification, however the unique terroir and landscape which have shaped their history are far older. Facing the Mediterranean sea but located at 300 metres above sea level Faugères benefits from the warmth and long summers of the Mediterranean, yet heavier spring and autumn rainfall and cooler temperatures than elsewhere in the Languedoc. Vineyards on sandstone schist formed during the primary period create wines that are distinctive and full of minerality giving Faugères its identity. Full of generous ripe fruit, they offer value and character from this compelling Languedoc appellation.

### Limoux

#### Maison Antech

For over five centuries, Maison Antech has tamed the magical terroir of Limoux to make fine sparkling wines. The secret of their character lies in the combination of Limoux's three terroirs, which form the backbone of the cuvées: freshness from the Pyrenees, vinousness from the ocean, and roundness from the Mediterranean. From these terroirs, Mauzac and other grapes are cultivated, each bringing their own complexity and purity to the wines. This Cuvee, named after Francoise, daughter of the family and a member of the sixth generation celebrates her strong character and the part she plays in guarding her heritage and shaping their future.

#### Famille Morin

The Morin family took ownership of this beautiful estate in 1966, and today its wines are carefully crafted by young winemaker, Caroline Morin. Her intention is to express their distinctive terroir through ensuring finesse and minerality form the backbone of her wines. The Cuvée Caroline wines have been specially blended to capture the essence of the region yet be versatile, offering good value and immense drinking pleasure.

### Vignerons de Florensac

The Florensac terroir is one of the oldest planted vineyards near the Mediterranean coast and unusually for the South of France, this is a specialist white wine producer benefiting from the cooling breezes that moderate the heat. Grown on high ground in vineyards that are planted on clay and limestone soils. The vines are night harvested in order to preserve aromas and freshness. Once fermented the wine is aged on fine lees with regular stirring of the lees in order to bring out richness and roundness. A bright and pale yellow wine with very fresh aromas of white flowers, acacia and hawthorn, this is a "gourmet" Picpoul.

Chateau de L'Escarelle of one of the most prestigious wine estates in the heart of Provence, with 100 hectares of organically certified vineyards set in 1,000 hectares of beautiful woodland. In the past year this property has made impressive steps to establish itself as a major player of sustainable agriculture in France. In 2016 the estate achieved Haute Valeur Environnementale certification (France's most stringent environmental certification scheme, level 3), demonstrating their deep-rooted commitment to protecting the natural world. Their vines are planted at up to 500 metres above sea level, hugging the slopes of the Montagne de La Loube and adapting to the estates' clay and limestone soil profile. ## Wéingut Max Ferdinand Richter, Mosel

For 300 years, the Richter family has owned and farmed vineyards in the central Mosel area. Working 40 acres of vines, they are masters of their craft and have consistently produced some of the region's best Rieslings. The deep valley, cut through the landscape by the Mosel River, creates some of the wine world's most impressive and precipitous slopes on which to grow vines. Using knowledge gathered over generations, the Richters' fastidiously work the terraces, focusing on low yields, natural fertilizers, and cultivation in harmony with geology. Selective hand-picking, meticulous work in the cellar, and the use of old oak 960 litre Moselle fuders create single-vineyard cuvees that offer superb drinking but also great ageing potential.

## Mád Wine, Tokaj

Vineyards here, formed and shaped by ancient volcanic eruptions, produce exquisite world-famous sweet wine as well as incredible dry styles. Wines with a unique character, minerality and expressions of terroir. Mád Wine is based in the unique village of Mád, which is the most prestigious appellation of the Tokaj region (and one of the highest in altitude). In this volcanic, rhyolite-based soil Furmint thrives. Hungary's Tokaji Aszú is one of the few internationally famous sweet wines. The royal families of Europe named it "Vinum Regum, Rex Vinorum" (Wine of Kings, King of Wines), an epithet sometimes attributed to King Louis XIV of France. Tokaji is synonymous with exceptional quality sweet wine and recently, dry styles too. In the past 20 years, Tokaj winemakers paid particular attention to perfecting dry Furmint.

### La Crotta di Vegneron

From the foothills of the north west Italian Alps, with vineyards set into steep slopes, La Crotta has the advantage of great growing conditions. The vineyards are located at a fairly high altitude, ranging from 500 to 850m, and enjoy a special microclimate with little rainfall and a good diurnal temperature range. Delicate grapes like Petit Arvine thrive here, delivering enticing wines with a lightness of touch and minerality.

### Produttori del Gavi

Along the hills of Gavi, Produttori del Gavi overlooks the historic Gavi fortress and has been making wine for over 65 years. With 220 hectares, the 95 farmers forming this cooperative boast the biggest vineyard holding of Gavi DOCG, containing a number of organically certified vineyards as well as vines up to 90 years old. Situated 40 kilometres from the Ligurian Sea, crossed by the Lemme River near the Ligurian Apennines, Produttori del Gavi lies within the Province of Alessandria, a territory that is uniquely characterised by poor calcareous white soils; ideal for growing the native Cortese grape. With a golden berry, perfumed by the brackish wind delivered from the sea, these wines are superbly lean and with great finesse. Today, its members are led by oenologist Andrea Pancotti.

### Cascina Adelaide

Amabile Droco is acting out his lifelong dream by now owning an old farmhouse and vineyard in the heart of Barolo. He was fascinated by Barolo and wanted to demonstrate not only the fascinating qualities that the wine can create in the glass, but also the diversity of the terroir within the Barolo DOCG. So he has set out to acquire a vineyard in each of the ten Barolo 'crus'. He currently owns eight, with the goal of completing his dream when the right sites become available. This determination to ensure the individuality of the wines shines through. The land provides the difference, the wine provides the medium. To enhance this communication of intrinsic individuality from each site no herbicides are used on the land and the harvesting and sorting is all done by hand. Attention to detail is exacting. Native yeasts and minimal sulphur are used in the fermentation too, allowing the resulting wine to speak for itself, creating delicious complex formations full of orange skin, plum and tobacco with incredibly vibrant tannins and excellent balancing acidity.

### Tenuta Olim Bauda

Piedmont is almost as famous for truffles as it is wine, those elusive delectable delights that need to be rooted out from the depths of the forest, so scarce but so worth it. Much the same can be said for Olim Bauda, secluded and out of the way, down a long drive off the busy Via Prata, the path gently meanders continuously rising to finally reveal the family home through a grove of trees, or if you arrive in truffle season, more likely through a rolling mist. The estate is run by three siblings, Dino, Diana and Gianni who have devoted themselves to creating fresh, expressive Barbera d'Asti and clean, pure scintillating Gavi in the most delicate low interventionist way and without doubt they are worth all the trouble you might encounter to enjoy them.

Moa Gürbüz founded Oddbird in 2013 to question and change societies norms around alcohol and offer a quality alternative ... liberated from alcohol. Creating modern, world-class wines with zero alcohol is a skill, shaped by tradition and made possible through innovation. Achieving the distinct pure taste with high complexity doesn't just happen. It involves a wine-making process with minimal intervention and relentless attention to every detail. From the choice of grapes and vineyard site, to fermentation, alcohol removal and bottling ... a vision towards transforming drinking culture with quality in mind!

### Cielo e Terra

Cielo e Terra is a joint venture between two families, Cielo, who have been making wine for over a century in Veneto and Puglia, and the Cantina Sociale Colli Berici. Drawing on the Colli Berici's vineyard resources, combined with the Cielo family's winemaking skills, their partnership consistently produces wines which are fantastic value for money from both indigenous and international varieties.

**Mabis**

The Biscardo Family have been making wine from their base in Soave for over 150 years and are currently led by brothers Maurizio and Martino. During the course of Maurizio's long and illustrious career, he has consulted for well known wineries around Italy and in doing so he came across the vineyards for their Puglian wines. Both the Pugliese and Veneto wines are characterised by an irresistible drinkability, aromatic purity and exceptional value for money.

## Giavi

The life of the Giavi farm started as early as 900 AD and Prosecco has been made there since 1914. The vineyards cover an area of around 12 hectares on a hillside overlooking the town of Conegliano. The majority of the harvest is done by hand and the quality of the resulting wine is high, full of purity and freshness of fruit, making these very much boutique wines.

## ILatium Morini

The seven brothers and cousins involved with ILatium Morini changed their approach in 2004 and decided to keep the best grapes to make wine themselves. Since then the torrent of accolades, including an IWC Gold for their Amarone and glowing reviews from Jancis Robinson, would suggest that they made the right decision. Now at the forefront of the new wave production of Soave, Valpolicella and Amarone, the wines combine beautiful fruit concentration with fresh, bright acidity.

## FRIULI

### Pradio

The Cielo's family estate based in Friuli Grave DOC is the source of top quality white and sparkling wines. Planted with Glera, Pinot Grigio, Friulano and Sauvignon Blanc, the fruit concentration is balanced with crisp, refreshing acidity; demonstrating why so many believe that this area is Italy's finest for the production of white wines.

## FRIULI VENEZIA GIULIA

### Novapalma

Drawing on the ancient eponymous star-shaped fortified town in Friuli and coupled with the direct translation of the word 'novapalma' itself, meaning new hand, this range of wines combines the heritage of this northern Italian land with a fresh modern approach. Reflecting an appreciation and care for the land that has existed here for centuries. Organically certified and made gently Novapalma is an excellent new look at two internationally renowned wine styles.

## TUSCANY

### Le Chiantigiane

Le Chiantigiane is a forward thinking, quality-orientated co-operative in the heart of Chianti. Since their conception in 1967 this association of growers have achieved great success domestically and internationally through pooling resources and expertise. They produce a range of styles including great value, authentic Chianti and high quality Riserva of excellent value.

## Riecine

Riecine has always followed a pioneering path, defining a new style and approach in this classic region. Founded by Englishman John Dunkley, and today run by the Frank family, the estate is committed to a natural approach in winemaking. Certified organic and following biodynamic processes, the land is gently nurtured with plants, flowers, and grasses encouraged to flourish. This is to promote vineyard diversity and the health of the land. Closely monitored pickers select only the best, ripest and cleanest bunches from the vines; everything else remains in the fields to return to the earth. With winemaking in the skilled hands of Alessandro Campatelli, low sulphur additions, natural yeasts and long fermentation are de rigueur, as wines are gently coaxed into the world. Adhering strictly to the belief in Sangiovese as the only variety that should be used, these incredible wines are honest examples of that overused phrase 'a true sense of place'.

## San Polino

There is a small 'nirvana' northwest of Montalcino, where Luigi Fabbro and Katia Nuassbaum founded San Polino nearly 30 years ago. Using Luigi's scientific experience of mapping the Amazon rainforest they decided to try their hands at "creating wines as complete reflections of the biodiversity of their terroir" Katia explains. This tiny estate of only 4 hectares now produces luscious and balanced wines farmed bio-dynamically by this energetic couple who, it is clear, pour all their heart and energies into these sublime wines. Praised by critics and peers they have been described as having "an incredible clarity and pureness of fruit that is unequalled in the region".

## Il Borghetto

The Azienda Agricola Il Borghetto do things differently in this most well-known and prestigious of Italian wine regions. Led by owner and winemaker Antonio Cavallino, there is a determination to show the potential of the region. As a result he is at odds with the Consorzio of Chianti Classico over his methods and approach, with incredible results which shows that a little rebellion often pays off. With only a third of the 30ha estate under vine producing less than 1600 cases a year they are a small, but bright thread in Chianti's tapestry.

## MARCHE

### Zaccagnini

On the opposite coast to Tuscany lies the less well known, but no less beautiful, region of Marche. This is where you will find the family run Zaccagnini winery, established by two brothers. Playing to their strengths, they have focused on the local grape Verdicchio, and the results are spectacular. Their range of Verdicchios are as distinctive and individual as you could wish for, with each wine having its own personality and textural signature. All are benchmark examples of this lesser known region on the east coast.

## ABRUZZO

### Feudo Antico

Feudo Antico was created on a small plot of land in the heart of Abruzzo. It is in Italy's smallest DOP and the first designation of its kind in Abruzzo. Starting from the 2013 vintage, all wines are Magis certified, the most advanced project for the sustainability of wine production in Italy. Currently their 15 hectares are cultivated using native varieties producing limited yields to ensure quality is retained. Clearly they highly value the land they work and this attitude is continued in the winery where the fruit and wine come into contact with no wood whatsoever, only concrete and glass. This guarantees the purity of the fruit, and its flavours, are conveyed from the vineyard direct to the glass.

## CAMPANIA

### La Guardiense

The farming co-operative, La Guardiense, was founded over 60 years ago by 33 farsighted, collaborative farmers. Today membership has grown to nearly 1,000, but still only managing a total of about 1,500 hectares meaning that all the fruit comes from a large selection of very small family owned vineyards. The land is full of undulating hills and expansive plains, each helping create a patchwork of micro-climates protecting the vines from the greatest excesses of the local heat and cold and ensuring the resulting wines are of the highest quality.

## PUGLIA

### Produttori Di Manduria

In the heel of Italy, Manduria is considered the birth place of the native Primitivo grape, and was officially recognised as such in the 1970s when a DOC was created for the region. However Produttori di Manduria had been making wines for 40 years by then, unashamedly proud of their deep affection for Primitivo. As well as making high quality examples of Puglia's most famous vinous export, this leading producer is well versed in producing fascinating whites from Fiano and Verdeca. But it is with the poetically titled Elegia that the extraordinary levels of quality come to light. Made from old bush vines up to 50 years old it creates a wine of intense dark berry fruit with wonderful balsamic end notes and excellent balance.

### Apollonio

The wines of Puglia have never received as much interest as they do now. Tasting Apollonio's wines shows that attention is now justified. Great care is taken to produce wines of uniquely southern Italian character from local varietals. Ageing typically takes place in barrel and then bottle for extended periods before release. Powerful and complex, the wines have flavours of ripe, dark fruits and leather, attractive weight, richness and balanced tannin. They brilliantly represent the terroir and climate of Puglia, beautifully elegant in their structure and style.

## SICILY

### Tenute Bosco

Sofia Ponzini started Tenute Bosco in 2010 in an attempt to breathe life back into two small vineyards on the slopes of Mount Etna. Some of the vines are over 120 years old, and pre-phyloxera, on land recovered 300 years ago from the cooled lava flow following Etna's last major eruption. There is more living history in the sight of the traditional 'alberello' method of propagation in the vineyards that leaves the vines free standing and backed by dry stone walls. Sofia is intent on reviving the traditions of this land, and the indigenous Nerello Mascalese, Nerello Cappuccio and Carricante which they clearly love. Creating wines that definitely have a sense of place, of the present and the past.

### Palazzo del Mare

Sicily's geography and climate are perfectly suited for the production of healthy, ripe grapes and quality wines. Palazzo del Mare's vineyard sites are situated at an altitude of 200-300m, ensuring cooler night time temperatures which preserve crucial acidity in the grapes. Yields are naturally limited by the winds and the wines tend to be harvested earlier than many of their neighbours and consequently are bright and fresh. The Catarratto particularly displays that signature crisp, citrus laced fruit filled style while the Nero d'Avola delivers ample ripe, plummy fruit.

### Baglio Gibellina

Baglio Gibellina is situated in picturesque Sicily where its vineyards are surrounded by the hills of Salemi and Santa Ninfa. Old vineyards located between 300-600m above sea level are grown on a mixture of clay and volcanic soils with limited yields allowing for the production of outstanding wines with incredible food matching potential.

## Fabrizio Vella

Fabrizio Vella is a passionate winemaker living and working in Sicily. Proud of the island that he calls home he wanted to create a wine range that was personal to him, that reflected where he was from. Working with indigenous varieties of Cattarratto and Nero d'Avola he conjured four wines using an organic approach and careful winemaking to create wines that are fresh, exciting, moreish and true to their origin. A Sicilian wine through and through.

## Rallo Azienda Agricola

The Vesco family make fragrant wines, organically grown in a certified organic agriculture. They represent the best and most typical style of winemaking in western Sicily: crisp Catarratto and perfumed, fresh Nero d'Avola from their hillside vineyards. Cantine Rallo have vineyards in three sites in western Sicily: Alcamo for Catarratto and Nero d'Avola; Marsala for Grillo and Pantelleria for the Zibbibo that makes their delicious Passito di Pantelleria. Their grapes tend to be picked earlier in the year than many of their neighbours which produces their customary bright, fresh style of wine.

## SARDINIA

## Mora & Memo

The beautiful estate of Mora & Memo sits high in the hills in the south east of Sardinia just a few kilometres from the sea. Focused on the indigenous varieties of Cannanau and Vermentino, the combination of old vineyards with minimal intervention and a delicate touch to the winemaking results in elegant, vibrant and mineral wines. Taking the reins from her father running this small scale winery, Elisabetta focuses on producing wine representative of the island terroir, executed in a modern way.

## Château Ka, Bekaa Valley

Château Ka is an extraordinary story of determination and resolve. Akram Kassatly built his winery in the Bekaa Valley in 1973. Shortly after the first wines were made, Lebanon was engulfed by war. The winery was forced to close and Akram moved into other businesses. Finally in 2005 he announced that he was going to try again. Today, Château Ka is the only winery in Lebanon to produce wine entirely from their own vineyards. Akram creates both rich, concentrated reds and beautifully fresh, fruity, crisp white wines that are some of the finest in the country.

Legendary Marlborough winemaker Ant Moore moved to New Zealand in 2002 and quickly became part of the fabric of the region (despite being Australian born!). Turning bare blocks into thriving vineyards, building up a winery and creating many successful wine brands are just some of his many ventures. Based in and around Marlborough, in the sub-regions of Awatere, Waihopai and Wairau Valleys, these individual micro-climates and terroirs provide a unique personality to Ant's wines

### Sherwood Estate

Pioneers of the Waipara Valley the Sherwood family have been working this land for over 30 years. Waipara is a region with great potential that is still to be realised fully, with greater extremes of frost and warmth than its close neighbours, Marlborough and Nelson. Pinot Noir and Pinot Gris are a special focus here with a fresh regional style of their own. Perfect counterpoints to some of the more famous regions of NZ.

## CENTRAL OTAGO

### Mount Edward

There are many characters in New Zealand winemaking and one of the largest has to be Duncan Forsyth. Madman or genius, planting vines in the cold of Otago takes some nerve. These vineyards are on the edge of what is possible, the climate is so marginal. With a biodynamic approach and the reassuring chaos of a smallholding full of pigs and chickens Duncan produces wines, especially the exquisite Riesling, that just sing and win praise worldwide proving that we should all take some time to be little bit different.

## VINHO VERDE

### Quintas do Homem

Quintas do Homem is one of those estates that immediately captivates you with its charm, its passion and dynamism. Nuno and his father, Antonio, work the vines of their two vineyards, Quinta do Veiga and Quinta do Paço, where they grow predominately Loureiro and Arinto. Ana, their long term winemaker, is a fierce taskmaster, demanding quality fruit that enables her to deliver the pure, fine and elegant Vinho Verdes that Nuno expects. It's very much a family exercise with Nuno and his father working the vineyards, Nuno's mother preparing delicious, traditional Portuguese dishes for visitors and Ana, an adopted family member, making sure the wines are always perfect.

## DOURO

### Lavradores de Feitoria

Lavradores translates as 'farmers' in Portuguese. Cheda wines are made by 15 families of farmers that have been making wines in the Douro for decades. Together they own 19 Quintas throughout the three sub-regions of the Douro Valley. They came together to share resources, expertise, tradition and innovation. To make wines that reflect the great diversity of terroir in the Douro under one roof, with one approach and one winemaking team. Paulo Ruão and Olga Martins are the incredibly talented winemakers behind Lavradores de Feitoria. Their Cheda range offers fantastic value from the heart of the Douro Valley – bright, youthful, approachable styles of wine that fit comfortably onto any shelf or wine list.

### Quinta da Costa do Pinhão

Miguel Morais is the owner and winemaker behind the organically farmed Quinta da Costa do Pinhão. Miguel allows his 40 year old vines to grow naturally on their rich slate soils and at a height of up to 450m altitude they give him a bird's eye view over the Douro, soaring high above the heat of the valley floor. This allows the wines to have pure flavours and minerality at their core. There is little influence from the winery, where historic slate lagars are used to naturally ferment the grapes resulting in terroir driven, fresh, balanced and fruity wines. Far removed from the traditional styles of the Douro.

### Real Companhia Velha

The iconic Real Companhia Velha is the oldest wine company in Portugal, with a history of over 260 years of port production. Founded in 1756 by the Portuguese Prime Minister Sebastião José de Carvalho e Melo, Marquis of Pombal (called Douro Wine Company back then) to regulate the trade and production of all Port wine. One of the first official duties of the company was the delineation of the boundaries of the Douro wine region. This act essentially made the Douro the world's first regional appellation. Today this company represents some of the finest Quintas in the Douro.

## DÃO

### Carlos Lucas Vinhos

Carlos Lucas is the man behind the wine, first and foremost a farmer, but now a very talented winemaker with over 25 years of experience across Portugal. He started the estate 15 years ago on an ancient property once owned by the local priest. A stream encircles this quaint vineyard providing protection from the vast neighbouring pine, eucalyptus and oak forest. It surrounds the poor granite soils, perfect for viticulture, and has given it the name "Quinta do Ribeiro Santo" which means "Holy River Estate".

### Quinta da Mariposa

Quinta da Mariposa is a 'distinctly Dão' producer, making wines that are characteristic of the region from only native varieties; including Encruzado, Jaen and Tinta Roriz. After working with some of the best wineries of the Dão region, oenologist Lúcia Freitas returned to her family estate in Terras de Senhorim to establish Quinta da Mariposa – a project that harmonizes her respect for tradition and her dream of making wines of extraordinary character from the region she knows so well. Together with her husband Filipe, plans are currently underway to convert the town's local nightclub into a winery, serendipitously this is where the couple danced together when they were young.

## TEJO

### Ai Galera

Long overlooked by the wine cognoscenti, the burgeoning interest in Portuguese wine is finally resulting in more awareness of the potential of this proud country. The previously undervalued Tejo region, lying to the south of Lisbon, is capable of producing wines of enormous value and character – something that is captured by Ai Galera. Inspired by the long, and sometimes extremely colourful history of the region – most notably the life of literati Marchioness Leonor of Távora, Ai Galera's arresting imagery and even more arresting wine quality demands and hollers for your attention. Incredible value, intriguing indigenous varieties and supreme drinkability all add up to wines that thrill.

### Quinta da Alorna

Quinta da Alorna has a long and illustrious history stretching back to the 18th century and has links to our very own Iberian Buyer, Paul. Allegedly, his ancestor was rescued by the then winemakers from execution and spirited away, so that many years later Paul could repay the favour and add them to our portfolio. Sitting majestically in the Tejo region, Quinta da Alorna has a wide array of vineyards which are worked in a sustainable and socially responsible way, looking after both the land and the workers. Portugal's trump card is its wide array of toothsome indigenous varieties and they are put to good work here. Aromatic Fernão Pires, tight, minerally Arinto and the Portuguese iteration of Tempranillo, Tinto Roriz, are amongst the bevy of blindingly tasty components that they have to work with and the result is an accomplished range of distinctly Portuguese wines.

## ALENTEJO

### Adega de Redondo

The claim to be Portugal's most impressive and dynamic cooperative winery, is not without substance. Adega Cooperativa de Redondo brings together around 200 producers, representing more than three quarters of the viticultural sub-region of Redondo, deep in the Alentejo. Founded in 1956 by just 14 growers, with an aim to rejuvenate the region after the ravages of phylloxera and a government's singular determination to support cereal monoculture to the detriment of other crops, Adega de Redondo was born. Today they fly the flag for authentic, quality Alentejo wines, are a proud member of the Alentejo Wines Sustainability Program, with a focus on red wine production, which accounts for 75% of their total, alongside fresh whites from indigenous varieties.

# ROMANIA

## Cramele Recas, Viile Timisului

Back in 1988, three families decided to invest in a winery in Romania, starting with 650 hectares of slightly unloved vineyards and a rusty, once state-owned winery. Yet Englishman Philip Cox and his Romanian wife Elvira, have turned the Cramele Recas Estate into the most successful winery in Romania. Recas are now recognised globally for their impressive scale and breadth of fascinating wines, including natural and orange wine from organic grapes.

## Guerila, Vipava Valley

Zmago Petrič's family's winery is located in Vipavska Dolina and from the very beginning, they have worked organically and biodynamically, devoting their energies to local grape varieties and respecting the natural environment around them. Concentrating on the varieties of Zelen and Pinela which are only grown in this region and nowhere else on the planet, they have built a genuinely unique proposition. Everything is hand-picked, naturally fermented and then bottled unfiltered with just a minimal sulphur addition, creating wines that are delicate, mineral and full of freshness.

Winemaker Bruce Jack has years of international winemaking experience. His passion lies in the Western Cape, making wines sourced from the most extreme vineyards and blending them to perfection. Bruce seeks out grapes from wind-ravaged vineyards in Elim, the old expanses of the Overberg Highlands, from dryland bush vines in the warm Swartland and from the high slopes of the Piekernierskloof. They then all come together under Trizanne's watchful eye to create wines full of flavour, tannin and texture.

Nestled in the Citrusdal Mountains, some 50 kilometers north of Swartland, is the magnificent Piekenierskloof plateau, which provides the perfect natural environment for vineyards to thrive. At 750 meters above sea level, the plateau's climate is characterised by warm days and cool nights, which allow grapes to slowly ripen and develop complex fruit flavours. Ungrafted bush vines planted in the 1950's are still used in the production of Piekenierskloof Wine Company's range of wines.

## STELLENBOSCH

### Raats Family Wines

Bruwer Raats is a gentle giant of a man and his reputation is starting to match his stature. His mastery of Chenin Blanc and Cabernet Franc is bringing him praise from around the world as "the most exciting and forward thinking winemaker" in Stellenbosch. He talks of quality by design rather than by default- the current obsession with old vines in South Africa may be admirable but Bruwer believes that better results can be obtained from the right variety planted in the right place. Planting and cultivating the right vines using this considered approach, often using high density planting, is beginning to yield the results that suggest he is on the right track. As an endorsement of his ascendancy, Raats was named as Platter's South African Winery of the Year 2019 with no less than eight 5 star wines!

## B Vintners

B Vintners is a joint venture between Bruwer Raats, owner and winemaker of Raats Family Wines and his cousin, Gavin Bruwer Slabbert, who joined Bruwer as winemaker and viticulturist in 2009. B Vintners focus on creating a small collection of single vineyard, hand-crafted wines; the first being the Muscat d' Alexandria 2014 from a tiny vineyard in Helderberg. Minimal intervention, with an organic attitude towards the winemaking results in wines that are textural and complex.

## ELGIN

### Iona

At 420m above sea-level, set high above the picturesque Elgin Valley, Andrew Gunn founded Iona. It is here, overlooking the Atlantic Ocean that he has secured some of the coolest vineyards in the Cape. In a country where cool climate vineyards are like gold dust, these vineyards are veritable nuggets. There is an extremely long growing season, harvesting up to 2 months after Stellenbosch, allowing Andrew to create wines with complex flavours and a fresh, elegant style. The approach is hands off and the land is farmed according to organic and biodynamic practices with a particular focus on ensuring the health of the soils whilst pests are kept under control by the resident flock of geese that roam the vineyards.

### Adega Ponte da Boga, DO Ribeira Sacra

Deep in Galicia's Ribeira Sacra region, on the banks of the River Sil, Adega Ponte da Boga nestles amongst precipitous and ancient terraced slopes. At harvest time, workers descend as if on a pilgrimage to pick the fruit from these steep, narrow terraces. Delicate hands and nimble feet ensure the grapes are passed up the slopes to the winery to begin the next stage of their journey. From vines, often in excess of 100 years old, come fresh elegant expressions of Albarino, Godello, Mencía and rare Merenzao and Blanco Lexítimo. Cooled by the bracing Atlantic air and basking in the warmth of Galician's sunlight these precariously placed vines produce wines of authenticity and heritage.

### Vides Singulares, IGP Val de Miño-ourense

Vides Singulares was born out of a search for purpose, to enjoy what matters, to re-connect with nature and maybe even make a difference, however in the process Raul and Maite have also managed to make some truly exceptional wines. Seeking out and rescuing indigenous varieties and vineyards abandoned due to rural depopulation; they are also managing to reinvigorate the social environment in which the vineyards are located, though a wine tourism project, bringing their concept full circle. Their labour of love started with just 2.7 hectares of old bush vine vineyard, located across several plots in Ávila, planted with predominantly pre-phyloxera Grenache, Albillo and Verdejo. Their discovery continued with 2 hectares of vineyards in the Sierra de Gredos. Their search took them to a third region, the spectacular Ribeira Sacra in the Val Do Miño where their main purpose built winery is located along with a further 4 hectares of vines. nature's cycle and biodynamics govern their daily work and now the vineyards are beginning to more than repay the attention they've received.

### El Camarón, DO Rias Baixas

We've worked with a winery in the Val do Salnés to produce a fresh and elegant Albariño which captures the quality and unique expression of the variety in this area. Based on a long winegrowing tradition, grapes are entirely from their own vineyards, handcrafted and nurtured with a singular dedication to Albariño. Proximity to the raging Atlantic infuses the wines with characteristic salinity and lively acidity, whilst the granite soils create incredible depth of flavour, making it the perfect match with seafood and inspiring the name, El Camarón (Spanish for shrimp). The name is also a nod to Camarón de la Isla, undoubtedly one of the greatest flamenco singers of all time and responsible for its huge popularity today.

### Pazo Señorans, DO Rias Biaxas

It's hard to believe Pazo de Señorans have been making wine for a mere 30-odd years given that they are now considered one of the finest producers in Spain. Anna, the winemaker, is fastidious in her approach, which could not be more pared back or simple. Having worked with the same growers over many years, there are no secrets to the success, it is all about the quality of the fruit. Ensuring that pristine grapes are achieved is key in this warm, humid climate. Such is the pervasive nature of the humid, briny air that the raised pergolas for training the grapes to ensure air movement are hewn from solid granite! Pressing is followed by a natural fermentation in stainless steel which helps to retain the exuberant fruit character, while the following ageing on lees helps develop texture and spice on the resulting wines.

## CASTILLA Y LEÓN

### de Andres Sisters, DOP Cebrenos

A project between sisters, Ruth & Ana de Andres, Garganta del Aguila is produced from selected parcels of high altitude Garnacha, grown on the distinctive decomposed granite soils of the Gredos Mountains (west of Madrid). Vines scratch out an existence in these once abandoned vineyards, up at 1,007 metres close to the walled town of Avila, dotted amongst huge granite outcrops, with roots sunk deep into the sand-like soils. With a long standing fascination for the wines from this region, it was just a matter of finding the right vineyards and the right people. All of the plots are smaller than 1 hectare; yields are super low, and currently they hand-harvest from across 90 different sites in order to produce this wine.

**Bodegas y Viñedos Merayo, DO Bierzo**

There is rather lovely balance of old and young at Merayo. 80 year old Mencía bush vines give their fruit to the young, dynamic winemaker Juan Merayo who then crafts wonderful wines full of fresh, perfumed characters and ripe red fruit evocative of Mencía. Everything is handpicked with the appropriate reverence for these octogenarian vines before the grapes receive careful temperature controlled ferments and sensitive use of French and American oak to ensure Juan creates the expressive wines he is looking for.

**Cantalapiedra Viticultores, La Seca**

You may call young winemaker, Manuel Cantalapiedra, a rebel or even a freedom fighter but most importantly he is a farmer with a clear vision for the style of Verdejo he wants to make in Castilla y León. He shares a passion for this grape with his father, who he named the winery after, and with his neighbours, but this is where the common interest ends and the rebellion begins. Harvesting later, organically and from single vineyard plots, his wines demonstrate power and finesse in equal measure. His heart and his vineyards lie in the centre of DO Rueda, yet his wines are miles ahead of the appellation.

**Bodegas Emilio Moro**

"Wine is an art. If you know how to listen, it speaks to you, it lets you know when it needs racking and rest. It's just like a living creature that we have to understand, tend to and care for." So said Emilio Moro, founder of the estate. Three generations later this belief is still upheld by José and Javier Moro. Based in the world famous village of Pesquera de Duero in the heart of Ribera del Duero the brothers believe that their wine has a life of its own and with each vintage a part of them is immortalized in it. "It evokes the land where it comes from". Eschewing traditional notions of classification like crianza and reserva, the family were eager to create wines with personality and individuality. Expressions true to their vineyards and their family's heritage. Creating reds from their cherished Tinto Fino, a prized clone of Tempranillo, and more recently crafting Godello wines from Bierzo- vibrant whites that are as exciting and lively as their labels suggest.

**Bodegas Pisuergra, DO Rueda**

Bodegas Pisuergra's singular aim is to produce exquisite, classically styled Verdejo from organically certified vineyards in and around their winery in La Seca, at the very heart of Rueda. One of the region's oldest wineries, they're committed to the natural and social environment, striving to ensure the soils remain vital to produce the best possible grapes. The use of cover crops and organic manure builds soil diversity and reduces the risk of disease, which in turn leads to a vigilant but hands-off approach amongst the growers. Vinification is in the hands of their experienced team at their state-of-the-art winery in La Seca, where their experience of the region and close partnership between the oenologist and winemaker, enables them to capture the ultimate expression of Organic Rueda Verdejo.

### Alvarez y Diez, DO Rueda

Alvarez y Diez are one of the most important producers of D.O. Rueda wines, arguably Spain's most successful white wine growing region. With 100 hectares of their own vineyards, they practice viticulture based on minimal intervention, allowing the climate, with its strong contrasts between day and night temperatures to provide the perfect balance of ripeness and acidity. The clay content in their sub-soils retains moisture, which is then made available to the vines during summer and particularly useful in drought years which are becoming increasingly common. Wines are made in their state of the art winery, however they continue to use the old underground wine cellar that belonged to the Church as a barrel store, linking the history of the area with modern production and an eye on the future.

## DOCA RIOJA

### deAlto Rioja y Más

deAlto Rioja y Más pays tribute to our long-standing love for all things Spanish: the food, the people, and of course the wine... Master of Wine Giles Cooke, has led our winemaking team to craft a range that illustrates the brilliant potential of Rioja, Navarra and La Mancha as well as the quality of fruit that these regions can deliver when respectful, sustainable techniques are maintained. Drawing on the revered, in-depth knowledge of Paul Shinnie and the technical skills of Marta Juega Rivera, these wines offer a tantalising taste of contemporary Spain.

### Bodegas Amaren, Rioja Alavesa

Jon Cañas (Luis Cañas' grandson) is the imaginative winemaker behind Bodegas Amaren. He has been granted free rein to explore the character of Alavesa's vineyards, giving us a raw, modern interpretation of Rioja Alavesa: employing native yeasts for his ferments, experimenting with concrete vessels and lees ageing to achieve expressive wines that are respectful of the ancient grape varieties that he works with, and staying true to Alavesa.

**Bodegas Luis Cañas, Rioja Alavesa**

In 1970 Luis Cañas changed two hundred years of tradition and became the first winemaker in Rioja Alavesa to bottle his young wine rather than sell it as bulk. This bold move, and his continued pioneering spirit, has cemented the winery's enviable reputation as one of the most progressive in the region. Sheltered below the watchful Sierra Cantabria, the vineyards are all old, small plots on chalky-clay soils with a dedicated team of vineyard workers carrying out organic practices and a purpose built, fully equipped accommodation block was built for the entire vineyard team in 2006. His son, Juan Luis Cañas is now the powerhouse behind this highly accomplished winery, but everywhere you go there is a feeling of family, and especially of the lasting legacy that Luis Cañas will leave for both his son and the Alavesa.

**Bodegas Manzanos**

On the border between Rioja and Navarra, Victor Manzanos carries on the work of the four generations before him. With over 250ha of owned vineyards at his disposal, including some of the oldest vines in Rioja, Bodegas Manzanos is fortunately placed to put both the sub-region of Rioja Oriental and the name Manzanos firmly on the map as one of the most important areas and producers in Rioja. This range of wines is a modern take on the traditional landscape of Rioja, championing the native grape varieties, Tempranillo, Viura and Garnacha. The team is the youngest in the region, a talented a group of people with the sole purpose of making wines that people will enjoy.

## Abel Mendoza

Modest, passionate and in no small part obsessive, Abel Mendoza and Maite Fernández have been making understated wines from their old vine vineyards, high up in the Cantabrian mountains near San Vicente de la Sonsierra since the late 80s. His intimate knowledge of the diverse terroirs in this spectacular part of Rioja is enthralling, and every barrel tasted reveals startling provenance and true character of the vintage. Abel doesn't make wines that flatter, they don't speak of oak regimes, but rather of the quality of his fruit, expressed in its most honest form.

## ARAGÓN

### Ignacio Marin, DO Cariñena

Blessed with an abundance of sunshine that is tempered by the strong Cierzo wind that flows through the Ebro Valley, cooling the vines and the people alike, the Ignacio Marin family have deep roots in the Cariñena region. With a winemaking heritage stretching back centuries that is matched by a generation long devotion to Garnacha they take the abiding view, cherishing the old vines they tend, eschewing the modern day pressures to grub them up. Upon that long held belief and resolute defiance their reputation has been built. They strive to create wines of incredible value and varietal character true to their quiet corner of Spain.

## CATALUNYA

### Bodegas Sumarroca, DO Cava

It's unusual to boast an estate of this scale in Penedes, where many Cava producers buy in much of their fruit or base wine, yet it was always Carlos Sumarroca and his wife Nuria's vision to control every aspect of their production, and whilst doing so, to nurture the biodiversity across their three impressive estates, in the heart of Cava country. Across their 465 hectares, 190 hectares are planted with vines, all organically cultivated and focusing on the use of indigenous varieties. Every aspect of production is controlled, with a focus on biodiversity, preserving the environment and utmost respect for the land. The winery itself is built into the hillside so that all movement of the wine is by gravity; with only free run juice being used for the production of their high quality Brut, Reserva and Gran Reserva Cavas.

### Vinícola del Priorat, DOQ Priorat

Vinícola del Priorat is the only cooperative in Priorat, founded by 140 farmer-producers based in the four beautiful villages of El Lloar, La Vilella Baixa, La Vilella Alta and Gratallops. They work over 300 small plots of land on very steep slate slopes that can exceed 30% gradient. Some plots are over 100 years old, producing a very low yield per vine of only about a 1kg of grapes. Mas dels Frares offers fantastic value for money.

### Cal Batllet - Marc Ripoll, DOQ Priorat

Marc Ripoll returned to his family vineyards to change their fortunes. The family had been reduced to selling their harvests to the local co-operative, but he set about renovating the dilapidated winery and now Cal Batllet is regarded as one of the leading estates from their village of Gratallops. Marc is part of the new generation of winemakers in Priorat who are reclaiming the region for their own. Focusing on a style that puts the local terroir as its heart and looking to create wines of elegance and refinement, light years away from what made Priorat the darling of the American critics. An organic approach in the vineyard and use of wild yeast and barrel fermentation all come together to create wines expressive of the individual sites they come from. The 90 year old bush vines planted in steep hillsides on slate soil all create personalities of their own, none more so than the nearly extinct Escanyavella grape which produces a wine full of sublime texture and fruit.

## Perelada

This family-owned Estate was built upon a winemaking tradition that stretches back to the Middle Ages, they produce wines in DO Empordà, which through their hard work and skill they helped create in the 1960s. Their vineyards are rooted on diverse soils from slate to sand, fluvial sediment to gravel, that all run down between the mighty Pyrenees and the sparkling blue of the Med. This setting has helped create a quest for quality that has gone beyond winemaking, encompassing all things cultural, celebrating art and history in all aspects of life. Easy to believe in a region that was home to the godfather of surrealism, Salvador Dali. The family purchased an additional bodega in Penedès' capital, Vilafranca del Penedès, allowing Perelada to increase its production, becoming a serious player amongst Spain's most prominent cava producers. This range is at a price and quality ratio that is hard to argue with, offering incredible value. Every summer Castillo Perelada hosts one of the most prestigious music festivals in Europe. Stars Cava is a tribute to all the artists who have performed under the stars of the Empordà sky.

## Alemanya I Corrió, DO Penedès

In the little town of Vilafranca del Penedès in Catalunya, Irene and Laurent are challenging the traditional perception of DO Penedès wine. They have committed themselves to an organic approach. Converting their vineyards, abandoning all forms of chemical treatment and fertilisers and shunning the typical Penedès high yields. In their modest cellar, which was in part homemade production remains small yet as they identify further small vineyard sites their range has extended to include distinctive wines of richness and complexity using naturally fermented Xarel·lo.

## MONTSANT

## Celler de Capçanes

Nestled in the rugged hills of the Catalan countryside, in the tiny village bearing its name, is the well-respected Celler de Capçanes. It was this wild Montsant landscape which first captivated Jürgen Wagner back in the early 90s, but it was the huge potential he recognised in this unique village co-operative that determined what followed. Pouring all his efforts into working with the growers to nurture the best from their vineyards and the most honest expressions of their terroir, Celler de Capçanes has established itself as one of the most engaging and outward looking wineries in the area.

## SIERRA DE GREDOS

### Bodegas Bernabeleva, DO Vinos de Madrid

In the centre of Spain, a stone's throw west of Madrid, is Bodegas Bernabeleva. At the feet of the Cerro de Guisando and Gredos mountains this winery lets its vines stretch out their roots through the thin infertile sandy soils, formed from decomposed granite, to cling on to life. Four generations have tended these old hardy vines that have repaid the care and attention with quality fruit hand harvested from the organically managed vineyards. Plots of Garnacha, Albillo and Moscatel de Grano Menudo are vinified separately, neither fined nor filtered to ensure that both the land and love shown shine through.

## LA MANCHA

### Bodegas y Viñedos Tinedo, VdT Castilla

The charming family owned estate, Tinedo, has been making wine in the heart of La Mancha since 1742. Manuel, Esperanza and Amparo Álvarez-Arenas, have lead the pursuit of terroir-expressive wines since 2002. They have also reinforced social and agricultural sustainability in this area. These wines are raw, vibrant interpretations of Tempranillo with no oak treatment to mask a pure expression of the fruit.

## Vinos Más Buscados

Inspired by Spain's largely untapped fine wine resources, friends, colleagues and Masters of Wine, Fergal Tynan and Giles Cooke set off on a journey to find the unsung heroes of Spain, be they regions, growers or winemakers. Fergal's interest in wine terroirs and Giles' instincts for flavour, led them to unearth great Spanish wines whose stories were untold. Each wine is hand made. Each wine reflects the personality of the land and the subtle imprint of man in varying degrees. Now encompassing the terrific value of Centelleo, Torre Solar and Castillo del Moro, Vinos Más Buscados is a reflection of all that is best in modern Spanish winemaking.

## MANCHUELA

### Bodegas Gratias, Manchuela

When Ana and Iván got together for a party with some oenologist friends in 2007, they decided to make some wine and put it in a barrel. The results of this first vintage were astonishing and so Bodegas Gratias was born. After the success of the first vintage, they realised they had a chance to make a difference. In a region with a declining wine industry, Ana and Iván are on a mission to protect old vineyards of Bobal, Tardana and other local varieties, championing the vinous heritage of the area. They champion Manchuela as a region capable of producing exciting and relevant wines that draw on the best of tradition and indigenous varieties, yet with a spin that is undeniably looking to the future. These wines are artisanal and as natural as they come, being organically grown, fermented with natural occurring yeasts and minute sulphur additions, if any.

### Entero, DO Manchuela

Curiosity often leads us in unexpected directions, particularly in the lesser trodden region of Manchuela. Here, with the Entero project, we've worked with a local co-operative in the village of Villamalea, to create an awesome un-filtered old vine Macabeo. At over 700m above sea level, diurnal temperature variation is marked and results in grapes with vibrant freshness and vivid flavour, whilst the continental climate brings cold winters, hot summers, and uniquely expressive fruit which we've harnessed in all its unfiltered glory!

**Bodegas Altolandon, DO Manchuela**

Owner & winemaker, Rosalia Molina, makes organic wines in one of Spain's highest altitude wineries. Her mission is to make wines that express the typicity of DO Manchuela: the vineyard, the altitude and the varieties planted. This is a climate on the edge of what is possible: at 1,100 metres above sea level, the grapes experience a large diurnal range that encourages even ripening and helps to retain natural acidity. Rosalia's vineyards are certified organic, she uses only natural fertilisers, promoting biodiversity by welcoming chickens, sheep and pigs from local farms to roam the vineyards freely. Grapes are hand harvested and vinified as naturally as possible with native yeasts and little other intervention. The wines are then aged in clay amphora and some in French oak to give texture and complexity.

**DO JUMILLA****The Mimic**

Unabashed in its ability to match the bold, rich flavours of its Antipodean counterparts, Mimic Shiraz is a southern Spanish take on an old favourite. Displaying a plethora of ripe, dark fruits, hints of mocha, vanilla and spice, this Aussie bashing red, mimics the strident style that has found such favour in the southern hemisphere.

**Viña Elena**

Widely considered to be one of the best wineries in Jumilla, Viña Elena is very much a family affair with Elena Pacheco at the helm supported ably by her mother, sisters and children. Viña Elena sits directly inland from the Costa Blanca and that venerable holiday destination, Benidorm. Safe to say, it is hot in this south east corner of Spain and Elena is fascinated by Monastrell and how she can create ever more elegant and delicate incarnations of it, despite the intensity of the sun. From their 17 hectares of organically cultivated vines set within the semi-arid, hilly landscape, Elena experiments with the differing soil types to see how Monastrell will react and how she can express the personality of the grape. The differing terroir, organic practices and the lack of oak influence all goes to create fascinating wines of greater elegance, fruit and delicacy than the heat of this sun worshippers' land would have you expect.

**Bruma del Estrecho de Marin**

A deeply personal project from Elena Pacheco and Isio Ramos, encapsulating the very different reflections of terroir on their much loved Monastrell grape. Each wine, all DO Jumilla but from different old vine plots, express startling individuality based on their microclimate, soil, location and age of the vines. Sites across two locations, Marin and Las Encebras, three specific plots, Mandiles, Vereda, Particiones, and one estate, Casa Quemada. Bruma is an exciting interpretation of Jumilla and brings lightness, complexity and elegance to this hot, arid, and often monolithic region. With Bruma, Elena and Isio strive to celebrate Monastrell's quality, with a commitment which means wines are only made in vintages that display the honest expression of the vineyard and location. "The most important thing for us is that when all the wines are tasted, you can appreciate the difference in soil (sandy, stony, or more limestone), the age of the vineyard, the altitude, whether it is a colder or warmer area".

## VALENCIA

### La Comarcal

A collaboration of two friends, Javi Revert and Victor Marqués, who first worked together at Celler del Roure. Their three wines come from terroir specific vineyards to express the very best of the varieties they work with. Delmoro is predominantly Garnacha with some Bobal and Syrah in the blend, fermented separately, and aged in stainless steel and oak. All coming from a four hectare single vineyard. Carmen is 100% Bobal from a two hectare single vineyard and aged for 12 months in a single concrete egg and produced entirely biodynamically, whilst Lafont is a fascinating Malvasia, fermented and aged in concrete, with a small proportion in barrel.

### Celler del Roure

Celler del Roure have become the pioneer of quality wine in Valencia. Owner Pablo Calatayud is committed to nurturing and championing the indigenous varieties of the region, most notably the Mando and Verdil grapes, both of which have been on the edge of extinction. Pablo has realised that they are worth saving and, treated properly, can create wines of wonderful quality, freshness and concentration. Paying meticulous care in the vineyard and winery reduces the need for sulphur additions meaning his wines are verging on "natural". Whilst in the cellar he makes use of Spanish amphorae called tinajas to ferment some of his wines to preserve their characteristic freshness and elegance creating pure and delicious wines with distinct flavours.

### Bodegas Contreras Ruiz

Next to the National Park of Donana, an area of preserved natural beauty, Bodegas Contreras Ruiz champions the rich, full bodied Zalema grape. Located in the deep south of Spain, on the Atlantic coast close to Portugal, this is the perfect site to grow this local variety organically. Their goal is to make complex wines, where this single grape variety is expressed in different ways according to site and soil.

## ANDALUCIA

### Bodegas Barbadillo

Barbadillo in Singular is a small part of Bodegas Barbadillo, the renowned producer whose name is inseparable from its home in Sanlúcar de Barrameda. For 200 years the winery has stood at the mouth of the Guadalquivir River, where its biological process came into being with the first Manzanilla it produced in its cellars. Never ones to rest on their laurels, the Barbadillo family continues to experiment, and push this traditional region into modernity with ever-daring projects, small-scale thinking and focusing on the detail ... and in this instance, the detail is 'Singular', a white wine from a specific location, showing two expressions whilst never losing the spirit of Barbadillo.

## JEREZ

### Bodegas Gutiérrez Colosia, DO Jerez

Bodegas Gutiérrez Colosia is the only bodega in Puerto de Santa Maria situated alongside the riverside ensuring the perfect humidity level needed for the biological ageing of the "Fino" and the developing of the fine layer of yeast- "en flor". The range is reliably high quality, individual and authentic- owners, Juan Carlos and his wife Carmen produces 100% natural wines from the traditional crianza-solera method.

### Equipo Navazos

Equipo Navazos was born out of a group of friends passion to share the authentic, traditional wines of Jerez de la Frontera, Sanlúcar de Barrameda, El Puerto de Santa Maria and Montilla ... legitimately some of the greatest wines of the world! These wines come from soleras and individual casks that remain, relatively neglected by the market in corners of many of Andalusia's most prestigious bodegas. These unexpected yet fortunate findings have been made available to wine lovers around the world in limited quantities under the La Bota series (consecutively numbered editions, with the date of each saca or withdrawal date on the label) ... in doing so respecting generations of expertise and care for these rare and beautiful wines. Today their efforts are increasingly focused on producing their own exceptional wines, such as Florpower, that truly express the character of Sanlúcar and its unique terroir. Outside of Andalusia, Equipo Navazos have collaborated with winemakers including Dirk Niepoort and Sergi Colet to develop authentic and individual wines that never fail to impress.

**Bodegas Ximénez-Spínola**

There are not many wineries that have built their success by focusing on just one grape variety, let alone one that has been permanently out of fashion, but that is precisely what Bodegas Ximénez-Spínola have done since 1729. Working solely with Pedro Ximénez, they produce a selection of fascinating dry wine, dessert wine and sherry. However, there are not many wineries with such immense history and deep knowledge of Pedro Ximénez either, making them true masters of the grape and producer of some truly exceptional wines.

### Paul Hobbs

Raised on a farm on the east coast of the United States, Paul Hobbs grew up in a tee-total household but this did not stop his first taste of wine being Chateau d'Yquem. It is tempting to say 'and the rest is history' and leave it at that, but there is so much more to this man. Paul came to winemaking via studying to be a doctor and this scientific background and attention to detail has helped hone his approach to crafting wonderfully precise, complex wines in California, and around the world. He has famously been called the 'Steve Jobs' of wine by Forbes magazine and it is clear he is a driven perfectionist whose hard work has paid off with numerous 100 points scores from the critics. However, to stop there would do Paul an injustice. Notwithstanding his mainstream winemaking training at UC Davis, Paul is an advocate of low intervention methods. Since the late 1980's, long before it was popular, Paul was using wild yeast to ferment and organic vineyard management techniques to get the best from his vines and protect the land. Like his wines, he is a complicated, multi-layered man and across all his ranges there is an elegance and lightness of touch that makes you realise there is a truly talented winemaker at work here.

### Qupé

An absolutely legendary winery and one of the original 'Rhône Rangers' (a group of winemakers dedicated to promoting American Rhone varietal wines), Qupé focuses on cool climate expressions of Rhône varietals along the Central Coast of Santa Barbara County. Due to their positioning, right next to the cool Pacific Ocean, they are set apart from most other regions of California. Their founder, Bob Lindquist, was awarded a Lifetime Achievement Award in 2015 and the Californian poppy logo of the winery is now world renowned. They remain iconic wines with an enviable reputation.

### Cartlidge and Browne

In 1980, the same year Ronald Reagan came to power and JR was shot in 'Dallas', with no money to buy vineyards and seeing no reason to, Tony Cartlidge started his winery in an undistinguished Napa Valley garage. Possibly the original Californian 'garagiste' he set out to source the best possible grapes to handcraft his wines in this unassuming home. Nearly 40 years later, still sourcing from vineyards as wide ranging as Sonoma to the Sierra foothills, continuing to produce high quality wines, Cartlidge & Browne has become a byword for varietally pure Californian wines, whilst sticking to their garagiste roots of taking a different path.
