### DEFINITIONS OF WINE

We feel the ethos and philosophy behind the creation of wine is the most important thing to consider, more than a certification.

Practising or certified we feel those producers who work with a philosophy in mind should be recognised. Those producers who respect the land they work, the wine they make and the people they employ. To this end, you will see producers in this portfolio recognised as acting in a sustainable manner, having organic or biodynamic practices or producing certified organic wines.

### Wines by Country

#### Argentina

##### Manos Negras

Alejandro Sejanovich is arguably Argentina's most knowledgeable viticulturist, working as vineyard director for Bodega Catena Zapata for 16 years, he pioneered high altitude vineyard planting and conducted ground breaking research on Mendoza Malbec clones. Manos Negras focuses on latitude winemaking, planting Torrontes in the northern stretches of Cadayate in Salta, Pinot Noir in the southern-most region of Neuquen in Patagonia and cultivates 50 year old Malbec vines in the prized Altamira appellation in the Uco Valley.

	3784 Chardonnay, Los Arboles, Mendoza	19/20	6x75cl
	3786 Torrontes, Salta	19/20	6x75cl
	3788 Malbec, Uco Valley	18/19	6x75cl
	3789 Pinot Noir, Rio Negro, Patagonia	18/19	6x75cl
	3790 Red Soil Select Pinot Noir, Rio Negro, Patagonia	17/18	6x75cl
	3791 Stone Soil Select Malbec, Paraje Altamira, Uco Valley	17/18	6x75cl
	3792 Artesano Malbec, Paraje Altamira	2017	6x75cl

##### Santuario, Mendoza

In Argentina the Malbec grape is the vinous equivalent of Messi or Maradona. Santuario pays tribute to this Argentinean wine obsession. This wine over delivers on every front showing why Argentina leads the world in quality Malbec.

	2496 Malbec	2019	6x75cl
--	-------------	------	--------

##### Man Meets Mountain, Mendoza

"Great things are done when men and mountains meet, this is not done by jostling in the street". The quest for higher quality has seen Argentina's most ambitious winemakers push into the Andes foothills where the higher altitude and meagre soils produce the finest grapes. Man Meets Mountain celebrates those that face up to and conquer the challenges posed by nature and brings to you a harmonious Malbec, packed full of blueberry, blackcurrant plum and a complex, delicious finish.

	2147 Malbec	2019	6x75cl
--	-------------	------	--------

##### Viña Cobos, Mendoza

In 1989, Paul Hobbs visited Mendoza for the first time. Driving over the Andes from Chile, he fell in love with the place, the people, but also with the potential to make great wine. He began experimenting with wild fermented Chardonnay and then with the variety that would become Argentina's calling card - Malbec. His first 10 barrel vintage of Malbec persuaded the American press of the potential of this grape. Paul established his own winery, Vina Cobos, in 1999 and over 20 years later, Paul continues to makes wines that are authentic expressions of the terroir from which they come. In an exploration of the different terroirs across Mendoza Paul looks for the most distinguished regions in Luján de Cuyo and Valle de Uco to produce wines that uniquely express their origins. The winery's elegant and balanced wines are a result of meticulous vineyard farming and utmost respect for terroir.

#### Stella Bella Wines, Margaret River

This boutique winery in the heart of Margaret River creates idiosyncratic named ranges like Suckfizzle and Skuttlebutt in a low interventionist and organic way keeping their approach as simple as possible to allow their cherished vineyards to show their quality. It is not merely in the names where these wines are memorable, as once you have tasted them you will see why Luke Jolliffe, the winemaker, continues to receive recognition and awards from around the world for wines that have that wonderful Margaret River restraint and elegance, but are bound together with a fruit purity that makes them delectable.

#### One Chain Vineyards, South Eastern Australia

One Chain works with growers to source fruit from some of the most respected regions of South Eastern Australia to produce wines that are inspired by a love for the Australian national sport. Indeed, the name One Chain is the imperial measurement for 22 yards, or the length of a cricket pitch. However, you really don't need to be a connoisseur of the game to be bowled over by the restrained, elegant style of the Chardonnay and the bright red fruit and subtle oak of the Shiraz Cabernet.

 	1310 The Googly Chardonnay	18/19	12x75cl
 	1311 The Wrong Un Shiraz, Cabernet	19/20	12x75cl

#### Ricca Terra, South Australia

That the Riverland region of South Australia is now being re-imagined and reinterpreted is, in part, due to the efforts of one man – Ashley Ratcliffe. As a viticulturist, he knew that not only were some of the best Riverland vineyards undervalued but that many were planted with the wrong varieties for the climate. Over the last few years, these vineyards have come on stream with varieties like Montepulciano, Touriga, Arinto, Fiano and Nero D'Avola to name but a few. Ashley's Ricca Terra range are vibrant, quirky, cleverly made wines that have deliciousness as their raison d'être. More than that though, they are a beacon for the future sustainability of a previously much derided region and it is to Ashley's credit that other serious producers are now taking fruit from here.

### Wild & Wilder, South Australia

Wild & Wilder is all about good clean fun. Working hand in hand with their merry (in a good season) band of growers, they craft wines of supreme quality but don't take it all too seriously. Great fruit, grown by great people and made with a lot of love by people that know that wine is all about the good times, delicious food and creating great memories. Founded by Giles Cooke MW & Fergal Tynan MW, who also make the Thistledown wines, the mundane is just not in their DNA. Being involved in every stage of the winemaking process from bud burst to bottle means that every bottle from Wild & Wilder is an experience you'll want to try again.

### Thistledown, South Australia

Ever since historic Scots, James Busby and John MacArthur founded the Australian wine industry in the early 19th century, the relationship between Scotland and Australia has been an enduring one. Guardians of this long history, Thistledown Wine Co. continues the tradition of Scottish ingenuity and great Australian wine. From their small-batch winery in the idyllic Adelaide Hills, they work with pristine fruit sourced from iconic vineyard sites. Giles Cooke MW and Fergal Tynan MW, with the helping hand of Peter Leske, craft lithe, energetic wines that illustrate the benefits of great sites and intelligent, low-intervention winemaking. Giles and Fergal share a particular passion for Grenache and, in ever more detail, Thistledown continue to unpick the rich patchwork of South Australian Grenache – reassembling it in their own inimitable style. This unique blend of superb fruit sources and experience in both the New and the Old Worlds helps craft wine of subtlety, texture and detail – wines perfectly suited to complement rather than overwhelm fine food.

### Majella, Coonawarra

Brian 'Prof' Lynn, the effusive, yet self-deprecating voice of Majella Estate, would never brag about his accolades but it's clear he has a lot to be proud of. Majella craft some of the finest wines in the country on one of the most revered strips of dirt in the wine world. Winemaker, Bruce Gregory made the very first wine for Majella and has made every one since. The Mallee, their flagship wine is a masterpiece which along with the Majella Cabernet Sauvignon has entered Langton's Classification of Australia's Best Wines.

### Funkstille, Niederösterreich

We all need a little 'Funkstille' (radio silence) in our life now and again. Kick back and take a moment to enjoy the silence with a glass of Grüner Veltliner. With its subtle exotic hints, ripe pear and fresh citrus flavours, it's a dry wine with complex flavours. The palate is rich with flavours of melon and grapefruit with a refreshing, zippy finish.

## Bulgaria

### Enira, Bessa Valley

Count Stephan von Neipperg, owner of several famous Bordeaux properties, including Châteaux Canon La Gaffelière and La Mondotte, sought out the Bessa Valley where the wonderful clay-limestone soils showed him the potential to make great wines. In the shadow of the dramatic Rhodope Mountains, these soils provide the structure, strength and minerality that allows Stephan to create wonderful wines that are full of power and elegance.

## Chile

### Espinos Y Cardos

Between the mountains and the sea, Espinos y Cardos looks to craft subtle, pure expressions of classic international varieties from their two ranges. Focused on vineyards in Casablanca and Curico, Los Espinos combines cutting edge winemaking with regional typicity to provide a range that is at the beating heart of the country. Santa Macarena is a testament to the individuality and intrigue that so many Chilean wine drinkers are yet to discover. Amazing fruit, grown in the Leyda region 5km from the ocean, so close you can smell it, crafted into a unique expression of the enigmatic Pinot Noir that clearly demonstrates the real quality that lives in this land.

### Tinto de Rulo, Bio Bio Valley

Tinto de Rulo is the project of three friends who, by pooling resources, make wine together – but even then it's a small project, making just 1200 cases in total. Tiny plots of Pais, ranging from 70 to 200 years in age, are spread across Itata and Bio Bio. Fruit from these pristine organic vineyards is fermented in clay amphorae and very old native rauli pipes with only minimal sulphur added at bottling – these wines are a proper introduction to this wilder side of Chile.

### Casa Marin, San Antonio

When the first vintage of the Sauvignon Blanc was released, it was heralded by Parker as the best white wine made in South America. A moment of great satisfaction for Maria Luz Marin who had to fight to be allowed to plant her vineyards in Lo Abarca, only 5km from the sea. But this is a lady who doesn't take 'no' for an answer and has a career littered with great achievements and numerous firsts. Maria Luz's vision and determination to coax world class wines from these coastal vineyards has proved Chile is capable of producing wine that can take on the world's best.

Indómita

The dynamic winemaking team at Indómita skillfully craft wines from their vineyards in two of Chile's very best regions. The cooler climate Casablanca is great for Sauvignon Blanc, Chardonnay and Pinot Noir while the warmer Maipo Valley offers classic Cabernet Sauvignon and Carménère. Indómita produce superb, expressive wines that are both beautiful and stunning value for money.

### Odfjell

Founded by Norwegian Dan Odfjell this pre-dominantly red wine producer creates wines of elegance and poise. They are fully committed to biodynamics with cover crops and beehives populating the vineyards while small Fjord horses work the land. Odfjell produces wonderful wines that few in Chile can match, with their Carignans, which come from rescued 80 year old vines, proving to be of particular note.

## France

### Loire

#### Nantais

#### Domaine des Herbauges

Winemaker Jérôme is committed to the sustainability of his vineyards. Once harvested he ferments at low temperatures conserving the aromas of the must, then matures the wine on the lees from 8 to 14 months with regular bâtonnage. Bottling is straight from the fermentation, leaving a light natural spritz. Julia Harding has described the wine as “elegant and balanced”, giving it 17 points.

#### Anjou-Saumur

#### Domaine des Baumard

One of the Loire’s most lauded producers, Florent Baumard has courted controversy by pursuing his own ideas and challenging the status quo. In a deeply traditional region, his early adoption of screwcaps and different vine trellising systems marked him out as the enfant terrible of Savennières. His mantra now encompasses a belief in the individuality of each vintage, believing it should be made with minimal intervention to allow the wine to reflect its vintage and unique character. His Savennières from the famous vineyards of Clos St Yves and Clos du Papillon are rich, yet with a balance and elegance that are unrivalled. His top cuvée of ‘Trie Speciale’ is only made in very exceptional vintages when grape quality is optimal. It is a wine full of paradox, honeyed and yet dry, rounded and yet firm. The rich fruit, tremendous weight and concentration ensure that it is a thoroughly memorable experience.

#### Touraine

#### Domaine Patrick Vauvy, Loire

Patrick Vauvy manages 30 hectares of vines, the majority planted with Sauvignon Blanc. The Domaine has been the hands of the Vauvy family for generations, Patrick took over and has brought new vision and an experimental style to the Domaine. He is often the last of his neighbours to harvest. Located above the banks of the Cher River, the soil is predominantly sand based giving the wines a fruit driven, immediately appealing style.

### Sancerre

#### Domaine Picard

The Domaine Jean-Paul Picard et Fils is a family run estate cultivating 14 hectares of vines, all of which are situated on the slopes of Bué and are amongst the best sites in the Sancerre region. Picard practices 'lutte raisonnée', where chemical treatments are used only when necessary and they plough to loosen the top soils and help develop micro-bacterial life. The wines are well balanced and very aromatic, full of fruit and subtle hints of minerality.

	1525 Sancerre Blanc	2019	12x75cl
	2776 Sancerre Rosé	2019	12x75cl

#### Domaine François Crochet

To the south west of the town of Sancerre, lies the tiny commune of Bué. Here you find François Crochet single handedly managing his 10 hectares. Doing much of the work in the vineyards himself, he is committed to hand harvesting to help maintain the quality of the resulting wine. Unable to make enough wine to keep pace with demand these wines are some of the most precise and refined Sancerres you will ever get to taste if you get the chance.

### Pouilly Fumé

#### Domaine Pierre Marchand

Eric Marchand spent his childhood in the vineyards helping his parents, instilling in him a love for the land. He went on to study viticulture then after graduation he and his brother, Pascal, took over from their father. Across their 17 hectares they practice minimum intervention as well as conducting a green harvest and debudding in the spring to improve quality further. This allows them to create a concentrated example of Pouilly Fumé with well balanced, crisp gooseberry and blackcurrant leaf fruit overlaid with hints of citrus and minerality.

#### Bouchié Chatellier

Domaine Bouchié Chatellier is one of the most outstanding producers in Pouilly Fumé. Rubbing neighbourly shoulders with the inimitable Didier Dagueneau, and with vines planted on the same Silex soils as Didier's, the domaine's gently tended vines benefit from that high proportion of flint, which stores and reflects the heat so well. The levels of resulting ripeness as well as the incredibly rich flinty minerality imbues the wine with a delicious complexity that few others can match.

### Alsace

#### Cave de Ribeauvillé

Run and owned by growers for over 100 years this co-operative has always been about their land and the quality of fruit that grows on it in the Vosges Mountains. The alternating razor sharp ridges and plummeting valleys create slopes with fantastic exposure to the sun and great protection from the wind and rain which help maximise the potential of this vertiginous land. This particular range comes from a small selection of organic vineyards, which show poise through fresh, fruit driven clean expressions of the classic Alsatian varieties clearly demonstrating that this venerable co-operative is living very much in the moment.

#### Domaine Klur

Certified organic and following biodynamic practices, this small estate of just 7 hectares is nestled on steep slopes in the heart of Alsace. Whilst Clement Klur is still very much involved at every stage from vine to bottle, he has now joined forces with his good neighbour, Leon Heitzmann, and their joint effort in the vineyards is reflected in the increasing quality of the wines. These vineyards are tranquil places, full of fruit trees dotted amongst the vines which attract and offer shelter to local wildlife. This symbiotic relationship helps maintain the health and balance of their land. The steep vineyards means the harvest is carried out by hand, allowing the pickers to be very selective and gentle in choosing the healthiest fruit to ensure that the resulting wine is always of the highest quality.

#### Klur Natur

The latest project from Clement Klur. He is pushing the boundaries of what it is possible to achieve from his small estate on the steep slopes of Alsace. Intent on going beyond organics and bio-dynamics this range is as natural a production as is possible: no fining, no filtration, no added sulphur. Resulting in sulphur levels barely around the 10mg/l mark. The grapes are handpicked and pressed in tiny traditional presses (operated by hand) all to ensure as little interference from vine to bottle as possible. This all results in intense flavours and textures that linger long in the mouth and memory.

### Burgundy

#### Chablis

##### Domaine Michaut Freres

Chablis has experienced more than its fair share of bad luck in the last few years with tiny harvests resulting in soaring prices. So we are pleased to have Bernard Michaut on board providing his stunning, fresh vibrant Chablis. The winery is located in Biene close to Chablis, built on the classic soil of the region, kimmeridgien, underpinning the 60 hectares of vineyards. These wines show great typicity, steely acidity, plenty of fruit with that unmistakable note of flinty "terroir".

##### Domaine Defaix

Spending time in Didier and Sylvain's company you immediately understand the energy and effort that is put into their wines, or more correctly, their vines and land. Situated a little north of the eponymous village of Chablis the brothers have some of the best situated vineyards in the whole of the region and their efforts to coax the best from the soil is incredible. This translates directly into the wines which are powerful, textural and capable of considerable development. Certified organic and with bio-dynamic influences the gentle caring approach of the Defaix boys makes their wines flagship examples of why Chablis is so special.

A family run business since 1972 consisting of 8 hectares and producing one of the greatest French wines - Meursault. Vincent took over from his father Jean in 1998 and now owns 11 hectares of vineyards in Meursault and Chassagne. The name of the winery was changed from Latour-Labille to Domaine Latour starting, with the 2010 vintage.

##### Domaine Pillot

Laurent Pillot, who took over the running of Domaine Pillot in his mid-twenties, transformed his family estate from grape growers to a leading estate and one of the superstars of Chassagne-Montrachet. With a superb collection of vineyards and a modern winemaking facility on the edge of the village, both their red and white wines are of an excellent quality. From the exotic fruit driven Meursault through to the round, sultry Chassagne-Montrachet 1er Cru Morgeot Rouge the underlying minerality shines through.

## Autumn Update

### Domaine Jaeger-Defaix

Hélène Jaeger-Defaix manages this estate in the same same spirit as their vineyards and estate in Chablis. They farm organically and the vines have an average age of at least 35 years. When the hand picked grapes arrive the pressing is gentle and slow to extract the best juice. Post fermentation the wine is aged for a further 18 months in oak barrels of 1 to 5 years old with moderate “batonnage” to enhance the elegance of the wine.

### Mâconnais

#### Domaine Fichet

Run by brothers, Pierre-Yves and Olivier, Domaine Fichet has raised the quality level of their wines in recent years by investing in a new modern winery. The terroir here is unique, a high content of white limestone in the chalk and clay. The microclimate brings extra humidity and morning fog. Now with a new winery and a general willingness to modernise their approach, the brothers’ wines have continued to improve year after year. The Mâcon-Villages has a perfect balance of concentration, acidity and minerality and the Bourgogne Pinot Noir is beautifully fresh and light.

#### Domaine de Fussiacus

Passion is not enough, so says Jean-Paul Paquet owner of Domaine de Fussiacus. It is knowledge, acquired through seasons spent in the vineyard, that allow the winemaker to produce great wine, he muses. With this philosophy Jean-Paul manages his 11 hecatres in southern Burgundy nestled in the heart of the Mâconnais, south-west of Macon, creating wines enhanced by his vast experience. Through the generosity of the terroir, his wines reveal typicity, finesse and elegance.

#### Domaine Les Vieux Murs

Jean-Paul Paquet began to work the vines of Les Vieux Murs in 1978. The Chardonnay grape thrives on the limestone and clay soils of the Mâconnais vineyards of Burgundy. At Domaine Les Vieux Murs the 30 to 50 year old vines are in perfect balance to produce fruit of optimum ripeness. Jean-Paul has now been joined by his son Yannick in the family business. Yannick has travelled widely to broaden his knowledge and is quickly earning himself a great reputation.

### Beaujolais

#### Domaine de la Couvette

Gautier Marion is the fifth generation of the family to manage Domaine de la Couvette, tucked into the gently undulating countryside of Southern Beaujolais. If you could picture what a quintessentially small french producer should look like then Gautier’s property would come very close. He takes great pride in making wines in the traditional carbonic macerated style using his trusty, old concrete vats, which he uses to age the wines as well. Respecting not only the winemaking traditions, but also their 11 hectares of land and the vines that are up to 50 years old, they demonstrate their commitment by making a fully organic Beaujolais - which is full of ripe red fruit, spicy, earthy notes and a lovely smooth minerality.

### 🍷 Domaine Berrod

In northern Beaujolais, in the heart of Fleurie, Rene Berrod and his children run their domaine on steep slopes with old vines aiming to produce wonderful Gamay wines full of elegance and delicacy, that epitomise what this land can offer. The family efforts have been rewarded by international praise from both sides of the Atlantic, but this is not what drives Rene on. It is the desire to retain the link between the soil and the resultant wine, always striving to express his wondrous terroir in every glass he pours.

### 🍷 Domaine de Colette

Domaine de Colette is in the small village of Lantignié, regarded as the top village in the cru of Regnié. Run by the humble Jacky Gauthier, it was founded by his father René. Gauthier studied enology at the tender age of 17 and immediately started working with his father in the vineyards. Their steep pink granite vineyards are home to vines of about 45 years old, but one plot, called Colette, reaching over 80 years. The grapes undergo carbonic maceration followed by a gentle pressing. A pleasant ruby-red colour, the wine presents fresh red fruit flavours in its youth, but over time evolve into delightful complex ripe fruit flavours.

### Rhône

#### Northern Rhône

##### Domaine de Bonserine

This prestigious estate has only 10 hectares of vineyards, which consist mainly of old Syrah called “Serine”. This is a very old clone of Syrah that produces small clusters of loose berries resulting in a particularly aromatic wine. No pesticides, herbicides or chemicals are used in their sustainable agriculture and, with a recent revamp of their cellar, the modern winery enables them to craft even more refined, elegant wines.

One of the stars of northern Rhône, Domaine Albert Belle is one of a handful of producers achieving the exciting potential of this area and justifying its reputation as one of the classic regions of France. Philippe Belle oak matures a quarter of the blend of Crozes-Hermitage and half of the Hermitage enhancing the full, ripe flavours and attractive, complex aromas of the wines.

#### Southern Rhône

##### Domaine de la Berthète

From the Middles Ages, vines have been grown on the Plaine du Plan de Dieu in the heart of the Southern Rhône. Back then you were taking your life in your hands crossing the plain as bandits freely roamed the land. This perhaps gave rise to the plain's name as whether you lived or died was up to God's plan. Pascal Maillet's original plan, having studied computer sciences, had nothing to do with wine, but almost overnight this changed. In 1993, Pascal and his wife, Marie-Pierre, bought this family domaine. They now work the stone ridged, clay-limestone soils of the plain to create wonderful vigorous wines in a traditional style from 35 year old vines. Full of garrigue notes with sweet black fruit and nuances of spice, these wines are some the best hand crafted offerings in the southern Rhône. God's plan can indeed be mysterious.

##### Guillaume Gonnet

The energetic and charismatic Guillaume Gonnet is not your average Rhône winemaker. Extremely open in his attitude, his curious, boundary challenging approach extends beyond wine. He travelled to the far ends of the earth, revelling in the opportunity to surf some of the best waves in the world while learning his craft in various Australian and New Zealand regions. Returning to the Rhône, now with his Australian wife Kelly, he has shown similar energy for his family estate and for his own nascent project. This land locked surfer may be miles from the ocean but is happily riding the wave of new found enthusiasm for Grenache based wines. Pursuing biodiversity wherever possible, allowing his fruit to express itself freely through hands-off winemaking and displaying his fascination for the varying soils of the Rhône through his diverse range of wines, he's just the sort of restless creative that we love to work with.

### Jura

#### 🍷 Domaine Berthet-Bondet

Jean Berthet-Bondet has been working his land since 1984. With a humble 15 hectares of 30 year old vines, this estate may well be small but it is steeped in history and heritage. Half of Jean's land is in the Château Chalon appellation which is home to the Savagnin grape, renowned for making the revered Vin Jaune. Exclusive to the Jura, this wine is harvested late and then aged in barrel for over 6 years. In that time a "voile" or layer of yeast forms on top of the wine, which gives the wine its distinctive flavour of walnuts, hazelnuts and green almonds. A unique wine that has seen a resurgence of popularity in recent years, but has always been appreciated by the knowledgeable few.

#### 🍷 Domaine Jean Perrier et Fils

Tradition is hardly sufficient a word to sum up the Perrier family who have lived and worked in the Alps for more than seven generations. They seem to be hewn from the very rock that surrounds them. The wine style and dedication to local varieties such as Jacquère and Abymes has not wavered and like their mountains, they remain resolute. And all the better for it. These are wines are stunning, different and enthralling creating flavour and palates that you would be hard pressed to find anywhere else. Embodying their landscape and being resistant to change has made these wines special, delightful and truly regional.

#### 🍷 Domaine Sainte Marie

The Domaine Sainte Marie covers over 40 hectares, all of which is organically farmed. The vines average age is 25 years old and they benefit from the hot dry weather of the summer months of the south. Harvests are performed at night when the grapes are at their coolest to retain the delicate flavours that are desired. Their rose is a complex blend of Cinsault, Grenache, Syrah, Carignan and a touch of Cabernet, which all helps to ensure the style and quality is achieved year after year.

### Domaine de la Grande Bauquière

The Sainte Victoire Mountains, a bright white line of rocks that was the inspiration to the painters Van Gogh, Cézanne and many others, slices through the sky, protecting the domaine from the worst ravages of the Mistral wind. This 80 hectare domaine is protected by rows of tall trees whilst streams meander between them and through the vineyards. This creates an idyllic land full of biodiversity. Unsurprising then that the names of their beautiful rosé wines refer to moments of surprise. Subtle, delicate wines that are refined and full of vibrant red berry fruit with harmonious elegant finishes are supreme examples of the classic Provencal style.

## Languedoc & South West

### Limoux

### Maison Antech

For over five centuries, Maison Antech has tamed the magical terroir of Limoux to make fine sparkling wines. The secret of their character lies in the wise combination of Limoux's three terroirs, which form the backbone of the cuvées: freshness from the Pyrenees, vinousness from the ocean and roundness from the Mediterranean. From these terroirs Mauzac and other grapes are cultivated each bringing their own complexity and purity. This cuvee is named after Francoise, daughter of the family and part of the 6th generation, involved in the winery for over 20 years she has continued to help guide the maison cherishing its heritage but always looking to the future.

### Cahors

### Crocus

Crocus wines are a quest to redefine Malbec in its birthplace, combining old world, ancient terroirs with new world vision. When internationally recognized winemaker Paul Hobbs and 4th generation Cahors vintner Bertrand Vigouroux decided to work together, they set out to offer a new interpretation of the Malbec of Cahors. Driven by their passion and expertise, the two men established Crocus to show the world how a single clone of Malbec can vary in three distinct terroirs and in the process create wines as special as they are individual.

## Autumn Update

### Vignerons de Florensac

Due to the insatiable demand for quality Picpoul, we have scoured the Languedoc Roussillon to find another star to add to our list. The Florensac terroir is one of the oldest planted vineyards near the Mediterranean coast and unusually for the South of France, this is a specialist white wine producer benefiting from the cooling breezes that moderate the heat. Grown on high ground in vineyards that are planted on clay and limestone soils. The vines are night harvested in order to preserve aromas and freshness. Once fermented the wine is aged on fine lees with regular stirring in order to bring out richness and roundness. A bright and pale yellow wine with very fresh aromas of white flowers, acacia and hawthorn, this is a “gourmet” Picpoul.

  1664 Ornezon, Picpoul de Pinet 2019 6x75cl

### Domaine de Montredon

Guillaume Alliès is a talented winemaker who pays great attention to detail. With winemaking experience in the Maipo Valley in Chile, he has been able to get the best out of both the New and Old Worlds and now focuses on his region’s speciality of Picpoul de Pinet producing a complex, deep and lively example of this fresh, vibrant wine.

### Pic St Loup

### Château de Lancyre

Between the Cevennes and Mont Ventoux, located just to the north of Montpellier, Pic Saint-Loup is one of the most famous and scenic of all of the Languedoc enclaves. The dramatic limestone escarpments, including the eponymous ‘peak’, provide a memorable back-drop to a number of excellent wine properties, of which Château de Lancyre, run by Régis Valentin and Bernard Durand, is one of the very best. This enclave has no shortage of quality and its wines all have impressive individuality allied to great aromatic persistence and structural power.

### Regional Wines

#### Les Chiens Catalans

These wines really are “The Dog’s...”. A cracking red and white pair from the North Catalan region (as we like to call it), but more usually described as Roussillon, deep in southern France. A region much overlooked and brimming with promise and potential. We have hunted far and wide to create these blends from local varieties taken from old vines. Balanced and elegant these wines are wonderful evocative expressions of the region.

It is often said that there are more people who have travelled to space than there are Masters of Wine, and while that may be very true, there are many more MW's than there are cosmic cats. In a uniquely Gallic surge of innovation, 1963 witnessed France entering the feline space race via a cat named Félicette. ### Montsablé

The wines of Montsablé are inspired by the desire to craft elegant Burgundian varietals from southern France. Working with growers in cooler sites of lower vigour, they seek out fruit that delivers clean fruit flavours and great balance. Minimal oak is used resulting in Chardonnay with great palate weight, bright fruit and texture while the Pinot positively sings with lifted cherry and wild strawberry fruit.

#### Wéingut Max Ferdinand Richter, Mosel

For 300 years, the Richter family has owned and farmed vineyards in the central Mosel area. Working 40 acres of vines, they are masters of their craft and have consistently produced some of the region's best Rieslings. The sharp 'V' of the Mosel valley cuts through the landscape leaving steep slopes where the vineyards are planted. It offers great potential for wine, but a greater challenge to cultivate and harvest. Using all their accumulated knowledge over the generations, the Richters' fastidiously work the land, focusing on small crop sizes, all-natural fertilizers and other sustainable practices to achieve a pristine crop each year. The work in the cellar shows the same attention to detail, with gentle pressing and slow temperature-controlled fermentation in traditional old oak barrels (fuders). This careful, deliberate process preserves the quality of the grapes, develops the unique character of the single-vineyard cuvées, and gives the wine exceptional longevity.

#### Mád Wine Kft, Tokaji

Mád Wine KFT is intent on putting Dry Furmint on the world map and in its collective glass. Based in the village of Mád, in the heart of the Tokaji region, they toil the vineyards shaped by volcanic eruptions millions of years ago. World famous for the exquisite sweet wine that is produced here, they know that this volcanic terroir is the key to proving that their dry wines are just as good as the sweet ones. Creating wines with unique flavours somewhere between Loire Chenin and Chablis in style, that are refreshing with an underlying minerality that feels like it comes directly up from those ancient volcanic soils.

#### Piedmont

##### Cascina Adelaide

Amabile Droco is acting out his lifelong dream by now owning an old farmhouse and vineyard in the heart of Barolo. He was fascinated by Barolo and wanted to demonstrate not only the fascinating qualities that the wine can create in the glass, but also the diversity of the terroir within the Barolo DOCG. So he has set out to acquire a vineyard in each of the ten Barolo 'crus'. He currently owns eight, with the goal of completing his dream when the right sites become available. This determination to ensure the individuality of the wines shines through. The land provides the difference, the wine provides the medium. To enhance this communication of intrinsic individuality from each site no herbicides are used on the land and the harvesting and sorting is all done by hand. Attention to detail is exacting. Native yeasts and minimal sulphur are used in the fermentation too, allowing the resulting wine speak for itself, creating delicious complex formations full of orange skin, plum and tobacco with incredibly vibrant tannins and excellent balancing acidity.

##### Tenuta Olim Bauda

Piedmont is almost as famous for truffles as it is wine, those elusive delectable delights that need to be rooted out from the depths of the forest, so scarce but so worth it. Much the same can be said for Olim Bauda, secluded and out of the way, down a long drive off the busy Via Prata, the path gently meanders continuously rising to finally reveal the family home through a grove of trees, or if you arrive in truffle season, more likely through a rolling mist. The estate is run by three siblings, Dino, Diana and Gianni who have devoted themselves to creating fresh, expressive Barbera d'Asti and clean, pure scintillating Gavi in the most delicate low interventionist way and without doubt they are worth all the trouble you might encounter to enjoy them.

##### Cantina Merano

Situated in the alpine landscape of the Southern Tryol, the vineyards of Merano are cultivated just like small gardens. Surrounded by cypresses and cedar trees the extremely steep, mainly terraced vineyards receive much love and care. The wines have a lovely depth of minerality and concentrated fruit. Winemaker Stefan Kapfinger focuses on keeping crisp aromatics throughout his whites and a well balanced harmony of fruit and tannin in his full bodied reds.

### Mabis

The Biscardo Family have been making wine from their base in Soave for over 150 years and are currently led by brothers Maurizio and Martino. During the course of Maurizio's long and illustrious career, he has consulted for well known wineries around Italy and in doing so he came across the vineyards for their Puglian wines. Both the Pugliese and Veneto wines are characterised by an almost dangerous drinkability, aromatic purity and exceptional value for money.

### Giavi

The life of the Giavi farm started as early as 900 AD and Prosecco has been made there since 1914. The vineyards cover an area of around 12 hectares on a hillside overlooking the town of Conegliano. The majority of the harvest is done by hand and the quality of the resulting wine is high, full of purity and freshness of fruit, making these very much boutique wines.

### ILatium Morini

The seven brothers and cousins involved with ILatium Morini changed their approach in 2004 and decided to keep the best grapes to make wine themselves. Since then the torrent of accolades, including an IWC Gold for their Amarone and glowing reviews from Jancis Robinson, would suggest that they made the right decision. Now at the forefront of the new wave production of Soave, Valpolicella and Amarone, the wines combine beautiful fruit concentration with fresh, bright acidity. Another recent string to their bow was the release of a no added sulphur Soave.

#### Riecine

Riecine has always followed a particular path whoever has been in charge. Founded by Englishman John Dunkley, and today run by the Frank family, the estate is committed to a natural approach. Certified organic and following biodynamic processes, the land is gently nurtured with plants, flowers and grasses encouraged to flourish. This is all to promote vineyard diversity and the health of the land. Closely monitored pickers select only the best, ripest and cleanest bunches from the vines; everything else remains in the fields to return to the earth. With low sulphur additions, natural yeasts and long fermentation, the wines are gently coaxed into the world. Adhering strictly to the belief in Sangiovese as the only variety that should be used, these incredible wines are honest examples of that over used phrase 'a true sense of place'.

#### San Polino

There is a small 'nirvana' northwest of Montalcino, where Luigi Fabbro and Katia Nuassbaum founded San Polino nearly 30 years ago. Using Luigi's scientific experience of mapping the Amazon rainforest they decided to try their hands at "creating wines as complete reflections of the biodiversity of their terroir" Katia explains. This tiny estate of only 4 hectares now produces luscious and balanced wines farmed bio-dynamically by this energetic couple who, it is clear, pour all their heart and energies into these sublime wines. Praised by critics and peers they have been described as having "an incredible clarity and pureness of fruit that is unequalled in the region".

### Il Borghetto

The Azienda Agricola Il Borghetto do things differently in this most well known and established region of Italy. Led by English winemaker Tim Manning who cut his vinous teeth with vintages in Oregon, there is a determination to show the potential of the region. As a result he is at odds with the Consorzio of Chianti Classico over his methods and approach. Treating Sangiovese more like Pinot Noir to explore what Tim sees as its untapped potential he ferments in concrete after being cultivated with organic and biodynamic practices and finally it is bottled in Burgundy shaped bottles to aid development. Doing all this has resulted in the wines being declassified to IGP status. This has not bothered Tim one jot, with repeated top accolades from the well regarded L'Espresso guide and gaining respect from Jancis, their approach is validated. With only a third of the 30ha estate under vine producing less than 1600 cases a year they are a small, but a bright thread in Chianti's tapestry.

### Marche

#### Zaccagnini

On the opposite coast to Tuscany lies the less well known, but no less beautiful, region of Marche. This is where you will find the family run Zaccagnini winery, established by two brothers. Playing to their strengths, they have focused on the local grape Verdicchio, and the results are spectacular. Their range of Verdicchios are as distinctive and individual as you could wish for, with each wine having its own personality and textural signature. All are benchmark examples of this lesser known region on the East coast.

### Abruzzo

#### Feudo Antico

Feudo Antico was created on a small plot of land in the heart of Abruzzo. It is in Italy's smallest DOP and the first designation of its kind in Abruzzo. Starting from the 2013 vintage, all wines are Magis certified, the most advanced project for the sustainability of wine production in Italy. Currently their 15 hectares are cultivated using native varieties producing limited yields to ensure quality is retained. Clearly they highly value the land they work and this attitude is continued in the winery where the fruit and wine come into contact with no wood whatsoever, only concrete and glass. This guarantees the purity of the fruit, and its flavours, are conveyed from the vineyard direct to the glass.

### Campania

#### La Guardiense

The farming co-operative, La Guardiense, was founded over 60 years ago by 33 farsighted, collaborative farmers. Today membership has grown to nearly 1,000, but still only managing a total of about 1,500 hectares meaning that all the fruit comes from a large selection of very small family owned vineyards. The land is full of undulating hills and expansive plains, each helping create a patchwork of micro-climates protecting the vines from the greatest excesses of the local heat and cold and ensuring the resulting wines are of the highest quality.

### Puglia

#### Tenute Rubino

Tommaso Rubino, a firm believer in Salento's potential, acquired in the 1980's four separate estates to demonstrate the diversity of the region. Jaddico, Marmorelle, Uggio and Punta Aquila stretch from the Adriatic coast to the hinterland of Brindisi. His goal was to show Salento wine at it's very best and through the diverse range that his family now offer, made from local varietals like the fascinating Susamaniello and more well known ones such as Primitivo, they are well on their way.

	2767 Primitivo di Manduria Rosso, DOC	2017	6x75cl
	2771 Salento Rosso, Torre Testa, IGT	2016	6x75cl

#### Produttori Di Manduria

In the heel of Italy, Manduria is considered the birth place of the native Primitivo grape, and was officially recognised as such in the 1970s when a DOC was created for the region. However Produttori di Manduria had been making wines for 40 years by then, unashamedly proud of their deep affection for Primitivo. As well as making high quality examples of Puglia's most famous vinous export, this leading producer is well versed in producing fascinating whites from Fiano and Verdeca. But it is with the poetically titled Elegia that the extraordinary levels of quality come to light. Made from old bush vines up to 50 years old it creates a wine of intense dark berry fruit with wonderful balsamic end notes and excellent balance.

	3748 Lirica, Primitivo di Manduria, DOC	2017	6x75cl
	3749 Elegia, Primitivo di Manduria Riserva, DOC	2016	6x75cl

#### Apollonio

The wines of Puglia have never received as much interest as they do now. Tasting Apollonio's wines shows that attention is now justified. Great care is taken to produce wines of uniquely southern Italian character from local varietals. Ageing typically takes place in barrel and then bottle for extended periods before release. Powerful and complex, the wines have flavours of ripe, dark fruits and leather, attractive weight, richness and balanced tannin. They brilliantly represent the terroir and climate of Puglia, beautifully elegant in their structure and style.

### Sicily

#### Tenute Bosco

Sofia Bosco started Tenute Bosco in 2010 in an attempt to breathe life back into two small vineyards on the slopes of Mount Etna. Some of the vines are over 120 years old, and pre-phylloxera, on land recovered 300 years ago from the cooled lava flow following Etna's last major eruption. There is more living history in the sight of the traditional 'alberello' method of propagation in the vineyards that leaves the vines free standing and backed by dry stone walls. Sofia is intent on reviving the traditions of this land, and the indigenous Nerello Mascalese, Nerello Cappuccio and Carricante which they clearly love. Creating wines that definitely have a sense of place, of the present and the past.

  	3906 Piano dei Daini Etna Bianco, DOC	2018	6x75cl
  	3907 Piano dei Daini Etna Rosso, DOC	2016	6x75cl

#### Palazzo del Mare

Sicily's geography and climate are perfectly suited for the production of healthy, ripe grapes and quality wines. Palazzo del Mare's vineyard sites are situated at an altitude of 200-300m, ensuring cooler night time temperatures which preserve crucial acidity in the grapes. Yields are naturally limited by the winds and the wines tend to be harvested earlier than many of their neighbours and consequently are bright and fresh. The Catarratto particularly displays that signature crisp, citrus laced fruit filled style while the Nero d'Avola delivers ample ripe, plummy fruit.

 	3201 Catarratto, IGT	2019	6x75cl
 	3202 Rosso, IGP	2019	6x75cl

#### Baglio Gibellina

Baglio Gibellina is situated in picturesque Sicily where its vineyards are surrounded by the hills of Salemi and Santa Ninfa. Old vineyards located between 300-600m above sea level are grown on a mixture of clay and volcanic soils with limited yields allowing for the production of outstanding wines with incredible food matching potential.

#### Fabrizio Vella

Fabrizio Vella is a passionate winemaker living and working in Sicily. Proud of the island that he calls home he wanted to create a wine range that was personal to him, that reflected where he was from. Working with indigenous varieties of Cattaratto and Nero d'Avola he conjured four wines using an organic approach and careful winemaking to create wines that are fresh, exciting, moreish and true to their origin. A Sicilian wine through and through.

### Rallo Azienda Agricola

On the west side of Sicily close to Marsala, is where Rallo Azienda Agricola calls home. Working organically, the Vesco family focus on creating fragrant crisp Catarratto and perfumed fresh Nero d'Avola from their hillside vineyards. These vineyards are certified organic and are nestled high up in the hills south of Alcamo to take advantage of the slightly cooler temperatures and greater diurnal differences. The vines look down on the town of Marsala where, when the grapes have been harvested, they are taken. Here Andrea Vesco treats them with respect, utilising modern technology to ensure the freshness is retained for the final wines and creating elegant examples of the varieties that are anything but what you would expect from such a hot land.

## Sardinia

### Mora & Memo

The beautiful estate of Mora & Memo sits high in the hills in the south east of Sardinia just a few kilometres from the sea. Focused on the indigenous varieties of Cannanau and Vermentino, the combination of old vineyards with minimal intervention and a delicate touch to the winemaking results in elegant, vibrant and mineral wines. Taking the reins from her father running this small scale winery is Elisabetta focusses on producing wine representative of the island terroir, executed in a modern way.

## Lebanon

### Château Ka, Bekaa Valley

Château Ka is an extraordinary story of determination and resolve. Akram Kassatly built his winery in the Bekaa Valley in 1973. Shortly after the first wines were made, Lebanon was engulfed by war. The winery was forced to close and Akram moved into other businesses. Finally in 2005 he announced that he was going to try again. Today, Château Ka is the only winery in Lebanon to produce wine entirely from their own vineyards. Akram creates both rich, concentrated reds and beautifully fresh, fruity, crisp white wines that are some of the finest in the country.

### New Zealand

#### Marlborough

##### Kukupu

3571 Sauvignon Blanc 19/20 6x75cl

##### Mayfly

The Mayfly, so symbolic of the first warmth of summer, drift down New Zealand's crystalline streams and rivers providing food for the voracious trout that have made this a mecca for fly-fisherman the world over. The same pristine environment has proved to be the best place to produce the vibrant and refreshing Mayfly wines. We are sure that this crisp Marlborough wine will have wine drinkers hooked.

2783 Sauvignon Blanc 19/20 6x75cl

#### Zephyr Wines

Ben Glover, of Wither Hills fame, is now focusing on matters closer to home and has taken charge of his family winery, Zephyr. Referring to himself humbly as the janitor, Ben creates wines from their own vineyards in the renowned Marlborough sub-region of Dillon's Point. The whites especially deserve to be compared with other world class whites rather than merely the best of Marlborough. No more so than with the MKIII Sauvignon Blanc, that is a star in any line up. Taken from the Rabbit Island block that, thanks to its East/West planting, captures both wonderful aromatics and lush tropical notes in its grapes. Once pressed, the juice ferments in barrels to produce a complex, waxy Graves lookalike, albeit at a rather more accessible price point.

#### Sherwood Estate

Pioneers of the Waipara Valley the Sherwood family have been working this land for over 30 years. Waipara is a region with great potential that is still to be realised fully, with greater extremes of frost and warmth than its close neighbours, Marlborough and Nelson. Pinot Noir and Pinot Gris are a special focus here with a fresh regional style of their own. Perfect counterpoints to some of the more famous regions of NZ.

### Central Otago

#### Mount Edward

There are many characters in New Zealand winemaking and one of the largest has to be Duncan Forsyth. Madman or genius, planting vines in the cold of Otago takes some nerve. These vineyards are on the edge of what is possible, the climate is so marginal. With a biodynamic approach and the reassuring chaos of a small-holding full of pigs and chickens Duncan produces wines, especially the exquisite Riesling, that just sing and win praise worldwide proving that we should all take some time to be little bit different.

#### Vinho Verde

#### Quintas do Homem

Quintas do Homem is one of those estates that immediately captivates you with its charm, passion and dynamism. Nuno and his father, Antonio, work the vines of their two vineyards, Quinta do Veiga and Quinta do Paço, where they grow predominately Loureiro and Arinto. Ana, their long term winemaker, is a fierce taskmaster, demanding quality fruit that enables her to deliver the pure, fine and elegant Vinho Verdes that Nuno expects. It's very much a family exercise with Nuno and his father working the vineyards, Nuno's mother preparing delicious, traditional Portuguese dishes for visitors and Ana, an adopted family member, making sure the wines are always perfect.

### Douro

#### Lavradores de Feitoria

Lavradores translates as 'farmers' in Portuguese. Cheda wines are made by 15 families of farmers that have been making wines in the Douro for decades. Together they own 19 Quintas throughout the three sub-regions of the Douro Valley. They came together to share resources, expertise, tradition and innovation. To make wines that reflect the great diversity of terroir in the Douro under one roof, with one approach and one winemaking team. Paulo Ruão and Olga Martins are the incredibly talented winemakers behind Lavradores de Feitoria. Their Cheda range offers fantastic value from the heart of the Douro Valley – bright, youthful, approachable styles of wine that fit comfortably onto any shelf or wine list.

## Autumn Update

### Quinta da Costa do Pinhão

Miguel Morais is the owner and winemaker behind the organically farmed Quinta da Costa do Pinhão. Miguel allows his 40 year old vines to grow naturally on their rich slate soils and at a height of up to 450m altitude they give him a bird's eye view over the Douro, soaring high above the heat of the valley floor. This allows the wines to have pure flavours and minerality at their core. There is little influence from the winery, where historic slate lagars are used to naturally ferment the grapes resulting in terroir driven, fresh, balanced and fruity wines. Far removed from the traditional styles of the Douro.

Real Companhia Velha is the oldest wine company in Portugal, having recently celebrated 260 years of uninterrupted port production. Founded in 1756 by the King of Portugal, this company represents some of the finest Quintas in the Douro. Old but not out of touch, they have been able to preserve and honour the traditional winemaking while investing in the future with constant modernisation and experimentation in their vineyards.

## Dão

### Carlos Lucas Vinhos

Carlos Lucas is the man behind the wine, first and foremost a farmer, but now a very talented winemaker with over 25 years of experience across Portugal. He started the estate 15 years ago on an ancient property once owned by the local priest. A stream encircles this quaint vineyard providing protection from the vast neighbouring pine, eucalyptus and oak forest. It surrounds the poor granite soils, perfect for viticulture, and has given it the name "Quinta do Ribeiro Santo" which means "Holy River Estate".

### Quinta da Mariposa

Quinta da Mariposa is a 'distinctly Dão' producer, making wines that are characteristic of the region from only native varieties including Encruzado, Jaen and Tinta Roriz. After working with some of the best wineries of the Dão region, oenologist Lúcia Freitas returned to her family estate in Terras de Senhorim to establish Quinta da Mariposa - a project that harmonizes her respect for tradition and her dream of making wines of extraordinary character from the region she knows so well. Together with her husband Filipe, plans are currently underway to convert the town's local nightclub into a winery, serendipitously this is where the couple danced together when they were young.

### Tejo

#### Ai Galera

Long overlooked by the wine cognoscenti, the burgeoning interest in Portuguese wine is finally resulting in more awareness of the potential of this proud country. The previously undervalued Tejo region, lying to the south of Lisbon, is capable of producing wines of enormous value and character – something that is captured by Ai Galera. Inspired by the long, and sometimes extremely colourful history of the region – most notably the life of literati Marchioness Leonor of Távora, Ai Galera's arresting imagery and even more arresting wine quality demands and hollers for your attention. Incredible value, intriguing indigenous varieties and supreme drinkability all add up to wines that thrill.

#### Quinta da Alorna

Quinta da Alorna has a long and illustrious history stretching back to the 18th century and has links to our very own Iberian Buyer, Paul. Allegedly, his ancestor was rescued by the then winemakers from execution and spirited away, so that many years later Paul could repay the favour and add them to our portfolio. Sitting majestically in the Tejo region, Quinta da Alorna has a wide array of vineyards which are worked in a sustainable and socially responsible way, looking after both the land and the workers. Portugal's trump card is its wide array of toothsome indigenous varieties and they are put to good work here. Aromatic Fernao Pires, tight, minerally Arinto and the Portuguese iteration of Tempranillo, Tinto Roriz, are amongst the bevy of blindingly tasty components that they have to work with and the result is an accomplished range of distinctly Portuguese wines.

## Romania

#### Cramele Recas, Viile Timisului

The Cramele Recas Estate, owned by Englishman, Philip Cox and his Romanian wife Elvira, have put in a huge amount of work into transforming their slice of grape growing history into a contemporary winemaking haven. The immaculate vineyards are a combination of evolved plantings from 1447 and much more recent plantings too. With recent investments into modernising and improving their winery, they regularly host world class flying winemakers, vintage to vintage, to work with their team. This enables them to create top quality wines and constantly challenge themselves, push innovations and approach winemaking with an open mind.

### Guerila, Vipava Valley

Zmago Petrič's family's winery is located in Vipavska Dolina and from the very beginning, they have worked organically and biodynamically, devoting their energies to local grape varieties and respecting the natural environment around them. Concentrating on the varieties of Zelen and Pinela which are only grown in this region and nowhere else on the planet, they have built a genuinely unique proposition. Everything is hand-picked, naturally fermented and then bottled unfiltered with just a minimal sulphur addition, creating wines that are delicate, mineral and full of freshness.

Trizanne seeks out grapes from wind-ravaged vineyards in Elim, the old expanses of the Overberg Highlands, from dryland bush vines in the warm Swartland and from the high slopes of the Piekernierskloof. They then all come together under Trizanne's watchful eye to create wines full of flavour, tannin and texture.

### Elgin

#### Iona

At 420m above sea-level, set high above the picturesque Elgin Valley, Andrew Gunn founded Iona. It is here, overlooking the Atlantic Ocean that he has secured some of the coolest vineyards in the Cape. In a country where cool climate vineyards are like gold dust, these vineyards are veritable nuggets. There is an extremely long growing season, harvesting up to two months after Stellenbosch, allowing Andrew to create wines with complex flavours and a fresh, elegant style. The approach is hands off and the land is farmed according to organic practices with a particular focus on ensuring the health of the soils whilst pests are kept under control by the resident flock of geese that roam the vineyards.

Driven by a desire to make individual, superb quality wines with exceptional character The Drift wines are carefully crafted by winemaker Bruce Jack using only grapes grown on the farm. The Drift specialises in four wines - a single vineyard Rosé, a single vineyard Pinot Noir, a single vineyard Barbera and a blended red wine from various varieties and vineyard sites on the farm. The vineyards planted are in small, irregular shaped plots to suit the various contours of the land, and the land is organically farmed. In the winery, these plots are fermented separately then married together to find balance and complexity.

At its simplest Spanish wine made from Spanish grape varieties is the chips to your fish, the Fred to your Ginger, the bucket for your spade, the cream for your strawberries or whatever pairing you care to imagine – a glass of Tinto or Blanco is the partner for any meal. This is just what Casa del Arco is. Simple, uncomplicated, unpretentious fruity red and white wine made from traditional Spanish grape varieties harvested in the sun and transformed into a quenching beverage in the age old traditions of rural Spanish wine making. Nestled deep in Galicia, in the region of Ribeira Sacra on the banks of the River Sil, the Ponte da Boga winery is set on acutely steep terraced slopes. At harvest time, seasonal workers descend as if on a pilgrimage to help pick the fruit from the steep and narrow terraces. Delicate hands and nimble feet ensure the grapes are passed up the slopes to the winery to begin the next stage of their journey. From vines, often in excess of 100 years old, are fresh elegant expressions of Albarino, Godello, Mencia and rare Merenzao. Cooled by the Atlantic winds and basking in Spanish sunlight these precariously placed vines produce wines of authenticity and heritage.

## Autumn Update

### Pazo de Señorans, DO Rias Baixas

It's hard to believe Pazo de Señorans have been making wine for a mere 30-odd years given that they are now considered one of the finest producers in Spain. Anna, the winemaker, is fastidious in her approach, which could not be more pared back or simple. Having worked with the same growers over many years, there are no secrets to the success, it is all about the quality of the fruit. Ensuring that pristine grapes are achieved is key in this warm, humid climate. Such is the pervasive nature of the humid, briny air that the raised pergolas for training the grapes to ensure air movement are hewn from solid granite! Pressing is followed by a natural fermentation in stainless steel which helps to retain the exuberant fruit character, while the following ageing on lees helps develop texture and spice on the resulting wines.

## Castilla y León

### Cantalapiedra Viticultores, La Seca

You may call young winemaker, Manuel Cantalapiedra, a rebel or even a freedom fighter but most importantly he is a farmer with a clear vision for the style of Verdejo he wants to make in Castilla y Leon. He shares a passion for this grape with his father, who he named the winery after, and with his neighbours, but this is where the common interest ends and the rebellion begins. Harvesting later, organically and from single vineyard plots, his wines demonstrate power and finesse in equal measure. His heart and his vineyards lie in the centre of DO Rueda, yet his wines are miles ahead of the appellation.

There is rather lovely balance of old and young at Merayo. 80 year old Mencia bush vines give their fruit to the young, dynamic winemaker Juan Merayo who then crafts wonderful wines full of fresh, perfumed characters and ripe red fruit evocative of Mencia. Everything is handpicked with the appropriate reverence for these octogenarian vines before the grapes receive careful temperature controlled ferments and sensitive use of French and American oak to ensure Juan creates the expressive wines he is looking for.

### Dominio de Cair, DO Ribera del Duero

The name Cair is an amalgamation of the first two letters of two great friends' surnames, Juan Luis Cañas and Juan José Iribecampes. After searching high and low for the perfect site they settled on the heights of Ribera del Duero, where in poor soils they found old, gnarly Tempranillo bush vines. Cair wines display the hallmark style of finesse and power, found in both Luis Canas and Bodegas Amaren in Rioja. Great balance between the fruit and the oak has seen these wines winning the IWC Ribera del Duero Trophy on occasion.

## DOCa Rioja

### Bodegas Amaren, Rioja Alavesa

Bodegas Amaren, meaning 'of my mother' in Basque pays homage to Ángeles, the mother of Juan Luis Cañas, owner of Bodegas Luis Cañas. Ángeles dedicated her life to the winery with a fierce passion to produce only the highest quality wines. In 2009 Juan created a winery dedicated to making wines that represent the pioneering ambition of his mother. Grapes are hand harvested and vineyard plots are categorised according to quality. These wines are so good five of the seven 3-star Michelin restaurants in Spain feature them on their menus.

### Bodegas Luis Cañas, Rioja Alavesa

In 1970 Luis Cañas changed two hundred years of tradition and became the first winemaker in Rioja Alavesa to bottle his young wine rather than sell it as bulk. This bold move, and his continued pioneering spirit, has cemented the winery's enviable reputation as one of the most progressive in the region. Sheltered below the watchful Sierra Cantabria, the vineyards are all old, small plots on chalky-clay soils with a dedicated team of vineyard workers carrying out organic practices and a purpose built, fully equipped accommodation block was built for the entire vineyard team in 2006. His son, Juan Luis Cañas is now the powerhouse behind this highly accomplished winery, but everywhere you go there is a feeling of family, and especially of the lasting legacy that Luis Cañas has left both his son and the Alavesa.

### Bodegas Manzanos

On the border between Rioja and Navarra, Victor Manzanos carries on the work of the four generations before him. Adding in significant amounts of ambition and energy, he is at the forefront of the new Rioja - championing a modern interpretation of its varieties through his wines. As a grower, Victor is keen to prove that Rioja Baja has its own distinct character and should not be judged as inferior to Rioja Alta or Alavesa - just different. With over 250ha of owned vineyards at his disposal, including what he claims to be the oldest Graciano vines in the world, Victor and the team at Manzanos are fortunately placed to put both the sub-region and the name Manzanos firmly on the map of the most important producers in Rioja.

### Abel Mendoza

Modest and passionate about his vineyards, Abel and his wife Maite have been making understated wines in San Vicente since 1988. Lying in the shadow of the Sierra Cantabria, Abel has vineyards in the finest parts of the Alavesa. His knowledge and understanding of the soils is enthralling and to taste in his cellar can be an education on the effects different soils have in different years. He wants only to express the fruit and the soil and unlike many Riojans, he leaves it more or less at that. He does not want to stamp the wines with any particular style or mark of his own other than his respect for the very natural quality of the grapes and for the magical places that they were grown.

#### El Escocés Volante, DO Calatayud

Norrel Robertson is a master of wine, consulting and making wine around the world. He also owns a little patch of land, high up in the rugged landscape of Calatayud, where he tends to gnarly, old Garnacha vines in poor mineral soils: poetic symbolism for this rebellious Scotsman who won't be tamed. To look at his labels is to realise his irreverence for the local law. With his wild winemaking techniques, Norrel is making his mark on this region with raw, fantastically assertive Garnacha wines.

### Catalunya

#### Bodegas Sumarroca, DO Cava

Carlos Sumarroca is one of Spain's most important and awarded agriculturists and together with his wife Nuria the enterprising couple set about establishing Sumarroca as the largest estate grown Cava producers in Spain. They practice sustainable farming, harvest at night, and only use free-run juice. Combining their passion for the land and tenacity in cultivating vines, their Cavas have bags of personality and character.

#### Vinicola del Priorat, DOQ Priorat

Vinicola del Priorat is the only cooperative in Priorat, founded by 140 farmer-producers based in the four beautiful villages of El Lloar, La Vilella Baixa, La Vilella Alta and Gratallop. They work over 300 small plots of land on very steep slate slopes that can exceed 30% gradient. Some plots are over 100 years old, producing a very low yield per vine of only about a 1kg of grapes. Mas dels Frares offers fantastic value for money.

#### Cal Batllet - Marc Ripoll, DOQ Priorat

Marc Ripoll returned to his family vineyards to change their fortunes. The family had been reduced to selling their harvests to the local co-operative, but he set about renovating the dilapidated winery and now Cal Batllet is regarded as one of the leading estates from their village of Gratallops. Marc is part of the new generation of winemakers in Priorat who are reclaiming the region for their own. Focusing on a style that puts the local terroir as its heart and looking to create wines of elegance and refinement, light years away from what made Priorat the darling of the American critics. An organic approach in the vineyard and use of wild yeast and barrel fermentation all come together to create wines expressive of the individual sites they come from. The 90 year old bush vines planted in steep hillsides on slate soil all create personalities of their own, full of sublime texture and fruit.

#### Alemany I Corrió, Penedès

In the little town of Vilafranca del Penedes in Catalunya, Irene and Laurent are challenging the traditional perception of DO Penedes wine. They have committed themselves to an organic approach. Converting their vineyards, abandoning all forms of chemical treatment and fertilisers and shunning the typical Penedes high yields. In their modest cellar, which was in part homemade production remains small yet as they identify further small vineyard sites their range has extended to include distinctive wines of richness and complexity using naturally fermented Xarel-lo.

#### Celler de Capcanes

In a little village nestled in the dramatic rugged hills of the Catalan countryside is Celler de Capcanes. It was into this wild landscape that Jurgen Wagner walked, in the mid-1990s and never left. Entranced by what he found and the potential at the co-operative, he had no option but to stay. Over the last 25 years he has breathed energy into this venerable operation, instilling pride in the natural wealth that is their vineyards. The potential of the diverse terroirs in these vineyards is captured and expressed so clearly in the delicious Garnachas and blends that Anna Rovira, the winemaker, and Jurgen together conjure up. As an example of how excitement, focus and dynamism can be bred into a co-operative born in the early 20th Century, Capcanes shines.

### Sierra de Gredos

#### Bodegas Bernabeleva, DO Vinos de Madrid

In the centre of Spain, a stone's throw west of Madrid, is Bodegas Bernabeleva. At the feet of the Cerro de Guisando and Gredos mountains this winery lets its vines stretch out their roots through the thin infertile sandy soils, formed from decomposed granite, to cling on to life. Four generations have tended these old hardy vines that have repaid the care and attention with quality fruit hand harvested from the organically managed vineyards. Plots of Garnacha, Albillo and Moscatel de Grano Menudo are vinified separately, neither fined nor filtered to ensure that both the land and love shown shine through.

#### Bodegas y Viñedos Tinedo, VdT Castilla

The charming family owned estate, Tinedo, has been making wine in the heart of La Mancha since 1742. Manuel, Esperanza and Amparo Álvarez-Arenas, have lead the pursuit of terroir-expressive wines since 2002. They have also reinforced social and agricultural sustainability in this area. The funky label Ja! is the creative talents of Manuel, winemaker come amateur photographer. These wines are raw, vibrant interpretations of Tempranillo with no oak treatment to mask a pure expression of the fruit.

### Manchuela

#### Bodegas Gracias, Manchuela

When Ana and Iván got together for a party with some oenologist friends in 2007, they decided to make some wine and put it in a barrel. The results of this first vintage were astonishing and so Bodegas Gracias was born. After the success of the first vintage, they realised they had a chance to make a difference. In a region with a declining wine industry, Ana and Iván are on a mission to protect old vineyards of Bobal and other local varieties, championing the vinous heritage of the area. Hopefully not quixotically, they are keen to show that great wine can still be made here and that the region's traditions can survive and flourish into the future. These wines are artisanal and as natural as they come, being organically grown, fermented with natural occurring yeasts and minute sulphur additions, if any.

#### Bodegas Altolandon, DO Manchuela

As the lands starts to rise, inland northwest of Valencia, you will find Roselia Molina heading up Bodegas Altolandon. The property consists of 120 hectares with the winery resting right in the centre, not only making it aesthetically satisfying but also extremely practical. At 1,100 metres above sea level, the altitude serves to benefit the grapes with large diurnal variations which encourage even ripening and also helping retain their natural acidity. Organic methods are used to manage the vines utilising only natural fertilisers and some green pruning to further guarantee the quality of fruit prior to hand-harvesting. The grapes are vinified as naturally as possible with native yeasts and little other intervention. The wines are then aged in French oak and some in clay amphora to retain purity, but build complexity.

### DO Jumilla

#### The Mimic

Unabashed in its ability to match the bold, rich flavours of its Antipodean counterparts, Mimic Shiraz is a southern Spanish take on an old favourite. Displaying a plethora of ripe, dark fruits, hints of mocha, vanilla and spice, this Aussie bashing red, mimics the strident style that has found such favour in the southern hemisphere.

#### Viña Elena

Widely considered to be one of the best wineries in Jumilla, Viña Elena is very much a family affair with Elena Pacheco at the helm supported ably by her mother, sisters and children. Viña Elena sits directly inland from the Costa Blanca and that venerable holiday destination, Benidorm. Safe to say, it is hot in this south east corner of Spain and Elena is fascinated by Monastrell and how she can create ever more elegant and delicate incarnations of it, despite the intensity of the sun. From their 17 hectares of organically cultivated vines set within the semi-arid, hilly landscape, Elena experiments with the differing soil types to see how Monastrell will react and how she can express the personality of the grape. The differing terroir, organic practices and the lack of oak influence all goes to create fascinating wines of greater elegance, fruit and delicacy than the heat of this sun worshippers' land would have you expect.

### DO Valencia

#### La Comarcal

A collaboration of two friends, Javi Revert and Victor Marqués, who first worked together at Celler del Roure. Their two wines come from terroir specific vineyards to express the very best of the varieties they work with. Delmoro is predominantly Garnacha with some Bobal and Syrah in the blend, fermented separately, and aged in stainless steel and oak. All coming from a four hectare single vineyard. Carmen is 100% Bobal from a two hectare single vineyard and aged for 12 months in a single concrete egg and produced entirely biodynamically.

	3638 Carmen	2017	6x75cl

#### Celler del Roure

Celler del Roure have become the pioneer of quality wine in Valencia. Owner Pablo Calatayud is committed to nurturing and championing the indigenous varieties of the region, most notably the Mando and Verdil grapes, both of which have been on the edge of extinction. Pablo has realised that they are worth saving and, treated properly, can create wines of wonderful quality, freshness and concentration. Paying meticulous care in the vineyard and winery reduces the need for sulphur additions meaning his wines are verging on "natural". Whilst in the cellar he makes use of Spanish amphorae called tinajas to ferment some of his wines to preserve their characteristic freshness and elegance creating pure and delicious wines with distinct flavours.

### Bodegas Angosto

This Cambra family run property sits at 550m altitude on limestone soils covering 30 hectares in the wine appellation of Valencia, making it a relatively boutique producer compared to most, larger Spanish bodegas. The maritime influence here allows Syrah to flourish, alongside Monastrell and Garnacha. The impressive, affordable wines of Angosto clearly show the huge potential laying outside Spain's major wine regions.

### DO Condado de Huelva

#### Bodegas Contreras Ruiz

Next to the National Park of Donana, an area of preserved natural beauty, Bodegas Contreras Ruiz champions the rich, full bodied Zalema grape. Located in the deep south of Spain, on the Atlantic coast close to Portugal, this is the perfect site to grow this local variety organically. Their goal is to make complex wines, where this single grape variety is expressed in different ways according to site and soil.

Equipo Navazos is a group of friends who have united over a shared passion for the treasures of Jerez, Sanlúcar, El Puerto and Montilla. They work closely with local producers to identify high quality butts of sherry with finesse and complexity which they then bottle and offer in very limited amounts. As well as producing sherry, Equipo Navazos has collaborated with other winemakers including Dirk Niepoort and Sergi Colet to develop some intriguing and characterful wines from Jerez and sparkling wines from Penèdes.

### Bodegas Ximénez-Spínola

There are not many wineries that can claim to plant only one variety, let alone one that could easily be seen as being permanently out of fashion, but that is precisely what Bodegas Ximénez-Spínola have done since 1729. Working solely with Pedro Ximénez they produce a selection of dry wine, dessert wine and sherry. Doing so, for so long, has made them masters of the grape and the wines they produce are simply magnificent.

#### Paul Hobbs

Raised on a farm on the east coast of the United States, Paul Hobbs grew up in a tee-total household but this did not stop his first taste of wine being Chateau Y'quem. It is tempting to say 'and the rest is history' and leave it at that, but there is so much more to this man. Paul came to winemaking via studying to be a doctor and this scientific background and attention to detail has helped hone his approach to crafting wonderfully precise, complex wines in California, and around the world. He has famously been called the 'Steve Jobs' of wine by Forbes magazine and it is clear he is a driven perfectionist whose hard work has paid off with numerous 100 points scores from the critics. However, to stop there would do Paul an injustice. Notwithstanding his mainstream winemaking training at USC Davis, Paul has been a long advocate of low intervention methods. Since the late 1980's, long before it was popular, Paul was using wild yeast to ferment and organic vineyard management techniques to get the best from his vines and protect the land. Like his wines, he is a complicated, multi-layered man and across all his ranges there is an elegance and lightness of touch that makes you realise there is a truly talented winemaker at work here.

Qupé focuses on cool climate expressions of Rhône varietals along the Central Coast of Santa Barbara County. Due to their positioning, right next to the cool Pacific Ocean, they are set apart from most other regions of California. They are a proud member of the Rhone Rangers, America's leading non-profit organization dedicated to promoting American Rhone varietal wines. Their founder, Bob Lindquist, was awarded a Lifetime Achievement Award in 2015 and the Californian poppy logo of the winery is now world renowned.

### Cartlidge and Browne, North Coast

In 1980, the same year Ronald Reagan came to power and JR was shot in 'Dallas', with no money to buy vineyards and seeing no reason to, Tony Cartlidge started his winery in an undistinguished Napa Valley garage. Possibly the original Californian 'garagiste' he set out to source the best possible grapes to handcraft his wines in this unassuming home. Nearly 40 years later, still sourcing from vineyards as wide ranging as Sonoma to the Sierra foothills, continuing to produce high quality wines, Cartlidge & Browne has become a byword for varietally pure Californian wines, whilst sticking to their garagiste roots of taking a different path.

### Once Upon A Tree, Herefordshire, England

Simon Day, an experienced winemaker, had some form of epiphany in 2007 while in the corner of an orchard in Herefordshire. He decided to embark on a cider journey with the fundamental assertion 'We will let the fruit do the talking'. And the approach seems to have borne fruit, if you pardon the pun. Along the way they have been awarded BBC's Radio's 'Drinks Producer of the Year' through their innovative and humble approach involving co-fermentation with grape skins and tackling the frosty challenge of ice cider.
