Wines by Country

Key	Item	Vintage	ABV %	Case Size	Current Bottle selling price
-----	------	---------	-------	-----------	------------------------------

Argentina

CINCO FINCAS, MENDOZA

Working with local growers from across the Mendoza region, the selection process was rigorous in determining which parcels of fruit from the five vineyards would make the cut. This is a quintessential Argentinian Malbec packed with fruit and freshness – quaffable, easy-drinking with copious amounts of blackberry, plum and cherry with a fresh finish.

0	4068	Malbec	2025	13	6	9.19
---	------	--------	------	----	---	------

SANTUARIO, MENDOZA

In Argentina the Malbec grape is the vinous equivalent of Messi or Maradona. Santuario pays tribute to this Argentinean wine obsession. This wine over delivers on every front showing why Argentina leads the world in quality Malbec.

0	2496	Malbec, Valle de Uco	2024	13	6	9.81
---	------	----------------------	------	----	---	------

MAN MEETS MOUNTAIN, MENDOZA

“Great things are done when men and mountains meet; this is not done by jostling in the street”. The quest for higher quality has seen Argentina’s most ambitious winemakers push into the Andes foothills, where the higher altitude and meagre soils produce the finest grapes. Man Meets Mountain celebrates those that face up to the challenges posed by nature with a Malbec packed full of blueberry, blackcurrant and plum.

0	2147	Malbec	2024	13	6	10.05
---	------	--------	------	----	---	-------

MANOS NEGRAS

Alejandro Sejanovich is arguably Argentina’s most knowledgeable viticulturist. Having worked as vineyard director for Bodega Catena Zapata for 16 years, he pioneered high-altitude vineyard planting and conducted ground-breaking research into Mendoza’s Malbec clones. With Manos Negras, Alejandro combines his love of minerality and altitude with a magical touch in the winery to produce some of the region’s most terroir-driven wines. Not only altitude but also latitude play a part in the wines from Manos Negras all capturing the spirit of Manos Negras through a myriad of soil types and grape expressions.

VIÑA COBOS, MENDOZA

In 1989, Paul Hobbs visited Mendoza for the first time. Driving over the Andes from Chile, he fell in love with the place and the people, but also with its potential to make great wine. He began experimenting with wild fermented Chardonnay and then with the variety that would become Argentina's calling card – Malbec; his first 10-barrel vintage of Malbec persuaded the American press of the potential of this grape. Paul established his own winery, Viña Cobos, in 1999 and over 20 years later, continues to make wines that are authentic expressions of the terroir they come from. In his exploration of the different terroirs across Mendoza, Paul looks to the most distinguished regions of Luján de Cuyo and Valle de Uco to produce wines that uniquely express their origins. The winery's elegant and balanced wines are a result of meticulous vineyard farming and utmost respect for terroir.

STELLA BELLA WINES, MARGARET RIVER

This boutique winery in the heart of Margaret River creates idiosyncratically named ranges like Suckfizzle with a low-intervention, organic ethos approach that allows their cherished vineyards to show their quality. It is not merely the names of these wines that are memorable: once you have tasted them, you will see why Luke Jolliffe, the winemaker, continues to receive recognition and awards from around the world for wines that have that wonderful Margaret River restraint and elegance, but are bound by a fruit purity that makes them nothing short of delectable.

WILDMAN WINE, SOUTH AUSTRALIA

Wildman Wine leads the charge of fun, fresh and fault free Australian Pét-Nat, driven by the maverick spirit of founder and winemaker Tim Wildman MW. Production has evolved dramatically since the first vintage in 2014. The fruit, predominantly Nero d'Avola and Zibbibo, is now sourced from top-quality regions such as Adelaide Hills and McLaren Vale thanks to a growing network of contacts, with guest appearances from other Italian varietals such as Arneis and Fiano. The charmingly named Astro Bunny and Piggy Pop have won over critics across the globe with their vibrant, complex, yet easy-going characters.

ONE CHAIN VINEYARDS, SOUTH AUSTRALIA

One Chain works with growers to source fruit from some of the most respected regions of South Eastern Australia to produce wines that are inspired by a love for one of Australia's most cherished sports – the name 'One Chain' being the imperial measurement for 22 yards, or the length of a cricket pitch. Even so, you really don't need to be a connoisseur of the game to be bowled over by the restrained, elegant style of One Chain's Chardonnay or the bright red fruit and subtle oak of its Shiraz Cabernet.

BY THISTLEDOWN, SOUTH AUSTRALIA

by Thistledown is all about good, clean fun. Working hand-in-hand with their merry (in a good season) band of growers, they craft wines of supreme quality without taking it too seriously: their ethos is great fruit, grown by great people and made with love in the sure knowledge that wine is about the good times – delicious food and great memories. Founded by Giles Cooke MW and Fergal Tynan MW, who also make the Thistledown wines, 'mundane' is simply not in their DNA: being involved in every stage of the winemaking process, from bud burst to bottling, means that every bottle from by Thistledown is an experience you'll want to savour again and again.

THISTLEDOWN, SOUTH AUSTRALIA

Thistledown was founded by Master of Wine, Giles Cooke who had a vision for a more elegant, textural interpretation of Australian wine. Initial explorations resulted in access to many of the best vineyards, many of which were the previously unloved Old Vine Grenache. Incredible, historic fruit sources coupled with Giles' increasingly adept efforts has quickly resulted in a reputation for being amongst the best in the country. Narrating the stories of these wines to an increasingly attentive global audience is Giles' heartfelt commitment and mission.

CHRIS RINGLAND, BAROSSA VALLEY

Chris Ringland came from humble beginnings. Growing up in Auckland, in 1974 he decided to have a go at home winemaking after finding an old recipe book, and together with some schoolmates harvested his neighbours' backyard vines. Interested in learning more about the science and history of winemaking, in 1977 he applied to the university of Adelaide and was accepted on the oenology degree course at Roseworthy College. After graduating, Chris returned to New Zealand for a few vintages before travelling to California to gain more experience. Working for Rockford Wines in Barossa Valley for 18 vintages, he had the opportunity to purchase his own vineyard. Chris had already established a winemaking project, Three Rivers Shiraz, in 1989, utilising parcels of fruit purchased from various growers, In 1995 he was able to continue with Shiraz harvested from the 100-year-old vines on his Stone Chimney Creek property, high in the Barossa Ranges of Eden Valley. At this point he changed the name from Three Rivers to Chris Ringland Shiraz, and with the release of the 1998 vintage Chris Ringland Winery was born.

MAJELLA, COONAWARRA

Majella are a stalwart of our portfolio, being regarded as one of Coonawarra's, if not Australia's, best producers with an abundance of awards to their name. However, Majella's owner, the effusive Brian 'Prof' Lynn would never brag: self-deprecating to the end, he describes himself simply as the humble custodian of top quality vineyards on world-famous 'terra rossa' soils. Every step of production is engineered with sustainability at its heart and this, combined with the immense talent of winemaker Bruce Gregory, has produced magic on which Majella's reputation has been built. Their sparkling Shiraz has achieved cult-like status on both sides of the globe and their impeccable Cabernet Sauvignon is listed in Langton's Classification of Australia's Best Wines.

Austria

TEGERNSEERHOF, WACHAU

Tegernseerhof has a history that dates back over 1,000 years, with 25ha of vineyards on the finest slopes of the picturesque Wachau region formed by the meandering Danube river. Today the estate is owned and run by Martin Mittelbach, whose family have been managing Tegernseerhof for five generations. Inspired by ancient winemaking traditions, Martin is passionate about producing the finest expressions of vineyard and grape variety; whether Grüner Veltliner or Riesling, each wine has its own unique personality.

FUNKSTILLE, NIEDERÖSTERREICH

Now more than ever we need a little Funkstille ('radio silence') in our lives, and as interest in Austrian wines has grown, so has the winery's range now comprising a quintet that includes expressions of Austria's most famous grape varieties and archetypal styles in some eye-popping packaging. Funkstille works with a 16th generation producer in Niederösterreich to put together this characterful range.

Bulgaria

ENIRA, BESSA VALLEY

Count Stephan von Neipperg, owner of several famous Bordeaux properties including Châteaux Canon La Gaffelière and La Mondotte, deliberately sought out Bulgaria's Bessa Valley, where the wonderful clay-limestone soils displayed the potential to make great wines. In the shadow of the dramatic Rhodope Mountains, these soils provide the structure, strength and minerality that enable Stephan to create wonderful wines, full of power and elegance.

Chile

ESPINOS Y CARDOS, CENTRAL VALLEY

Located between the mountains and the sea, Espinos y Cardos looks to craft subtle, pure expressions of classic international varieties for its white and red wines. Drawing on vineyards in Casablanca and Curico, Los Espinos combines cutting-edge winemaking with regional typicity to provide a range that reflects the beating heart of the country.

INDÓMITA

Viña Indómita occupies a truly spectacular location, between Santiago and Valparaíso in the heart of Casablanca, with an imposing house and a hillside sign that wouldn't look out of place in Hollywood. Yet within this setting is a dynamic winemaking team and one of the most exciting winemaking projects in Chile. With vineyards the length of Chile, from Casablanca to Maipo, as well as Maule and Itata, they take full advantage of the region's climatic differences, focusing on Chardonnay, Sauvignon Blanc and Pinot Noir in the cooler Casablanca Valley, Carignan in the Maule Valley, País in the Itata Valley and Cabernet Sauvignon and Carménère in the warmer Maipo region. Environmental sustainability and social responsibility are taken seriously, with measures taken to minimise waste water and energy consumption alongside ventures to create local employment across both winemaking and wine tourism.

CASA MARIN, SAN ANTONIO

When Casa Marin's first vintage of Sauvignon Blanc was released, it was heralded by Robert Parker as the 'best white wine made in South America' – a moment of great satisfaction for Maria Luz Marin, who had to fight to be allowed to plant her vineyards in Lo Abarca, only 5km from the sea. But this is a lady who doesn't take 'no' for an answer, with a career that's littered with great achievements and numerous firsts. Maria Luz's vision and determination to coax world-class wines from her coastal vineyards has underlined Chile's ability to produce wines that can take on the world's best.

England

ARTELIUM, SUSSEX

Curators, collaborators and custodians of English winemaking, art and nature, Artelium is a boutique estate in the heart of East Sussex crafting exceptional English still and sparkling wines. Founded by Mark Collins and Julie Bretland in 2020, it is the embodiment of a long-held vision to create a space for people to come together and enjoy wine and art in a beautiful natural setting. The area has a proud heritage of artisans, which Mark and Julie wanted to celebrate by being a hub for artistic expression and innovative winemaking. Artelium sees each vintage as an opportunity to create pioneering wines that will shape the future of the industry.

ROEBUCK ESTATES, SUSSEX

Roebuck Estates adopt a single-minded approach, using only the finest quality estate-grown grapes from exceptional vineyard sites to create award-winning wines from classic Champagne varieties. Located close to the historic market town of Petworth in West Sussex, Roebuck Estates was established in 2013 by two Brits, Mike Smith and John Ball, whose love of wine, long-standing friendship and belief in the potential of English wine caused them to spend several years spent searching for the perfect vineyard plots.

Size**PILTON CIDER, SOMERSET**

Based in cider's heartland, where sun-dappled orchards have been producing high-quality cider for generations, Pilton makes an exciting range of whole-juice ciders using the artisan method of 'keiving'. This process uses only cider apples – no water, no sugar, just patience – to develop sublime creations that in its use of wild yeasts, cold cellars and bottle fermentation, has much in common with the winemaking process. Pilton was started in 2010 by Martin Berkely, who uses apples from high-quality orchards planted in the 60s and 70s to produce this most traditional and evocative of local beverages.

DOMAINE LE FAY D'HOMME

Nestled in the heart of the Muscadet Sèvre et Maine appellation, Domaine Fay d'Homme is a family affair: the craft of winemaking has been passed on from generation to generation of the Caillé family for decades. In 1986, Vincent Caillé took the lead in running the family vineyard's operations and has produced premium quality wines of the highest standard, combining low intervention and traditional methods that truly express the local Muscadet Sèvre et Maine terroir. Terre de Gneiss and Terre de Gabbro are examples of wonderful modern Muscadets rooted in the terroir produced using a combination of traditional and biodynamic viticultural practices with exceptional quality as their overriding goal.

DOMAINE DES HERBAUGES

Julia Harding has described the wines of Domaine des Herbauges as "elegant and balanced". Winemaker Jérôme is as committed to this as he is to the sustainability of his vineyards. Once harvested, he ferments at low temperatures to conserve the natural aromas of the fruit, then matures the wine on the lees from 8 to 14 months with regular bâtonnage. Bottling takes place straight after fermentation, leaving the wine with a light, natural spritz.

Anjou-Saumur

BRENDAN STATER-WEST

Originally, from Oregon in the USA, Brendan was born into a family whose knowledge of wine extended simply to "drinking it every day", and he never imagined he would end up working in the industry. However, following a trip to France in 2007 to teach English, he caught the wine bug and has not looked back since. Brendan began his new career by joining the team at Domaine Guiberteau, where he still works. But Romain Guiberteau suggested that he lease a 1ha plot of young Chenin vines in Bizay, next to the Clos de Guichaux, where he could produce his own wines. The first vintage was bottled at the end of March 2017, having spent 12 months in neutral oak barrels, followed by six months in stainless steel tanks. Brendan seeks the same purity and precision in his wines as does Domaine Guiberteau, aiming for a 'transparent' reflection of the terroir. The estate follows environmentally conscious principles, with discipline and rigour in the vineyard and a low-interventionist approach to winemaking.

CHAI DE LA DIVE

Chai de la Dive is a negociant created by Romain Guiberteau, Brendan Stater West, Alex Crochet (Domaine Romain Guiberteau), and Arnaud Laplanche – some of the most esteemed growers in Saumur – established to broaden their exploration of the Loire beyond their main estate. Drawing on organically farmed fruit from both younger estate vines and trusted growers across villages like Berrie, Épiéds, Montreuil-Bellay and Puy-Notre-Dame, the team crafts wines under the 'Les Moulins' label. Following the Guiberteaus' philosophy of minimal intervention, CDLD delivers relaxed, terroir-driven wines that are open, precise and utterly unpretentious.

CLOS ROUGEARD

Located not far from the village of Saumur, Clos Rougeard was run by eight successive generations of the same family, with the most recent, brothers Charly and Nady Foucault, adopting a singular philosophy of "leaving the wine in peace so it can express its own identity" since they took over in the 1980s. In 2017 the estate was purchased by the Bouygues family, who have continued the work begun by their predecessors to enhance the reputations of Saumur and Saumur-Champigny while maintaining respect for the heritage that has gone before them.

DOMAINE GUIBERTEAU

Domaine Guiberteau is a prestigious family-owned vineyard nestled in the heart of the Saumur area. Founded in the early 1900s by Clément Manguin, and expanded by Robert Guiberteau with the acquisition of the iconic Clos des Carmes in 1954, the estate blends rich heritage with exceptional winemaking expertise. Since 1996, under the visionary leadership of Romain Guiberteau, the domaine has embraced a bold commitment to quality over quantity. Guided by the expertise of renowned winemaker Nady Foucault from Clos Rougeard, Domaine Guiberteau has pioneered organic farming practices and proudly achieved official organic certification in 2007. The result is a range of wines crafted with passion, tradition, and sustainable innovation – a true expression of the modern-day Loire Valley terroir.

DOMAINE DES BAUMARD

Now one of the Loire's most lauded producers, Florent Baumard has courted controversy by pursuing his own ideas and challenging the status quo. In a deeply traditional region, his early adoption of screwcaps and different vine trellising systems marked him out as the enfant terrible of Savennières. His mantra now encompasses a belief in the individuality of each vintage, believing it should be made with minimal intervention to allow the wine to reflect its unique provenance. His Savennières from the famous vineyards of Clos St Yves and Clos du Papillon are rich, yet with unrivalled balance and elegance, while his top cuvée, 'Trie Speciale', is only made in very exceptional vintages when the grape quality is optimal; it is a wine full of paradox – honeyed yet dry, rounded yet firm, with the rich fruit, tremendous weight and concentration ensuring a thoroughly memorable experience.

CHÂTEAU DE PLAISANCE

Located on the 'Butte de Chaume', one of the most beautiful and only 1er Cru classified terroirs of Anjou, this vineyard has been run organically and biodynamically since 1995. Though the soils of Chaume are known for their delectable sweet wines, Guy Rochais was the first to create a dry white: the famous 'Chaume sec de Guy Rochais'. In fact, his creation earned him a penalty fine for non-compliance with the AOC body, causing him to re-christen it 'The Insolent'. After 60 years at the helm of Château de Plaisance, the Rochais family have now sold the estate to young winemaker Vanessa Cherruau. Born and trained in Angers, she has learned her winemaking skills both in France and abroad. Vanessa's first visit to the terroirs of the Château de Plaisance was literally 'love at first sight' and in 2019 her very first vintage at Château de Plaisance was released.

ANTOINE SANZAY

Antoine Sanzay is the sixth generation of the Sanzay family to tend their vines. Having studied at the Lycée Viticole at Montreuil-Bellay, he took over the running of the family domaine in 1999. Antoine's father tragically passed away when he was 10, just as his grandfather was verging on retirement. While Antoine's father was a wine lover, his grandfather was the opposite: what mattered to him was to work the land for a living, with all the grapes sold to the local co-operative. With no solid guidance, Antoine had to start from scratch. And while this obliged him to rely on his wits, it also gave him the freedom to experiment. "I think it can be easier for the children to start with a new name than follow their father's legacy with all the baggage that can come with it," he says. While Antoine may have had to learn on his own, he took inspiration from many great Loire personalities, including Guy Bossard, Jo Pithon, Thierry Germain, Jo Landron, Les Frères Foucault and Bernard Baudry. It was not until 2002 that Antoine made his first vintage, having slowly made the switch to organic practices. By 2011, he was fully organic, and in 2014 became fully certified bio and Ecocert. 2014 was also the first vintage in which he bottled his entire production and ceased selling to the local co-operative, which, prior to that, provided much-needed financial support. Today, there is stylistic continuity throughout the range, with great tension, focus and vibrant fruit harnessed to absolute linear precision. The reds show a brilliantly judged balance between intense crunchy berry fruits, brooding matière, croquant tannic grip and a lingering refined floral element mixed with lovely bite and length.

Touraine

LAMÉ-DELISLE-BOUCARD

Lamé-Delisle-Boucard traces its winemaking roots back to 1869, when Pierre Guyot began producing wine on the estate. From the beginning, it has remained a true family venture. Pierre's son-in-law, Jules Lamé, played a pioneering role after the phylloxera crisis by grafting *Vitis vinifera* vines onto American rootstocks – an innovation that helped safeguard the future of Europe's vineyards. Originally, the estate's wines were sold in bulk to local négociants, but the exceptional quality of the 1947 vintage inspired the family to begin bottling under their own label. Over five generations, unlike many French domaines affected by Napoleonic inheritance laws, Lamé-Delisle-Boucard has remained intact and steadily grown to its current size of 44ha. The vineyards span a rich variety of soil types, with an average vine age of 35-40 years. Cabernet Franc makes up 85% of the plantings, with the remaining 15% dedicated to Cabernet Sauvignon. Now led by fifth-generation siblings Philippe and Stéphanie Boucard, the estate is renowned for producing exceptional, long-lived red wines, all of which undergo careful ageing in the historic Tuffeau stone cellars beneath the winery.

DOMAINE DE PALLUS

We first met Bertrand Sourdais when he was the winemaker for Dominio de Atauta – one of the finest wineries in Ribera Del Duero. Now at the helm of this family-run 18ha domaine in Chinon, Bertrand is already changing and improving the vineyard management and has brought new techniques to the cellar. As a result, he is expressing the true potential of Domaine de Pallus: silky, deep, rich Cabernet Francs without any of the green vegetal character so often showing in the lesser wines from this region.

PHILIPPE ALLIET

We are thrilled to work with Philippe Alliet, one of the icons of the Loire Valley. It's a real privilege to be able to source these highly sought after wines, which originate from his small 17ha estate in Cravant-les-Côteaux, the location of some of the finest Cabernet Franc vineyards in the Loire. Inspired by his love for top Bordeaux, Philippe's goal is to make wines that share the same concentration, density and power using low yields of optimally ripe fruit with the grapes fully de-stemmed. All of his cuvées show great purity and balance and we are convinced that they have the ability to age for a decade or more.

DOMAINE PATRICK VAUVY

Patrick Vauvy manages 30ha of vines, the majority planted with Sauvignon Blanc, on a domaine that has been in the hands of the Vauvy family for generations. On taking over, Patrick brought new vision and a more experimental style to the Domaine, being often the last of his neighbours to harvest. Located above the banks of the Cher river, the soil is predominantly sand-based, giving the wines a fruit-driven, immediately appealing style.

Size**DOMAINE BONNIGAL-BODET**

Domaine Bonnigal-Bodet is located in Limeray (Amboise), in the heart of the Loire Valley. Having been handed down from father to son since 1927, the estate is now run by the fourth generation of the family and long-time best friends Jean Baptiste Bonnigal and Stéphane Bodet, who took over together in 2015. The vineyards themselves are stretched across a large range of terroirs, with a multitude of local grape varieties, including Chenin Blanc, Côt, Sauvignon Blanc and Pineau d'Aunis. Using organic and biodynamic practices, Jean Baptiste and Stéphane use skills learned in New Zealand and Bordeaux to create wines of precision and purity. They believe that hard work in the vineyard is critical to harvesting grapes of optimum quality, and consider manual work unavoidable if both the vines and their fruit are to give of their best. The soil is worked heavily to encourage deep root implantation, thereby allowing the vines to express the purest expression of both terroir and vintage.

DOMAINE GILLES GAUDRON

Fourth generation Gilles took over the family domaine in 1993. Composed of 50 separate small parcels of vineyard, the estate is planted on limestone-clay soils spread over 27ha. Still aided by his father Sylvain, Gilles Gaudron produces top quality, traditional Vouvrais with pure a fruit character and a striking expression of terroir.

FRANÇOIS CHIDAINE

Described by Michel Bettane as 'a producer that true oenophiles should seek out', François Chidaine is the producer who put Montlouis firmly back on the map of world-class Chenin Blancs. An early disciple of 'Biodynamie', he has succeeded in producing some of the most elegant Loire whites with a consistently great balance between ripeness and structure.

PLOU ET FILS

Domaine Plou, located on the banks of the River Loire, has been in the same family since 1508 – just a few years before Leonardo da Vinci took up residence in the nearby Château d’Amboise. Over the last 500 years, winemaking traditions have passed down through the generations, the right vines have found their ideal vineyards sites, and the individuality of each parcel is now firmly embedded in their DNA. The estate now extends over 75ha and its current custodians, Mathieu and Guillaume Plou, produce a range of wines that typify both the soils and grapes of this ancient viticultural land.

Sancerre

DOMAINE THOMAS

Domaine Thomas & Fils is a family-owned estate in Sancerre, France, with a winemaking lineage dating back to 1670. Currently managed by the 13th generation, Julien Thomas, alongside his parents Jean and Ginette, and his wife Justine, the domaine spans 16 hectares in the village of Verdigny. The estate cultivates Sauvignon Blanc and Pinot Noir across diverse terroirs, including flinty soils (silex), Kimmeridgian limestone, and caillottes (gravelly slopes), each contributing distinct characteristics to their wines.

DOMAINE VACHERON

Domaine Vacheron is a prestigious family-run estate in Sancerre, with a history dating back to 1898. Renowned for crafting some of the finest Sauvignon Blancs in the Loire Valley, the domaine combines tradition with scientific precision to express the unique terroir of Sancerre. Today, it is led by fourth-generation winemaker Franck Vacheron, who continues to uphold the estate’s commitment to quality and elegance.

PASCAL & NICOLAS REVERDY

Founded in 1985 by Pascal Reverdy, this winery began as a small, family-run estate in the hamlet of Maimbray, within the Sancerre appellation. In 1993, Pascal's brother, Nicolas, joined the business, helping to grow the domaine's reputation for quality and terroir-driven wines. Together, the brothers cultivated vineyards rooted in tradition, with a strong commitment to sustainable viticulture and precision in winemaking. Tragedy struck in 2007 when Nicolas was killed in a vineyard accident. In the wake of his death, his widow Sophie stepped in to help run the estate alongside Pascal and his wife Nathalie. Their combined efforts ensured the continuity and spirit of the domaine, honoring Nicolas's legacy while guiding the estate into a new chapter.

DOMAINE REVERDY DUCROUX

The first recorded mention of this estate dates back to 1550 and makes Laurent Reverdy the 14th generation to run this dynamic Domaine in Verdigny, overlooking the Loire Valley. After studying in Amboise and Beaune, Laurent took over from his father Alain in 2000 and has continued a careful programme of investment and sustainable vineyard management. Today, the Domaine cultivates 50 plots, across 35 hectares of the best terroirs in the Sancerre region, mainly around the commune of Verdigny, but with small parcels in the diverse crus and terroirs across the appellation, notably on the argilo-calcaire at Bué, flint in St Satur and the hard chalk caillottes in Crézancy. Sustainability and preserving the future of their vineyards is a priority, with every technique from mechanical weeding, green harvesting, through to their new gravity fed winery, evidence of their strong intention to make wines in a sensitive and low impact way.

DOMAINE JEAN-PAUL PICARD

Domaine Jean-Paul Picard et Fils is a family-run estate with an incredibly long history, having been in the same family since 1750. Today they passionately cultivate 14ha of vines, all of which are situated on the slopes of Bué and are among the best sites in the region. Guided by the lessons of the past and by their accumulated artisanal knowledge, they practice 'lutte raisonnée' to preserve soil health and insist on manual harvesting of the grapes. One of the peculiarities of the domaine is that they have a multitude of small parcels, each with its own character, that are vinified according to their terroir and position. Vinification takes place using indigenous yeasts in their modern gravity-fed winery, resulting in high-quality, expressive wines that are full of complexity.

DOMAINE FRANÇOIS CROCHET

To the south-west of the town of Sancerre lies the tiny commune of Bué, where you will find François Crochet single-handedly managing his 10ha of vineyard. Doing much of the work in the vineyards himself, François is committed to hand-harvesting to maintain the quality of the resulting wine. Though he is unable to make enough to keep pace with demand, these wines are some of the most precise and refined Sancerres you will ever taste.

Pouilly Fumé

DOMAINE DIDIER DAGUENEAU

Domaine Didier Dagueneau is an iconic Pouilly-Fumé with a cult following. Founded in 1982 by the legendary Didier Dagueneau, this celebrated estate in Saint-Andelain, in the heart of Pouilly-Fumé, produces some of the most distinctive and sought-after Sauvignon Blancs in the world. Revered by collectors and sommeliers alike, Dagueneau wines are benchmarks not only for Pouilly-Fumé but for the entire Loire Valley – including top-tier Sancerres. Didier came from a winemaking family but first found fame as a champion motorcycle sidecar racer before becoming a revolutionary force in the wine world. Unafraid to challenge convention, he transformed the image of Pouilly-Fumé through the adoption of low yields, biodynamic farming, horse-drawn ploughing, and meticulous attention to detail in both vineyard and cellar. His wines became known for their power, precision and ageworthiness, showcasing the pure expression of Sauvignon Blanc with a flinty, mineral-driven edge. Oak ageing and extended lees contact add depth, texture, and complexity, making these wines stand out on any wine list. Today, Didier's son Louis-Benjamin Dagueneau carries the torch, upholding his father's legacy with the same uncompromising standards. Under his guidance, the domaine remains a symbol of innovation and excellence.

Size**DOMAINE MASSON-BLONDELET**

Producers of Pouilly-Fumé and Sancerre for 14 generations, the Masson family has a deep-rooted winemaking heritage. Michelle and Jean-Michel Masson established Domaine Masson-Blondelet in 1975, and in 1980, they built a three-level, gravity-fed cellar in the heart of Pouilly to allow for gentle, natural winemaking. Their children, Mélanie and Pierre-François, joined the family estate in 2000, representing the seventh generation of winemakers at the domaine. The estate cultivates 21 hectares of Sauvignon Blanc and Pinot Noir, planted on the finest slopes of the AOC. With south to south-east orientations, the vineyards benefit from optimal sun exposure and a unique microclimate created by the nearby Loire River, which is classified as a natural reserve. This exceptional setting, combined with a legacy of craftsmanship, allows the domaine to produce wines of precision, purity, and character.

DOMAINE PIERRE MARCHAND

Eric Marchand spent his childhood in the vineyards helping his parents, who instilled in him a deep love for the land. He went on to study viticulture and then, after graduation he and his brother Pascal took over from their father. Across their 17ha the brothers practise minimum intervention as well as conducting green harvests and debudding in the spring to improve quality further. The result is a beautifully concentrated Pouilly Fumé, with well balanced, crisp gooseberry and blackcurrant leaf fruit overlaid with hints of citrus and minerality.

● 1198	Pouilly Fumé, Les Loges	2024	12.5	12	16.83
--------	--------------------------------	------	------	----	-------

BOUCHIÉ CHATELLIER

Domaine Bouchié Chatellier is one of the most outstanding producers in Pouilly Fumé. Rubbing neighbourly shoulders with the inimitable Didier Dagueneau, and with vines planted on the same Silex soils as Didier's, the domaine's gently tended vines benefit from the same high proportion of flint, which stores and reflects the heat so well. The resulting level of ripeness, as well as an incredibly rich, flinty minerality, imbue the wine with a delicious complexity that few of its rivals can match.

Alsace

CAVE DE RIBEAUVILLÉ

Run and owned by growers for over 100 years, this co-operative has always been about the land and the quality of fruit that grows here in the Vosges Mountains. The alternating razor-sharp ridges and plummeting valleys create slopes with fantastic exposure to the sun and great protection from the wind and rain, helping to maximise the potential of this vertiginous land. The current range comes from a small selection of organic vineyards that show their poise through fresh, fruit-driven expressions of classic Alsatian varietals, demonstrating that this venerable co-operative is living very much in the moment.

DOMAINE KLUR

Certified organic and following biodynamic practices, this small estate of just 7ha is nestled on steep slopes in the heart of Alsace. While founder Clement Klur is still very much involved at every stage of the process, he has now joined forces with neighbour Leon Heitzmann and their joint efforts are reflected in the increasing quality of the wines. The vineyards are tranquil places, full of fruit trees dotted amongst the vines that attract and offer shelter to local wildlife – a symbiotic relationship that helps to maintain the health and balance of the land. The steepness of the vineyards means the harvest is carried out by hand, enabling the pickers to choose only the healthiest fruit and ensuring that the resulting wine is always of the highest quality.

DOMAINE ZIND-HUMBRECHT

Olivier Humbrecht MW holds the notable achievement of being the first French national to earn the title of Master of Wine in 1989. From a winemaking lineage that dates back to 1620, Olivier is the twelfth generation of his family working in viticulture. In 1959, his parents, Léonard Humbrecht and Geneviève Zind, merged their family vineyards to establish Domaine Zind-Humbrecht and Olivier assumed responsibility for the estate's winemaking in 1989, the same year he achieved his Master of Wine qualification. Under his guidance, Olivier's domaine has become renowned for its commitment to biodynamic viticulture, a practice he adopted in the early 1990s. He employs non-interventionist winemaking techniques, allowing the unique terroirs of Alsace to express themselves fully in the wines, and his dedication to quality and innovation in winemaking has earned him international acclaim, solidifying his status as a leading figure in the world of wine.

Burgundy

Chablis

DOMAINE BESSON

Situated in the heart of Chablis, Domaine Besson is the proud possessor of an exceptional wine-producing heritage, seeking to express and transmit through its wines the purity and sensitivity of this unique terroir. The estate is an independent, family-owned and run domaine spanning four generations. Today, their 21ha comprises holdings in Petit Chablis, Chablis and selected Premiers/Grands Crus. Owner Alain Besson has recently handed more control to his daughter Camille, who looks after the winemaking and marketing, and son Adrien, who is responsible for the vineyard work. Practising *lutte raisonnée* in the vineyards and manual harvesting for the Grands Crus, the family's thoughtful, sensitive winemaking gives rise to a range of wines that offer a pure expression of fruit combined with fine and elegant styling.

DOMAINE LONG-DEPAQUIT

Albert Bichot's Domaine Long-Depaquit estate is located in the heart of the village of Chablis in Burgundy's Yonne department and produces consistently excellent wines. A stroll through the estate's grounds, which boast centuries-old trees and a rose garden, offers a unique, timeless experience. The domaine is spread across 34 distinct plots, planted on gently sloping hillsides with gradients ranging from 5% to 20%. These varied exposures create a patchwork of terroirs, each contributing unique qualities to the wine. By vinifying each plot separately, the individual characteristics of the different terroirs are preserved, adding depth and complexity to the blend.

DOMAINE MICHAUT FRÈRES

Chablis has experienced more than its fair share of bad luck in the last few years, with variable harvests resulting in soaring prices, so we are pleased to have Bernard Michaut on board providing his stunning, fresh vibrant Chablis. The winery is located in Biene close to Chablis, where the classic soil of the region – kimmeridgian – underpins the 60ha of vineyards. These wines show great typicity – steely acidity, plenty of fruit and an unmistakable note of 'flinty terroir'.

DOMAINE MOREAU-NAUDET

The Naudet family has been involved in winemaking since the 17th century, but Domaine Moreau-Naudet was established in 1950 following the marriage of Marie Naudet and René Moreau. Stéphane Moreau took over from his father Roger in 1991 and quickly gained a reputation for producing wines marked by style, finesse and individuality; his untimely death in August 2016 was a significant loss to the wine world. Stéphane was deeply passionate about crafting authentic, high-quality Chablis from the family's 22ha of vineyards. His family and the domaine team continue to honor his legacy by maintaining the estate's dedication to excellence.

LAURENT TRIBUT

Laurent Tribut's winemaking journey began through his marriage to Marie-Clotilde Dauvissat, daughter of renowned Chablis producer René Dauvissat. He spent over a decade learning from his father- and brother-in-law before founding his own estate in Poinchy in 1987, working vineyards gifted by the Dauvissat family near their Premier Crus. Initially producing wines in the Dauvissat cellars, he later moved operations to Poinchy, where he continued to craft wines true to the Chablis terroir. In 2019 Laurent retired, passing management to his three children, with Solange leading winemaking, but he remains involved ensuring the estate's wines retain their signature balance, minerality, and elegance.

VINCENT DAUVISSAT

Domaine Vincent Dauvissat has long been regarded as being the finest estate in Chablis. Founded in the 1970s by Robert Dauvissat, the Domaine has remained a family affair to this day, passed down through three generations. Robert's son, René, he played a key role in building the Domaine's esteemed reputation. His son, Vincent, then joined his father and now oversees the estate. A devoted following among France's top restaurateurs keeps export quantities limited, but despite their scarcity, Dauvissat's wines have earned acclaim from critics around the globe.

Size**DOMAINE BERNARD DEFAIX**

Spend time in Didier and Sylvain Defaix's company and you immediately understand the energy and effort they put into their wines – or more correctly, their vines and land. Located a little to the north of the eponymous village of Chablis, the brothers have some of the best situated vineyards in the entire region and their efforts to coax the best from the soil are nothing short of incredible. This translates directly into their wines, which are powerful, textural and capable of considerable development. Certified organic and with a leaning towards biodynamics, the gentle, caring approach of the Defaix brothers makes their wines flagship examples of why Chablis is so special.

Côte de Nuits**DOMAINE CONFURON-COTETIDOT**

Domaine Confuron-Cotetidot is a distinguished family-run winery located in Vosne-Romanée, at the heart of Burgundy's Côte de Nuits. Established in 1964 through the union of the Confuron and Cotetidot families – both with deep-rooted viticultural traditions dating back to the 17th century – the estate now spans approximately 11ha of esteemed vineyards, including Grand Cru, Premier Cru and Village appellations.

DOMAINE DU CLOS FRANTIN

Tradition meets terroir in the heart of the Côte de Nuits: nestled in the village of Nuits-Saint-Georges, Domaine du Clos Frantin is a charming 18th-century estate at the very heart of Burgundy's prestigious Côte de Nuits – home to some of the world's most coveted Pinot Noir vineyards. The estate spans 13.2ha, including 3.9ha of Premier and Grand Cru vines, grown on some of the region's most exceptional soils. Committed to sustainable and responsible viticulture, the domaine has fully embraced organic farming. Since 2012, all of its vineyards have been certified organic and, beginning with the 2018 vintage, every bottle proudly carries the official 'organic wine' certification. Fertilizers and herbicides have been replaced with natural compost and traditional ploughing, while rigorous pruning and green harvesting help maintain low yields and exceptional grape quality. In the cellar, modern technology complements time-honoured techniques: the winery is designed to operate entirely by gravity, preserving the purity, freshness and aromatic integrity of the fruit. From vineyard to bottle, every step is taken with respect for the land, the grape and the magnificent heritage of great Burgundies.

DOMAINE GEORGES LIGNIER

Domaine Georges Lignier & Fils is a distinguished family-run estate located in Morey-Saint-Denis, at the heart of Burgundy's Côte de Nuits. Established in the early 20th century, the domaine has been under the stewardship of the Lignier family for over four generations. Since 2008, it has been led by Benoît Stehly, the nephew of Georges Lignier, who brings a blend of tradition and modernity to the estate's operations. Benoît emphasises a traditional approach to viticulture and winemaking, aiming to express the unique terroir of each parcel. The wines are celebrated for their elegance, aromatic purity, and faithful expression of terroir. They offer a more delicate and subtle profile compared to some neighbouring estates, making them approachable in youth while possessing the structure for aging. The estate's commitment to traditional methods and respect for the land has solidified its reputation as a producer of classic, high-quality Burgundy wines.

DOMAINE HENRI GOUGES

Henri Gouges began shaping the future of his domaine shortly after World War I, when he inherited 9ha of prime vineyards in Nuits-St-Georges. Between 1920 and 1934, he expanded his holdings significantly. Today, the estate spans 14.5ha, including seven exceptionally well positioned Premier Cru sites. A pioneer in estate bottling, Henri Gouges was among the first in Burgundy – alongside notable names like Marquis d'Angerville – to begin bottling and marketing his wines directly in 1933. He was also deeply committed to low yields and strict vineyard management – principles that remain central to the domaine's philosophy under the stewardship of his descendants. Now run by the third and fourth generations – Pierre and Christian Gouges, Pierre's son Gregory, and most recently Antoine, who leads the winemaking – the domaine continues to uphold its tradition of producing structured, terroir-driven Nuits-St-Georges. In 1977, the family introduced rye grass cover crops between the vines – an innovation that has proved highly beneficial for soil health and biodiversity in the vineyards.

DOMAINE JEAN CHAUVENET

Domaine Jean Chauvenet is a prestigious winery set against the tranquil backdrop of the Burgundy countryside that was founded by Jean Chauvenet as a passionate endeavour to celebrate and nurture the gifts of nature. With a rich history spanning several decades, the vineyard is synonymous with exceptional quality and refinement in the realm of fine wine. As a family-owned and operated estate, its wines embody the artistry of winemaking perfected by the Chauvenet family over generations.

Size**DOMAINE ROBERT CHEVILLON**

In many ways the story of Domaine Chevillon exemplifies that of fine winemaking in Burgundy – a tale of dedication, passed down through generations, of men and women who have shaped the estate through their hard work since the early 1900s. Today, the finesse and complexity of Domaine Chevillon's wines are celebrated across the globe, wherever people embrace the culture and joy of fine wine.

DOMAINE TORTOCHOT

Domaine Tortochot is a renowned family estate currently led by fourth-generation winemaker Chantal Tortochot, who took over from her father in the late 1990s. The domaine manages 12ha of vineyards divided into 34 distinct parcels, including vines in Lavaux Saint-Jacques adjacent to the famed Clos Saint-Jacques. Known for producing traditional-style Gevrey wines, Chantal's are celebrated for their chiselled fruit, structured tannins and bright acidity, which reflect the true Burgundian character.

DOMAINE ROSSIGNOL-TRAPET

The 14ha Domaine Rossignol-Trapet was created as recently as 1990 when the original Louis Trapet vineyard holdings were divided between his daughter and son-in-law, Jacques Rossignol. Since then Jacques' two sons, Nicolas and David, have gradually taken over the reins of the business, and the domaine has been certified 100% biodynamic since 2004. With vineyards spread equally across Village, 1er Cru and Grand Cru holdings in Gevrey Chambertin, the domaine offers a fascinating insight into the sheer variety of flavours that this famous Burgundy village can muster. They prefer to harvest later and use less new oak, as their aim is to achieve fruit ripeness rather than oak dominance. Purity of fruit and freshness are the hallmarks here.

DOMAINE TAUPENOT-MERME

Under the expert guidance of Romain Taupenot, this Morey-based domaine has risen to become one of the standout producers in the Côte de Nuits in Morey Saint Denis, crafting wines renowned for their depth, structure, freshness and complexity. This seventh generation family-owned estate perfectly blends tradition with masterful winemaking, creating wines that authentically express the unique character of their vineyards. The story of Domaine Taupenot-Merme is woven through generations, each adding to the family's rich legacy. With unwavering respect for tradition and a passion for excellence, they have built a portfolio that stands as a testament to their dedication to quality.

DOMAINE MARC ROY

Since taking over from her father Marc in 2003, Alexandrine Roy has become the fourth generation of the Roy family to cultivate vineyards in Gevrey-Chambertin and Marsannay. Her domaine is exceptionally small – just 4ha – but it is tended with the care and precision of a cherished garden. A hands-on vigneronne Alexandrine is deeply committed to the land, regularly ploughing the soils of her old-vine parcels, many of which are over a century old. This practice encourages the vines to send their roots deep into the limestone-rich subsoil, enhancing the expression of terroir in every bottle. Though her holdings are limited to ‘Village’ appellations, the wines consistently defy expectations, showing a finesse, depth, and complexity more commonly associated with Premier or Grand Cru sites. Alexandrine’s winemaking philosophy is grounded in minimal intervention and gentle extraction, allowing the natural character of her ancient vines to shine. The resulting wines are remarkable for their purity, elegance, and supple, silky texture – qualities that have earned her international recognition and admiration. Each vintage reveals a transparent expression of its site, crafted with sensitivity and a deep respect for tradition.

Côte de Beaune**DOMAINE ALBERT BICHOT**

The Bichot family have had connections to wine since 1831, when Bernard Bichot founded a wine trading business in Monthélie. Bernard’s son, Hippolyte, bought the first of the family’s vines in Volnay and his son Albert gave the family business momentum in the late 19th century, settling in the heart of Beaune where they still follow their dream to this day. Having gone off to find adventure in the world, travelling extensively from the Arctic to the Antarctic, Albéric Bichot returned to Beaune and took over the business in 1996; and though he fully respects the family’s traditions, he is completely focused on the future. Albéric compares himself to the “conductor of an orchestra, proud to bring people and their talents together in a common project”. He tackles the many challenges faced by the region with energy, converting to organic viticulture in the Côte-d’Or vineyards, adapting to new markets as they emerge, and increasing the prestige and exposure of Burgundy wines worldwide. He remains convinced that the quality of the grapes is what determines the quality of the wine and is currently focused on work begun in the 1980s to secure supplies and expand vinification and cellaring capacity.

DOMAINE BRUNO COLIN

Creating his first vintage in 2004 after the decision to split the family domaine three ways, Bruno Colin cultivates vines in the Côte de Beaune's most prestigious appellations, covering 8.55ha in the communes of Chassagne-Montrachet, Puligny-Montrachet, Saint-Aubin, Santenay and Dezize-les-Maranges. His stated philosophy is: "Each vinification is an interpretation of a vintage and a terroir; all of our wines are vinified in the same way in order to reflect the differences between our parcels."

DOMAINE DE COURCEL

Domaine De Courcel is a historic family-owned estate in the Côte de Beaune, producing a distinguished range of wines from seven distinct vineyard plots, all situated within the Pommard appellation. Currently, the domaine is managed by Anne Bommelaer and Marie de Courcel, along with their children, Constance de Leusse and Edouard de Courcel. Since 2025, Pierre Clair has been supporting the family as estate manager. Approximately 75% of the estate's vineyards are classified as Premier Cru, highlighting their exceptional quality and terroir. Domaine De Courcel's commitment to expressing the unique characteristics of each terroir results in wines of notable elegance, complexity, and ageing potential.

●	6318	Pommard, Vaumuriens	2019	13	6	65.66

DOMAINE DU PAVILLON

Domaine du Pavillon is situated just south of Pommard, in the heart of the Côte de Beaune, and belongs to Albert Bichot's portfolio of magnificent estates. Enclosed within its historic walls are the estate's vineyards, winery, cellars and an elegant 18th-century manor house. The property encompasses 19.5ha of vines, including nearly 4ha of the estate's prized Monopole: Pommard 'Clos des Ursulines.' As at Domaine du Clos Frantin in Nuits-Saint-Georges, organic viticulture is practised with a constant focus on preserving the natural balance of the ecosystem. The winery was completely modernized in 2016, allowing for the vinification of more single-vineyard plots from the Côte de Beaune. Vats of varying sizes were introduced, perfectly tailored to Burgundy's terroir-driven, single-vineyard approach. Beginning with the 2018 vintage, the wines of Domaine du Pavillon, like those from the group's other estates in the Côte-d'Or and Mercurey, carry official certification as organic wines.

DOMAINE JUSTIN GIRARDIN

Domaine Justin Girardin is very much a family affair, with a winemaking heritage that dates back to the beginning of the 19th century. Jacques (brother of Vincent) handed over the running of the 17ha family domaine to his son Justin in 2012. While not officially certified, Justin nevertheless employs many organic techniques, as he is passionate about producing wines that express their terroir. The results are superbly perfumed and multi-layered.

DOMAINE PATRICK JAVILLIER

Domaine Patrick Javillier is a thriving domaine under the stewardship of Marion and Pierre-Emmanuel, maintaining the disciplined, terroir-forward legacy instilled by Patrick. They are an ever-growing presence at Premier and Grand Cru levels, ensuring the domaine remains a key benchmark for Burgundy white wine, combining generosity, finesse and authenticity. The estate was found in Meursault after World War 2 by Raymond Javillier and taken over in 1974 by his son, Patrick, who expanded the estate from 2ha to around 11ha across the Côte de Beaune, building a reputation for high-quality whites. Since 2008, Pierre-Emmanuel Lamy has led the white winemaking and viticulture, while Marion Javillier oversees Pinot Noir production. Known for classic, elegant, terroir-driven wines that offer both early enjoyment and cellar ageability, they are considered to be among Meursault's most consistent and high-quality producers, while also offering good value at entry level. Neal Martin of *Wine Advocate* praised these budget wines, while Jancis Robinson included Patrick's name as a 'first look' for each vintage.

OLIVIER LEFLAIVE

Olivier Leflaive is a respected négociant and wine producer based in Puligny-Montrachet, in the heart of Burgundy's Côte de Beaune. Emerging from a long line of Burgundian vigneron, Olivier founded his own domaine in the early 1990s after branching out independently from the famed Domaine Leflaive. Today, the estate encompasses approximately 17ha of owned vineyards and sources fruit from over 100ha of contracted growers across Burgundy, including prestigious areas such as Chablis, the Côte Chalonnaise, and the Côte de Beaune. Known for its refined white Chardonnays, the house also maintains a small but focused production of Pinot Noir reds and Aligoté whites. Beyond winemaking, Olivier Leflaive has become a benchmark for Burgundy hospitality, offering luxurious accommodation, vineyard tours and fine dining through the award-winning hotel, bistro, and Klima restaurant.

DOMAINE RAPET PÈRE ET FILS

Situated in Pernand-Vergelesses, between the Côte de Nuits and Côte de Beaune in Burgundy, Domaine Rapet produces exceptional wines from vineyards surrounding the prestigious hill of Corton. Founded in 1765, this historic family estate is now led by Vincent Rapet, who crafts wines in a modern style that are both well-vinified and true to their terroir. These wines benefit from a few years of cellaring, and the various cuvées remain attractively priced. In short, Domaine Rapet is a dependable source for both red and white Burgundy wines.

DOMAINE NICOLAS ROSSIGNOL

A fifth-generation Burgundian vigneron, born in 1974 in Volnay. Nicolas Rossignol started working on the family estate of Rossignol-Jeanniard in 1994 and has since held winemaking roles at estates of the likes of Domaine Joseph Voillot, Louis Latour, Vieux Télégraphe (Châteauneuf-du-Pape), Boschendal (South Africa), and Château La Cardonne (Lafite-Rothschild). In 1997 he launched his own domaine with around 3ha in Volnay, Pommard, Beaune, Aloxe-Corton and Pernand-Vergelesse. Over the next 15-20 years, he expanded to approaching 20ha across 30 appellations, including multiple Premier Crus. In summary, Nicolas Rossignol blends both heritage and modern winemaking, combining traditional Burgundian practices with biodynamic principles and meticulous cellar work. His wines showcase clarity, balance and a strong sense of place across a wide range of Burgundian appellations.

Size**DOMAINE HUBERT LAMY**

Olivier Lamy is one of the brightest stars in the Côte de Beaune, following in the footsteps of his father Hubert Lamy when he joined the family domaine in 1995. Sadly, Hubert passed away in October 2022 and will be sorely missed. The fine quality of his wines has significantly enhanced the standing of Saint Aubin, which can now be mentioned in the same breath as the more celebrated neighbouring appellations of Chassagne-Montrachet and Puligny-Montrachet. His signature racy styling, with great acidity and length, remains to the fore and his wines always punch well above their weight. They age well, too, due to their fine balance. The reds offer deep, ripe yet well-manicured tannins with good bright, fresh red fruit character alongside.

DOMAINE FERNAND & LAURENT PILLOT

Laurent Pillot, who took over the running of this domaine in his mid-20s, transformed his family's estate from one devoted to grape-growing into one of the more distinguished winemaking estates in the Côte de Beaune, though he has since transferred the winemaking responsibilities to his son, Adrien. Consisting of a superb collection of vineyards and a modern winemaking facility on the edge of St Aubin, both the domaine's reds and whites are of an excellent quality – notably the white Chassagne-Montrachet and the rounded, sultry Chassagne-Montrachet 1^{er} Cru Morgeot Rouge, both of which clearly express a beautiful underlying minerality.

DOMAINE VINCENT LATOUR

A family run business since 1972 consisting of 8 hectares and producing wine from the famous village of Meursault. Vincent took over from his father Jean in 1998 and now owns 11 hectares of vineyards in Meursault and Chassagne. The name of the winery was changed from Latour-Labille to Domaine Vincent Latour starting, with the 2010 vintage.

DOMAINE PHILIPPE BOUZEREAU

Philippe Bouzereau is the 9th generation of a family of vine-growers in Meursault. Following on from his father he took responsibility for the management of this fine 18 hectare Domaine back in 2006, helped by his brother Charles. With the well-being of the vineyards at heart, his team practice minimum intervention to enable the vines to develop naturally and healthily. His emblematic wine is the 1.7ha monopole Meursault 'Vieux Clos du Château de Cîteaux', produced from a single parcel of vines planted by his father. Philippe cultivates a huge diversity of vineyard plots, from Aloxe-Corton in the north to Chassagne-Montrachet in the south, providing a multitude of small parcels with which to compose the 'mosaic' of his production. Using modest levels of new oak, refraining from 'batonnage' completely, he prefers to let the wine's natural richness and flavour shine through.

DOMAINE PHILIPPE CHAVY

Philippe Chavy took over the reins of this wealthy domaine from his father in 2002 with a little more than 3 hectares of prime sited vineyards. The domaine now extends to just over 8 hectares, with some thirty individual parcels scattered throughout the neighbouring villages of Puligny Montrachet (from his father's side of the family) and Meursault (through his maternal side). Soil is worked by ploughing; there is strictly no use of herbicides or insecticides and for several years, Philippe has followed the cycles of the lunar calendar when determining work in the vineyards and cellars.

DOMAINE JEAN-PHILIPPE FICHET

Surely one of the hardest working producers in Burgundy, the truly hands on 'salt of the earth' Jean-Philippe Fichet manages manicured vineyards which produce superb quality fruit. With decades of experience, Jean-Philippe is making classic but refined white Burgundies with great terroir definition resulting in many well-deserved accolades for these truly exceptional wines. Having tried and tested, finely tuning his skills for over 30 years in the vineyards and winery, results in wines as close to perfection as you could hope. His wines show excellent balance between fine fruit ripeness and concentration yet with telling vibrancy, minerality, energy and true precision.

DOMAINE DARVIOT-PERRIN

Domaine Darviot-Perrin was established in 1989 by Didier Darviot and Geneviève Perrin, merging the estates of Pierre Perrin-Ponsot and Henri-Jean Darviot. Geneviève's father, Pierre Perrin, was a renowned figure in Meursault and Volnay winemaking circles. The domaine spans 11ha across a clutch of prestigious Burgundy communes, including Meursault, Volnay, Chassagne-Montrachet, Monthelie, Pommard and Beaune. In 2019, Didier's son, Pierre-Antoine Darviot, took over the winemaking duties after a distinguished career in the French Foreign Office. He is the 10th generation of the family to lead the estate and has since transitioned the domaine to certified organic farming, with certification achieved in 2022.

DOMAINE BACHEY LEGROS

The success of this domaine stems from its incredible stock of old vines, producing small yields that offer perfect grape ripeness and concentration while being deeply anchored in their rootstocks. The resulting wines offer power and elegance in equal measure and come from a legacy of generational winemaking that dates from the 19th century.

Size**THOMAS MOREY**

The rigorously talented Thomas Morey, younger son of Bernard, has set up his cellar in the old family house in Chassagne-Montrachet, where he represents the 10th generation of the Morey family in Chassagne-Montrachet. A diligent, serious, hardworking perfectionist, he has renovated the winery into a very clean and organised operation. He works around 13ha diligently and skilfully, having already established himself as one of the stars of the appellation. His style is different from that of his father – tauter, more linear and with more initial restraint in the modern idiom of fine white Burgundy.

CHANZY

Maison Chanzy is a highly respected Burgundian producer: their wines are a classical demonstration of premium vineyard sites in Côte Chalonnaise, Côte de Beaune and Côte de Nuits. The range has been carefully contrived by winemaker Max Blondelle, whose stated task is to create wines that eloquently communicate their respective terroirs while maintaining a steadfastly hands-off approach. As such, Chanzy are one of the few Burgundy producers to achieve Haute Valeur Environnementale level 3 – the most highly regarded certification for agriculture in France.

JEAN BAPTISTE JESSIAUME

Charmingly located amidst the picturesque rolling hills of Santenay in the Côte de Beaune lies Domaine Jean-Baptiste Jessiaume – a timeless testament to the artistry of winemaking. This family-owned estate, steeped in tradition and innovation, has been crafting exceptional wines for generations, passing down the passion and expertise of its winemakers through the years. The Jessiaume family's roots in Santenay date back to 1830. Today, the sixth generation of the family, led by Jean Baptiste Jessiaume, continues to uphold the estate's legacy of producing high-quality Burgundy wines. With a deep connection to the land and a commitment to sustainable and environmentally friendly practices, Jean Baptiste is dedicated to creating wines that not only reflect the unique terroir of the region but also express the rich history and traditions of Burgundy. The estate owns vineyard in various appellations, including Pommard, Saint-Aubin, Beaune, Saint-Romain and Bourgogne Hautes-Côtes de Beaune. These vineyards, spanning a total of 12.5ha, are characterised by their diverse terroirs. The wines are renowned for their elegance, complexity, and ability to age gracefully. The estate minimises the use of chemical inputs, promotes biodiversity and employs organic or biodynamic farming methods whenever possible. The winemaking process is also low-intervention, allowing the natural character of the grapes to shine through. With its commitment to tradition, sustainability and producing wines that reflect the unique terroir of Santenay, the estate continues to be a standout in the world of Burgundy winemaking.

Côte Chalonnaise

DOMAINE JAEGER-DEFAIX

Hélène Jaeger-Defaix took over her first vineyard in Rully 1er cru Mont-Palais from her great-aunt, Henriette Niepce, in October 2002, and runs the estate with the same organic cultivation philosophy as that of her husband's Chablis domaine (Bernard Defaix). The family has a long history in the region, with Henri Niepce, the great-grandfather of Hélène, contributing significantly to Rully gaining its AOC status in the 1930s and helping to build its fame. Located in the Chalonnaise, only 100ha of Rully's vineyards are classified as 1er cru. Farming organically since 2009, the vines have an average age of at least 35 years. The grapes are hand-picked, and pressing is slow and gentle to extract the best juice, with modest handling to preserve the elegance of the wine.

Size**DOMAINE DE SUREMAIN**

Domaine de Suremain comprises 18ha of vines spread across some of Mercurey's finest appellations. The property has been in the same family for seven generations and is currently run by Yves Suremain, his wife Marie-Hélène and their son Loïc. The vineyards are situated on the high and mid-slopes facing to the south and east, in the heart of the appellation. These holdings yield no less than six different red Mercureys including five 1er Crus. The domaine also produces one white Mercurey – the 1er Cru 'En Sazenay'. In all of its vineyard work the family philosophy is to respect nature, following a lutte raisonnée approach and adapting their techniques to suit the climatic conditions of the vintage. The grapes are harvested by hand in small crates before being carefully sorted. Fermentation takes place in open oak cuves of 50-100 hectolitres, cru by cru, and the wines are matured in French oak barriques (10-15% new) for 14-18 months.

Mâconnais**DOMAINE FICHET**

Run by brothers Pierre-Yves and Olivier, Domaine Fichet has raised the quality level of its wines in recent years by investing in a modern new winery. The terroir here is unique, with a high content of white limestone among the chalk and clay, while the area's microclimate brings extra humidity and morning fog. With improved facilities and a general willingness to modernise their approach, the brothers' wines have continued to improve year on year. The Mâcon-Villages has a perfect balance of concentration, acidity and minerality, and the Bourgogne Pinot Noir is beautifully fresh and light.

DOMAINE DE FUSSIACUS

Passion is not enough according to Jean-Paul Paquet, owner of Domaine de Fussiacus. In his opinion it is knowledge, acquired through long seasons in the vineyard, that enables the winemaker to produce great wine. Armed with this philosophy Jean-Paul manages 11ha in southern Burgundy in the heart of the Mâconnais, south-west of Macon, and creates wines enhanced by his vast experience. Thanks to the generosity of the terroir, his wines reveal typicity, finesse and elegance.

DOMAINE SÉBASTIEN GIROUX

Nestled in Fuissé, within the Mâconnais region – an area stretching 50km long by 15km wide between two valleys – Domaine Sébastien Giroux produces dry white wines exclusively from Chardonnay under the renowned appellations of Pouilly-Fuissé, Pouilly-Loché and Mâcon-Loché. A family-run domaine with a winemaking legacy spanning over 300 years, it was taken over by Sébastien Giroux in 2009, following his career in motorsport mechanics. With a vision to modernise production while still honouring tradition, Sébastien has elevated the estate's reputation for producing high-quality, terroir-driven Chardonnays that offer compelling value for money.

DOMAINE LES VIEUX MURS

Jean-Paul Paquet began working the vines of Les Vieux Murs in 1978, where the Chardonnay grape thrives amidst the limestone and clay soils of the Mâconnais. At Domaine Les Vieux Murs, the 30-50 year old vines are planted in perfect balance to produce fruit of optimum ripeness. Jean-Paul has now been joined in the family business by his son Yannick, who travelled widely to broaden his viticultural knowledge and is now building an enviable reputation as a winemaker.

Size**CHRISTOPHE CORDIER**

Christophe Cordier's estate comprises 30-odd hectares over a number of Village appellations in the Mâconnais region, including Mâcon-Fuissé Pouilly-Fuissé and Saint Veran. He produces balanced wines by harvesting fresh ripe grapes that concentrate naturally due to their low yields, and in a distinctive house style that is always concentrated, rich and full. The domain's high-tech winery includes a gravity bottling facility and a raft of high-quality large French oak casks for ageing that are toasted under Christophe's direct supervision.

Beaujolais

DOMAINE DE COLETTE

Domaine de Colette is located in the heart of the Crus du Beaujolais, in the charming village of Lantignié – regarded by many as the premium village in the cru of Regnié. Run by the humble Jacky Gauthier, it was founded by his father René. Jacky studied oenology at the tender age of 17 and immediately started working with his father in the vineyards. Today he is joined by his son Pierre-Alexandre, whose invigorating youthful enthusiasm has seen a further move to full organic practices and adoption of France's new sustainability certification in line with the family's philosophy of 'terroir is their true wealth'. The vineyards are home to vines averaging 45 years of age, but one plot, called Colette, averages over 80 years. For visitors, the views from the cellar and reception room are nothing short of exceptional, extending across the rolling Beaujolais vineyards and the Saône Valley to the Alps, where Mont Blanc is visible on a clear day.

DOMAINE DE LA COUVETTE

Gautier Marion is the fifth generation of the family to manage Domaine de la Couvette, tucked into the gently undulating countryside of southern Beaujolais. If you could picture what a quintessentially small French producer should look like then Gautier's property would fit the bill. He takes great pride in making wine in the region's traditional carbonic-macerated style using trusty old concrete vats that are also used to age the wines. Respecting not only the region's winemaking traditions, but also their 11ha of land, planted with vines up to 50 years old, Domaine de la Couvette demonstrate their commitment by making a fully organic Beaujolais that is full of ripe red fruit with spicy, earthy notes and a lovely smooth minerality.

●	1545	Beaujolais Blanc-Chardonnay	2023	12.5	6	12.95
●	1543	Organic Beaujolais Rouge	2023	13	6	13.88

DOMAINE GEORGES DESCOMBES

Georges Descombes is one of the pillars of the Beaujolais appellation. His wines are serious, but also give a lot of immediate pleasure. Like his great friend, Jean Foillard, and his mentor, the late Marcel Lapierre, he favours minimal intervention and lets the granite terroir of his 15.5ha of vineyards lead the way. Beautifully juicy but with good backbone, his wines can be enjoyed early and will also age for several years. The estate follows an environmentally conscious approach with discipline and rigour, aimed at low-intervention winemaking.

Jura

DOMAINE BERTHET-BONDET

Jean Berthet-Bondet has been working his land since 1984. With modest 15ha of 30-year-old vines, the estate may be small but is steeped in history and heritage. Half of Jean's land is in the Château Chalon appellation – home to the Savagnin grape, renowned for making the revered Vin Jaune. Exclusive to the Jura, this wine is harvested late and then aged in barrel for over six years. During this time a voile, or layer of yeast, forms on top of the wine, endowing it with a distinctive flavour of walnuts, hazelnuts and green almonds. A unique wine that has seen a resurgence of popularity in recent years, Vin Jaune has always been appreciated by the knowledgeable few.

Savoie

DOMAINE JEAN PERRIER ET FILS

'Traditional' hardly describes the Perrier family, who have lived and worked in the Alps for more than seven generations and seem to be hewn from the very rock that surrounds them. Their wine style and dedication to local grape varieties such as Jacquère has never wavered and like the region's mountains remains resolute. All the better for it – these wines are stunningly different and enthralling, with flavours on the palate that you would be hard pressed to find anywhere else. Embodying their terroir and being resistant to change has made these wines special, delightful and truly regional.

OLIVIER CAZENAVE ET CHÂTEAU

Growing up in Libourne, it was inevitable that Olivier would fall in love with the world of wine, but it's his revolutionary approach to winemaking and desire to break the rules that sets him apart. In 2003 he finally decided he wanted to own vineyards, and as he says: "you would have had to be crazy to buy a property in Bordeaux in 2003" ... but that he did. The first few years were about slowly replanting and discovering the terroirs and by 2016 all of his vineyards were worked biodynamically, with 2019 being the first certified vintage. His first vintage, 2011, was awarded by Revue des Vins de France "The best new talent for wines less than 20€" and also ranked second amongst all St Emilion Grand Crus. However, his irrepressible and somewhat 'revolutionary' approach to winemaking and love of breaking the rules, had to find an outlet in such a traditional region, hence the creation of Bel a Ciao... here his imagination can play and develop wines such as the exciting Semillon, Sauvignon Blanc orange wine, which from 2021 is organic.

Rhône

Northern Rhône

EQUIS

We are thrilled to be distributing the wines of Alain Graillot's son, Maxime. Maxime is in charge of Alain's domaine and has added a small 6.5ha holding in Crozes, Domaine des Lises, to the portfolio. He also manages several other vineyards in Cornas, St Joseph and Crozes, selecting tiny parcels of the very best grapes to make the Equis range. They are made in the same vein as his father's wines - the Equinoxe is a modern interpretation of Crozes for early drinking, whilst the Crozes Lises and St Joseph ignite in flavour after a year or two in bottle.

FRANÇOIS VILLARD

François' empire continues to grow, but he keeps a tight rein on operations while being open to sharing his knowledge and passion for his region. The recently expanded winery perched above Saint-Michel-sur-Rhône, once modest in size, is now brimming with vats and barrels, yet the exceptional quality remains unwavering. François Villard's distinguished estate, founded in 1989 by the former chef turned winemaker, has grown to encompass over 40ha of vineyards, alongside an additional 25ha of fruit sourced from trusted growers. Producing around 450,000 bottles annually, the domaine offers a diverse portfolio of 23 cuvées from some of the northern Rhône Valley's most celebrated appellations, including Condrieu, Côte-Rôtie, Saint-Joseph, Crozes-Hermitage, Cornas and Saint-Péray. These wines regularly grace the tables of top restaurants worldwide – a testament to their enduring excellence.

PIERRE GAILLARD

Pierre Gaillard continues to produce some of the most stunning wines from his 25ha domaine near Malleval. Handling the Viognier, Roussanne, Marsanne and Syrah with the same gifted care, he offers a very fine and wide range of wines. We are only importing a limited selection from his superlative collection. When he is not busy in the Northern Rhône, he is helping his daughters, Jeanne in Crozes Hermitage and Elise in Banyuls, whilst even finding time to run a small estate in Faugères.

🔴	5747 Côte-Rôtie	2023	12.5	6	48.96

DOMAINE DE BONSERINE

This prestigious estate has only 10ha of vineyards, consisting mainly of old Syrah vines known locally called 'Serine' – a very old clone of Syrah that produces small clusters of loose berries resulting in a particularly aromatic wine. No pesticides, herbicides or chemicals are used in the domaine's sustainable agriculture regime, while a recent revamp of their cellar enables them to craft even more refined, elegant wines.

ERIC TEXIER

A man of conviction, though by no means a zealot, Eric Texier likes to push the boundaries. Despite having no experience or contacts in wine, he decided to give up a career as a nuclear engineer and study winemaking in 1992, interning with Jean-Marie Guffens at Verget in Mâcon. Lacking the network to buy his own vineyard, Eric served his time with established winemakers then made négoce wines with the fruit of like-minded purists until he was introduced to François Pouchoulin – AKA ‘the Godfather of Brézème’. Eric was fascinated by the history of this tiny enclave on the southernmost edge of the Northern Rhône, on the left bank of the river. South-facing, at 300m of elevation, it has limestone-rich clay soils that grow rockier as the slope rises. In the mid-19th century, its wines rivalled those of Hermitage, but by 1961 just a single hectare remained. With Pouchoulin’s help and guidance, Texier eventually succeeded in purchasing a tiny parcel of vines in Brézème. Many years later, he has now put the Brézème appellation firmly back on the map and is its leading grower. After Brézème, Eric and his wife Laurence (the backbone of their business – they are very much a team and travel everywhere together) purchased another tiny plot, this time in the Ouvèze valley of the Ardèche, on the right bank of the Rhone. This site has granite soils, sits at a higher altitude than Brézème and has higher growing temperatures. According to Eric, both of these classic Northern Rhone plots had almost been forgotten because of their isolated geographic position and small surface areas. Today, Eric and Laurence have 12ha under cultivation, with vines aged from 30 to 90 years old on both sides of the Rhone, all of which are worked organically. This is not a sudden conversion or a response to trend: Eric has worked organically since the beginning. He also follows some biodynamic principles, but is not dogmatic about it.

Size**DOMAINE DE FONDRÈCHE**

Sébastien Vincenti of Domaine de Fondrèche is widely recognised as one of the two best producers in Ventoux – and to make things even better, he adheres to a reasonable pricing policy despite his ever-increasing reputation and growing international demand. The wines from his 38ha domaine are polished and seductive, yet Sébastien is always striving to improve, by using specific canopy management techniques to produce perfectly ripe, rich and harmonious wines. The estate has always followed an environmentally conscientious philosophy, with discipline and rigour aimed at a low-interventionist approach, and so received official organic viticulture certification in 2022.

DOMAINE ALARY

Denis Alary's wines are benchmark Southern Rhône: spicy, rich and peppery with warm, juicy fruit, they are consistently appealing and a great representation of the region. While Grenache makes up the majority of the vines planted on the 29ha of vineyards, Denis also has an old plot of Syrah that is used judiciously in the cuvée 'L'Estévenas'. Despite increasing fame and demand, these wines remain great value. Since 2016, Denis has been joined on the estate by his wine-passionate son Jean-Etienne following the latter's travels in Australia and in New-Zealand. Together, they handle the management and marketing, including sales directly from the cellar, along with the vinification and viticulture. Driven by Jean-Etienne, the estate is now also moving towards biodynamic cultivation.

DOMAINE SANTA DUC

Yves Gras is one of the strongest personalities in the Southern Rhône; generous to a fault, he has helped many younger producers to improve their techniques and establish themselves on the market. Since 2006, Yves has slightly softened his style by shortening the time of cuvaision and using different cooling methods to reduce the austerity that previously characterized his wines; they still have plenty of local character and a huge personality, but are also a little more approachable in their youth. Yves' son Benjamin has taken charge of the most recent vintages. The results from the 23ha under vine are truly exceptional and have received widespread recognition in the press.

DOMAINE GRAND VENEUR

Christophe and Sébastien Jaume have now taken over from their father, Alain, and have carefully expanded this domaine. The range is exceptional, with the whites equally superb as the reds: 'La Fontaine' is consistently rated one of the best white Châteauneufs while 'Les Origines' delivers the class expected of a premium cuvée with many international accolades. There is no weak wine here, and the well-priced Côtes du Rhône is produced from vines situated only metres away from those of the famous Château Beaucastel.

Size**GUILLAUME GONNET**

The energetic and charismatic Guillaume Gonnet is not your average Rhône winemaker. Extremely open in his attitude, his curious, boundary-challenging approach extends far beyond wine. He has travelled to the far ends of the earth, revelling in the opportunity to surf some of the best waves in the world while learning his craft in various Australian and New Zealand regions. Returning to the Rhône with his Australian wife Kelly, Guillaume has put similar energy into his family estate and his new-found enthusiasm for Grenache-based wines. Guillaume allows the fruit to express itself freely through hands-off winemaking and displaying a fascination for the varying soils of the Rhône in his diverse wines, he's just the sort of restless creative that we love to work with.

LE CLOS DU CAILLOU

Sylvie Vacheron, helped by the gifted Bruno Gaspard, is producing rich and very expressive Châteauneuf du Pape cuvées. The quality of the estate's wines has greatly progressed over the past couple of decades, which are now recognised among the best in the appellation. The unsung hero in Le Clos du Caillou's portfolio is 'Bouquet des Garrigues': with the feel and style of a Châteauneuf du Pape, it elevates Côtes du Rhône to a new level.

DOMAINE DE LA VIEILLE JULIENNE

Despite our already large portfolio of Châteauneuf estates, we did not hesitate when given the chance to add Jean-Paul Daumen's wines to our offering. These are very serious wines in a class coveted by many other producers. With 10ha of vines at the very northern part of Châteauneuf du Pape and 5ha of Côtes du Rhône on the Lieu Dit Clavin, Vieille Julienne wines are far from the blockbusters produced by so many in the region during the past decade; they are completely unique, which explains why they are so sought after!

South West

Cahors

CHÂTEAU PONZAC

Having extensively studied winemaking techniques, Matthieu Molinié and his wife Virginie are now dedicating their lives to the production of Cahors, creating cuvées from Malbec that reflect the diversity of the terroir and the uniqueness of their property. Covering 28ha of prime Cahors vineyard, planted with vines averaging 25 years of age, the Ponzac wines comprise up to five cuvées – each the result of meticulous vineyard management and selection coupled with an exacting process of winemaking and blending.

○ 5852	Château Ponzac, Cahors	2020	14	6	19.14

CROCUS

Crocus represents a quest to redefine Malbec in its birthplace, combining ancient, Old World terroir with New World vision. When internationally recognized winemaker Paul Hobbs and fourth generation Cahors producer Bertrand Vigouroux decided to work together, they set out to offer a new interpretation of the Malbec of Cahors. Driven by their passion and expertise, the pair established Crocus to show the world how a single clone of Malbec can vary in character across three distinct terroirs and in the process create wines as special as they are individual.

JEAN-MARC GRUSSAUTE

Jean Marc Grussaute, a native of the Béarn region, is currently producing some of the most sought-after Jurançons at his 11ha Camin Larredya. The dry wines are precise and powerful, but fresh and perfectly balanced. The sweet wines also display the same liveliness and precision; the residual sweetness is always in harmony with the crisp, balancing acidity.

DOMAINE CAPMARTIN

Under the skilled and insightful guidance of Simon Capmartin, his Madiran and Pacherenc de Vic-Bil Domaine has kicked this most traditional of appellations into a new, more progressive age. Changes to both the management of the vines and the winery have led to a range of wines that showcase the quality of the appellations while brilliantly offering a unique and refreshingly modern twist. Certified organic for the best part of a decade, Simon now has his sights firmly set on biodynamic certification. Natural, low-intervention winemaking is the very essence of his approach: vinification with no added sulphur, all wild ferments and a lighter extraction of tannins makes his Madiran Tannat a step apart from the region's more impenetrable blockbusters. Among the white wines, his unique blends under AOC Pacherenc de Vic-Bilh, using the rare and cherished Petit Corbu variety, are wonderfully complex, whilst IGT Lou Piaf enlivens the palate with its electric sharp acidity. Capmartin is certainly a winemaker to watch.

Languedoc-Roussillon

TERRES FIDÈLES

The wines of Terres Fidèles are designed to express the spirit of this extraordinary place – old-vine Grenache, Carignan, Malbec, Cinsault, Viognier and more. All are authentically crafted, small-batch wines of the wilds. As Fergal Tynan MW, founder, explains: “Over the last two decades, we’ve been creating wines in the wilds of south-western France – embarking on adventures; exploring, discovering and rediscovering remarkable places and vineyard sites. From the foothills and valleys beneath the iconic Pyrenees, out through the gorges to the coastal areas of the Mediterranean, we’ve journeyed with our friends – exceptional growers who excel at their craft and have an inherent respect for the land that they and theirs are a part of. It is these people and places that inspire our winemaking.”

Faugères

MAS OLIVIER

The story of Mas Olivier officially began in 1982, the date Faugères gained its AOP classification. However, the unique terroir, landscape and the people who have shaped its history go back far longer. Back in 1959, a group of like-minded wine growers with a vision to create high-quality wines joined forces. Today, their co-operative produces more than half of Faugères bottled wines and is well regarded for its quality. Vineyards that face the Mediterranean sea but are some 300m above sea level enable Faugères to benefit from the long summer sunshine but with heavier spring and autumn rainfall, and cooler temperatures than are found elsewhere in the Languedoc. With a philosophy of lutte raisonnée, and where possible adherence to organic principles, this compelling Languedoc winery offers wines that are generous, with plentiful ripe fruit, value and character.

●	4831	Faugères Blanc	2023	13.5	6	12.57
●	4832	Faugères Rouge	2022	13.5	6	12.57

Limoux

MAISON ANTECH

For over five centuries, Maison Antech has tamed the magical terroir of Limoux to make fine sparkling wines. The secret of their character lies in the combination of Limoux's three very different terroirs, which form the backbone of the cuvées: freshness from the Pyrenees, viscosity from the Atlantic Ocean, and roundness from the Mediterranean. Here, Mauzac and other local grape varieties are cultivated, each bringing their own complexity and purity to the wines. This cuvée is named after Françoise, a member of the sixth generation of the family, in celebration of her strong character and the part she plays in guarding shaping the future of the domaine.

Picpoul de Pinet

FAMILLE MORIN

The Morin family assumed ownership of this beautiful lestate in 1966, and today its wines are carefully crafted by young winemaker, Caroline Morin. Her intention is to express the estate's distinctive terroir by ensuring that finesse and minerality form the backbone of her wines. The Cuvée Caroline wines have been specially blended to capture the essence of the region while offering good value and immense drinking pleasure.

Size**VIGNERONS DE FLORENSAC**

The Florensac terroir is one of the oldest planted vineyards on the Mediterranean coast and unusually for the South of France, it specialises in producing white wines that rely on cooling sea breezes to moderate the summer heat. The vineyards are on high ground consisting of clay and limestone soils and the vines are harvested at night to preserve the aromas and freshness of the fruit. Once fermented, the wine is aged on fine lees with regular stirring to bring out its characteristic richness and roundness.

DOMAINE GARDIÉS

Domaine Gardiés stands out as one of the defining estates of the Roussillon, rooted in the wind-swept hills around Espira-de-l'Agly and the schist terraces of Vingrau and Tautavel. The Gardiés family has farmed these landscapes for generations, gradually shaping a domaine known for precision, depth, and an unbroken connection to its terroir. Their vineyards lie between the Mediterranean and the foothills of the Corbières, where old bush vines cling to poor, stony soils that naturally limit yields and enhance concentration. The estate's wines reflect this contrast of sun, altitude, and mineral tension, offering a modern expression of the region's identity.

Provence

DOMAINE DE LA GRANDE BAUQUIÈRE

The Sainte Victoire Mountains, a bright white line of rocks that served as inspiration to the Impressionist painters Van Gogh and Cézanne as well as many others, slices through the sky, protecting this domaine from the worst ravages of the northerly Mistral wind. The 80ha domaine is also protected by rows of tall trees, while streams meander between them and through the vineyards – an idyllic landscape, full of biodiversity. This is reflected in the subtle, delicate wines – refined and full of vibrant red berry fruit with a harmonious elegant finish that rank as supreme examples of the classic Provençale style.

CHÂTEAU L'ESCARELLE

Chateau de L'Escarelle of one of the most prestigious wine estates in the heart of Provence, with 100 hectares of organically certified vineyards set in 1,000 hectares of beautiful woodland. In the past year this property has made impressive steps to establish itself as a major player of sustainable agriculture in France. In 2016 the estate achieved Haute Valeur Environnementale certification (France's most stringent environmental certification scheme, level 3), demonstrating their deep-rooted commitment to protecting the natural world. Their vines are planted at up to 500 metres above sea level, hugging the slopes of the Montagne de La Loube and adapting to the estates' clay and limestone soil profile. The terroir's distinctive character is perfect for creating highly-expressive, elegant Rosé wines.

WEINGUT MAX FERDINAND RICHTER, MOSEL

For 300 years, the Richter family has owned and farmed vineyards in the central Mosel area. Working 16ha of vines, they have consistently produced some of the region's best Rieslings. The deep valley, cut through the landscape by the Mosel river, has some of the wine world's most impressive yet precipitously sloping vineyards. Using knowledge gathered over generations, the Richters fastidiously work the terraces, focusing on low yields, using natural fertilizers and cultivating in harmony with the local geology. Selective hand-picking, meticulous work in the cellar, and the use of 960 litre old oak Moselle fuders (foudres) result in single-vineyard cuvées that offer superb drinking but also great ageing potential.

WEINGUT KARTHÄUSERHOF, MOSEL

The Karthäuserhof is the eighth oldest winery in the world and has been the cradle of world-famous Rieslings for centuries. It was founded in 1335 by Carthusian monks who received the estate as a gift from the Elector Baldwin of Luxembourg and ran it as a winery until the advent of secularization. The Karthäuserhof has been owned by the same family since 1811, now in its seventh generation. Mathieu Kauffmann, Technical Director, is responsible for vineyard care and vinification of the wine, and his belief in an ecological approach to viticulture will shape the philosophy of Karthäuserhof long into the future.

AUGUST KESSELER, RHEINGAU

When August Kessler took over the company founded in 1924 by his parents, he was just 19 years old. At the time it consisted of a small 2.5ha large-barrel wine business, and he worked hard to achieve the enviable international reputation he enjoys today. Located in the Pinot Noir heartland of Assmannshäusen, in one of the most prestigious wine growing areas for Riesling - the Rheingau, August Kessler have some of the best Pinot Noir and Riesling sites that the lower and middle Rheingau have to offer spread over 32.5 hectares.

DÖNNHOFF, NAHE

Dönnhoff cultivate several world-class vineyards in their homeland of Oberhausen and Nahe and work on the principle that "The vineyards speak for themselves. You have to listen to them". Stretching from Niederhausen to Schloßböckelheim, the majestic landscapes of the Nahe Valley have captured their love and attention for more than 250 years. The first official mention of the Dönnhoff name dates back to 1761; the family's own history book details the early flowering of 1781 and the bumper grape harvest of 1784. Helmut Dönnhoff's grandfather was the man that first started the estate's success, focussing his attention on planting Riesling vines in prized vineyard areas, and by the 1920s was filling his wines into bottles and selling the finest of them by their individual vineyard names. Then came Helmut's son, Hermann Jr. founder of their "Oberhäuser Brücke" site, and responsible for constructing the press house in 1936 and the estate's first cellar space.

Greece

DOMAINE CHATZIVARITIS, GOUMENISSA

Founded in 1994 by Vagelis Chatzivaritis, the Chatzivaritis Estate is located in the heart of Goumenissa, Macedonia. The property spans 20ha of organically farmed vineyards across the regions of Bindabla, Filyria, Plagia, Pentalofos and Griva, cultivating indigenous grape varieties such as Xinomavro, Negoska, Roditis, Malagousia, Muscat and Assyrtiko, along with small plots of international varieties such as Sauvignon Blanc, Merlot, Chardonnay and Cabernet Sauvignon. In 2017, Vagelis' daughter, Chloi, returned to Greece after completing winemaking studies in France and Portugal. She brought with her a modern, low-intervention philosophy along with less familiar winemaking techniques such as pétillant naturel ('pét nat') and carbonic maceration.

GAVALAS WINERY, SANTORINI

Gavalas family winery, one of the oldest on the island of Santorini, lies in the village of Megalochori. The stone building, built along traditional lines, used to double as a distillery making canava, a local spirit, and has retained many of its original features including the cellars and grape stomping rooms. Now, though, these have been joined by a modern addition with high-tech equipment to produce wines of the highest quality. The aim of the Gavalas family, which includes fourth-generation winemaker George and his son Vagelis, is to highlight the characteristics of Santorini's unique volcanic terroir and a variety of indigenous grape varieties that includes not only Assyrtiko, Aidani, Mandilaria and Mavrotragano, but the much rarer Katsano and Voudomato.

Hungary

DISZNÓKŐ, TOKAJ

A First Growth since 1732 and part of the World Heritage Site of Tokaj declared in 2002, the 104 hectares of Disznókő vineyards have always been sought-after due to their supreme quality. Once owned by influential aristocratic families and then nationalised, the estate has been under the ownership of AXA Millésimes since 2002. With its expertise and experience in Aszú winemaking, Disznókő is recognized today as being in the forefront of the renaissance of these truly great Tokaji wines.

MA'D MOSER, TOKAJ

Robert Mondavi once said "a vision always comes first". In 2022, it was just such a vision that led to a collaboration between Lenz Moser, Rita Takaro, Karoly Kovas (owner of the famed Ma'd Wines) and winemaker Gabor Urban to re-invent dry Furmint from Tokaj under the Mád Moser project. Their goal was to bring an exciting new interpretation of dry Furmint from one of the great, yet forgotten, wine regions to the world's attention. Tokaj's importance dates back to the early 16th century, when its wines became a status symbol among the aristocracy of Europe. All this was forgotten during the Communist era, when the vineyards were nationalized and tasked with producing cheap wine in bulk, but was rediscovered in the 1990s, when foreign investment poured in and local winemakers once again focused on making quality wines. Those from Mád Moser display great freshness, complexity and structure combined with the unique individual character of Hungary's most famous grape. Slowly but surely, they are helping the country to regain its place among the world's great wine-producing nations.

Italy

Piedmont

VINCHIO VAGLIO

Vinchio Vaglio is a quality-minded co-operative producing wine from growers in the villages of Vinchio and Vaglio Serra since 1959. It is situated in the foothills of the Alps amidst the breathtaking landscape bounded by the Po and Tanaro rivers, with Asti's famed Monviso Mountain as a backdrop. The rolling Monferrato Hills epitomise Piemonte, where the endless rows of vines are punctuated by the odd coppice of hazelnut trees, while the town of Asti itself has a rich cultural and architectural heritage. Today, the Vinchio Vaglio co-operative comprises 192 families of growers. Their 470ha of Barbera account for around 70% of production, with the remainder coming from other native varieties such as Nebbiolo, Dolcetto, Ruché, Albarossa, Grignolino, Arneis, Cortese, Moscato and Brachetto, along with the international varieties Pinot Nero (Noir), Sauvignon Blanc and Chardonnay.

PRODUTTORI DEL GAVI

Situated 40km from the Ligurian Sea, within the province of Alessandria Produttori del Gavi overlooks the historic Gavi fortress and has been making wine for over 65 years. With 220ha between them, the 95 farmers in this co-operative boast the largest vineyard holding in Gavi DOCG, which contains a number of organically certified vineyards as well as vines up to 90 years old. Today, its members are led by oenologist Andrea Pancotti. The local terroir is characterized by thin, calcareous white soils that have proved ideal for growing the native Cortese grape. Perfumed by the brackish wind that blows in from the sea, these wines are superbly lean and with great finesse.

TENUTA OLIM BAUDA

Wine aside, Piedmont is almost as famous for truffles – those elusive, delectable delights that have to be rooted out from the depths of the forest. Much the same might be said of Olim Bauda – a secluded family estate that lies at the end of long drive off the busy Via Prata. Here the road gently meanders and continuously rises before the family home finally reveals itself amidst a grove of trees, though if you arrive in truffle season it is more likely to be shrouded in mist. The estate is run by siblings Dino, Diana and Gianni, all of whom have devoted themselves to creating fresh, expressive Barbera d'Asti and pure, scintillating Gavi in the most delicate, low-intervention way. Without doubt these wines, like truffles, are worth any trouble you might have finding them.

CASCINA ADELAIDE

Cascina Adelaide in the heart of Barolo is the lifelong dream of Amabile Droco – a dream born not only of a passion for the region's wines, but also the diversity of the terroir to be found within the Barolo DOCG. Having purchased an old farmhouse and accompanying vineyards in 1999, Amabile made considerable investments in a state-of-the-art gravity-fed winery and a top winemaking team that would set Cascina Adelaide apart from the rest. Yet it was his continuing ambition to own land in each of Barolo's crus that made Cascina Adelaide a producer of note. As Amabile himself explains: "It's the land that provides the difference, the wine provides the medium". In keeping with this philosophy, no herbicides are used in the vineyards, and all of the harvesting and sorting is done by hand. Likewise, native yeasts and minimal sulphur are used during vinification, allowing the resulting wines to speak for themselves: deliciously complex Barolos that display an exacting attention to detail.

Veneto

BEPPE MORCHETTA

Beppe Morchetta encapsulates Italian style and good taste with a trio of wines from selected vineyards in the Veneto that are unmistakably Italian, both in presentation and character. The latest addition to the range is a bright, fresh and fully sparkling 'Spumante' that combines Garganega and Trebbiano in a delightful lively blend. Meanwhile the 'rosso' is a characterful blend of Merlot and indigenous Corvina displaying bright cherry and plum flavours, while the 'bianco' combines Garganega and Chardonnay in a classic expression of the local terroir, close to the town of Soave.

BELLA MODELLA

Thoroughly contemporary in its approach, Bella Modella offers fine yet affordable still wines and Prosecco. Their range features the Modella Prosecco, a vibrant and fruit-filled wine with a delightfully frothy character — the very epitome of modern Prosecco. Alongside it sits a collection of still wines, including Pinot Grigio, Pinot Grigio Rosé, Lucido-Pinot Grigio, and Primitivo — all offering outstanding value, fresh contemporary style, and elegant presentation.

MABIS

The Biscardo Family have been making wine from their base in Soave for over 150 years and are currently led by brothers Maurizio and Martino. During the course of Maurizio's long career, he has consulted for well-known wineries around Italy and in doing so came across the vineyards for their Puglian wines. Both the Pugliese and Veneto wines are characterised by an irresistible drinkability, aromatic purity and exceptional value for money.

AZIENDA AGRICOLA MONTEZOVO

Montezovo wines are produced entirely with grapes from family-owned vines spread over the main Verona appellations: Valpolicella, Garda, Lugana and Lessini. Each wine is the result of conscious choices made in the vineyard, where the interaction between grape, soil, climate and location is all carefully considered. Many of Montezovo's vineyards lie at unusually high altitude for the region, with most around 550 metres above sea level and some reaching beyond 900 metres. These elevated sites bring cooler temperatures and greater diurnal range, encouraging slower ripening, fresher acidity and greater aromatic precision in the fruit. The fruits of this incredible terroir are most eloquently expressed in Montezovo's flagship wine, Amarone della Valpolicella DOCG.

Tuscany

MONTE ANTICO

Monte Antico was established in the early 1970s and takes its name from the medieval town of the same name located in the Maremma, just a short distance from Montalcino. The wine is the creation of consultant winemaker Franco Bernabei, whose winemaking genius was behind the launch of a string of iconic Super-Tuscans including Fontodi's Flaccianello in 1981 and Felsina's Fontalloro in 1983. The historic estate, which is surrounded by vineyards, forests, olive groves and even a hunting reserve, was purchased by Neil and Maria Empson, established fine wine merchants from North America, who were quick to recognize its incredible potential. Since 2019 the project has been managed by Tara Smeralda Empson, who was named by Wine Enthusiast as one of the 40 most influential people under the age of 40 in the wine business. Tara has an American heart combined with an Italian temperament and has spearheaded the winery's sales to more than 40 countries around the globe.

TENUTA SETTE PONTI

Driven by a passionate interest in wine since his youth, Antonio Moretti Cuseri assumed control of his father's vineyards Castiglion Fibocchi in the 1990s, and worked alongside the best viticulturists and oenologists to evaluate the land's suitability for producing quality wines before launching his own brand. Tenuta Sette Ponti takes its name from the seven bridges that cross the Arno river on the road from Florence to Arezzo (one of them, the Buriano, is depicted in Leonardo Da Vinci's Mona Lisa). Antonio eventually stopped selling grapes to other producers and in 1998 released his first label, Crognolo – made from clones of historic Sangiovese vines in the estate's oldest vineyard, Vigna dell'Impero. The following year he released the first vintage of Oreno – a Bordeaux-style blend of Cabernet Sauvignon and Merlot that after only three harvests featured high in the world wine rankings. By this time it was already clear that Antonio's passion for his vines and in-depth research into the age-old art of Tuscan winemaking was making it possible to make wines of exceedingly high quality. In 2018, Antonio's children began collaborating with their father: Amedeo is the winery director and Italian market manager, and Alberto is the communications and export director. This new generation is carrying forward the strong values laid down by their father, but with an eye to the future and the way the wine market is changing. Today, the wines of Tenuta Sette Ponti feature strongly in the Italian lifestyle, fashion and event industries, and are consistent presence on the international scene, representing Italian flair and style at its very best.

IL BORGHETTO

The Azienda Agricola Il Borghetto do things differently in this most well-known and prestigious of Italian wine regions. Led by owner and maverick winemaker Antonio Cavallino, its determination to make the best wines possible has occasionally placed it at odds with the Consorzio of Chianti Classico, who lay down strict rules about what can and can't be done. However, incredible results prove that a little rebellion pays off once in a while: with only a third of the estate's 30ha under vine at any one time and an annual production of just 1,600 cases a year, Il Borghetto is a small but bright thread in Chianti's complex tapestry of wines.

LE CHIANTIGIANE

Le Chiantigiane is a forward-thinking, quality-orientated co-operative in the heart of Chianti. Since their inception in 1967, this association of growers has achieved great success both domestically and internationally by pooling its resources and expertise. They produce a range of styles, including this authentic Chianti and high-quality Chianti Riserva, both of which offer outstanding value.

CASTELLO DI MELETO

Castello di Meleto has been a landmark for visitors to Gaiole, Chianti since 1256, thanks to its strategic position between Florence and Siena. Yet it is in its most recent incarnation, under the guidance of Michele Contartese and his team of winemakers and viticulturists, that new life, vigour and unparalleled attention to detail has been brought to this imposing property. Today the estate produces authentic expressions of the Chianti Classico region – elegant and structured, with a freshness and minerality derived from its low-yielding, largely organic vineyards. The land of Castello di Meleto extends to 1,600ha, of which just 160ha are dedicated to viticulture. In recent years, greater understanding of the soils has led to the identification of five separate plots: Meleto, San Piero, Casi, Poggiarso and Moci.

RIECINE

Riecine has always followed a pioneering path, defining a new style of winemaking this most traditional of regions. Founded by Englishman, John Dunkley and now run by the Frank family, the estate is committed to a natural approach to winemaking. Certified organic and following biodynamic procedures, the land is gently nurtured with wild flowers and grasses to promote vineyard biodiversity and maintain soil health. Closely monitored pickers select only the best, ripest and cleanest grapes; everything else is returned to the earth. With winemaking in the skilled hands of Alessandro Campatelli, low sulphur additions, natural yeasts and long fermentation are de rigueur as his wines are gently coaxed into the world. Adhering strictly to a faith in Sangiovese and indigenous varieties, these incredible wines are honest examples of that overused phrase 'a true sense of place'.

SAN POLINO

San Polino is a small 'nirvana' northwest of Montalcino, where Luigi Fabbro and Katia Nussbaum founded the estate nearly 30 years ago. Using Luigi's scientific experience of mapping the Amazon rainforest, the pair set out to create wines that would be "complete reflections of the biodiversity of their terroir", as Katia puts it. This state of only 9ha is farmed biodynamically by this energetic couple, who have poured their heart and soul into producing a range of truly luscious and balanced wines. Praised by critics and peers alike, these wines have been described as having "an incredible clarity and pureness of fruit that is unequalled in the region".

Marche

ZACCAGNINI

On the opposite coast to Tuscany in the east of Italy lies the less well known, but no less beautiful, region of Marche. This is where you will find the family run Zaccagnini winery, established by two brothers. Playing to their strengths, they have focused on the local grape Verdicchio – and the results are spectacular. Zaccagnini's range of benchmark Verdicchios are as distinctive and individual as you could wish for, each wine possessing its own personality and textural signature.

Abruzzo

FEUDO ANTICO

Feudo Antico was created on a small plot of land in the heart of Abruzzo – Italy's smallest DOP and the first designation of its kind in the region. Starting with the 2013 vintage, all wines are certified by Magis certified – the most advanced project for the sustainability of wine production in Italy. Currently, the 15ha are cultivated using only native varieties and with limited yields to ensure that quality is maintained. This approach is continued in the winery, where vinification includes no wood whatsoever and is restricted to concrete and glass, guaranteeing the purity of the fruit and its flavours.

Campania

LA GUARDIENSE

The farming co-operative, La Guardiense, was founded over 60 years ago by 33 farsighted, collaborative farmers. Today membership has grown to nearly 1,000, but still only managing a total of about 1,500 hectares meaning that all the fruit comes from a large selection of very small family owned vineyards. The land is full of undulating hills and expansive plains, each helping create a patchwork of micro-climates protecting the vines from the greatest excesses of the local heat and cold and ensuring the resulting wines are of the highest quality.

Puglia

PRODUTTORI DI MANDURIA

In the heel of Italy, Manduria is considered the birthplace of the native Primitivo grape, and was officially recognised as such in the 1970s when a DOC was created for the region. Produttori di Manduria had been making wines for 40 years by then, unashamedly proud of their deep affection for Primitivo. As well as making high quality examples of Puglia's most famous vinous export, this leading producer is well versed in producing fascinating whites from Fiano and Verdeca. But it is with the poetically titled Elegia that the extraordinary levels of quality come to light. Made from old bush vines up to 50 years old, it is notable for its intense dark berry fruit with wonderful balsamic end notes and excellent balance.

Sicily

BABALÙ

Despite its southerly location, Sicily's topography and island climate create the ideal conditions in which to grow healthy, ripe grapes and produce high quality wines. Babalù's vineyards are situated at an altitude of approximately 200-300m, which ensures cooler night-time temperatures during the hot summer growing season that help to preserve the crucial acidity of the grapes. The prevailing winds also naturally limit the yield, and Babalù's grapes tend to be harvested earlier than those of their neighbours, keeping the wines bright and fresh. The Rosso delivers plenty of ripe, plum-like fruit, while the Bianco in particular displays the crisp, citrus-laced fruit-filled style characteristic of this region.

●	5813	Bianco, Vino d'Italia	N/V	11	6	8.00
●	5814	Rosso, Vino d'Italia	N/V	12.5	6	8.60

PALAZZO DEL MARE

Like those of Babalù, Palazzo del Mare's vineyards are situated at an altitude of 200-300m, ensuring cooler night-time temperatures that preserve the crucial acidity in the grapes. As a consequence, its wines are similarly bright and fresh in style. The Catarratto displays the signature crisp, citrus-laced fruit-filled style for which Sicilian white wines are famous, while the Nero d'Avola delivers ample ripe, plummy fruit from this famous native grape variety.

●	3201	Catarratto, IGT	2024	11	6	8.50
●	3202	Rosso, IGP	2024	12.5	6	9.10

FABRIZIO VELLA

Fabrizio Vella is a passionate winemaker living and working in Sicily. Proud of the island he calls home, his desire was to create a range of wines both personal to him and reflective of his homeland. Working with the indigenous varieties of Cattaratto and Nero d'Avola, and adopting an organic approach to winemaking, he has conjured four wines that are fresh, exciting, moreish and true to their origins – Sicilian wines through and through.

BAGLIO GIBELLINA					
The ancient, largely unchanged land of Sicily is reflected in the wines of Baglio Gibellina. 'Baglio' refers to the property's original internal courtyard, surrounded by a series of old warehouses that were once used for the collection and processing of grapes. Dominating its valley location, the property is flanked by the hills of Salemi and Santa Ninfa in a landscape marked by rolling vineyards punctuated by clusters of broom and prickly pear. The old vines are planted between 300 and 600m above sea level on a mixture of clay and volcanic soils, resulting in wines that encapsulate ancient family traditions, with authenticity, immense charm and easy-drinking appeal.

RALLO AZIENDA AGRICOLA					
Certified organic, the Vesco family make fragrant wines that are among the finest in western Sicily, including crisp Catarrattos and fresh, perfumed Nero d'Avolas from their hillside vineyards. The Cantine Rallo vineyards occupy three sites: Alcamo for Catarratto and Nero d'Avola; Marsala for Grillo; and Pantelleria for the Zibbibo that makes their delicious Passito di Pantelleria. The grapes tend to be picked relatively early in the season, resulting in a customary bright, fresh style of wine.

TENUTE BOSCO

Sofia Ponzini started Tenute Bosco in 2010 in an attempt to breathe life back into two small vineyards on the slopes of Mount Etna, on land reclaimed 300 years ago following the volcano's last major eruption. Some of the vines here are over 120 years old, and pre-date phylloxera. There is more living history in the shape of the traditional 'alberello' method of training, in which the vines are left free-standing but protected from the wind by dry stone walls. Sofia is intent on reviving the traditions of this land, and also the indigenous Nerello Mascalese, Nerello Cappuccio and Carricante grape varieties. Her wines not only have a sense of place, but of history too.

●	3906	Piano dei Daini, Etna Bianco DOC	2023	12.5	6	30.90
●	3907	Piano dei Daini, Etna Rosso DOC	2021	14	6	31.46

TORNATORE

Tornatore stands as one of Etna's historic families, farming the volcano's northern slope since 1865. Rooted in tradition yet forward-looking in practice, the estate has grown across generations from a small family farm into one of the most respected names in the Etna DOC. Today, Tornatore cultivates 100 hectares of vineyards, olive groves and hazelnut orchards in the plots that define this remarkable landscape. These sites, shaped over centuries by volcanic activity, offer an extraordinary diversity of soils and exposures that translate directly into the character of the wines. The family's deep knowledge of Etna, passed carefully from parent to child for over 150 years, underpins every decision in the vineyards and cellar. Their respect for the land is reflected in a firm commitment to sustainability: environmentally sensitive farming, renewable energy in the winery, and full adherence to VIVA and SOStain certification schemes. Making wine on Etna is challenging, but Tornatore embraces the mountain's extremes – dramatic elevation shifts, significant diurnal ranges and complex volcanic soils – as the key to producing wines of rare precision and personality. Each bottle celebrates the singularity of the Etna terroir, blending heritage, resilience and innovation.

●●	6657	Etna Bianco DOC	2024	13	6	17.59
●●	6658	Etna Rosso DOC	2022	14	6	17.98

Sardinia

MORA & MEMO

The beautiful estate of Mora & Memo sits high in the hills of south-eastern Sardinia, just a few kilometres from the sea, where it is focused on growing the indigenous varieties of Cannonau and Vermentino. The combination of old vineyards and minimal intervention with a delicate touch in the winemaking results in a range of elegant, vibrant and mineral wines that are representative of their island terroir, executed in a modern way.

Lebanon

CHÂTEAU KA, BEKAA VALLEY

Behind Château Ka is an extraordinary story of determination and resolve. Akram Kassatly built his winery in the Bekaa Valley in 1973, but shortly after the first wines were made, Lebanon was engulfed by war. The winery was subsequently forced to close and Akram turned his attention to other businesses, but in 2005 he resolved to try again. Today, Château Ka is the only winery in Lebanon to produce wine entirely from its own vineyards. Akram creates both rich, concentrated reds and beautifully fresh, fruity and crisp whites that rank among the finest in the country.

WAIPARA

SHERWOOD ESTATE

Dayne and Jill Sherwood founded their estate in 1987, at a time when few people in New Zealand fully understood the wine industry – them included! Together, they have built up the business from a small 8ha block in north Canterbury to one of New Zealand's largest family-owned and independent wineries. The custom-built winery in the Waipara Valley may have seemed huge once, but is now bursting at the seams with epic wines that exude great balance under the meticulous supervision of chief winemaker, Petter Evans.

BELL HILL VINEYARD

Bell Hill Vineyard is a boutique winery situated in the Weka Pass area of North Canterbury. Established in 1997 by Marcel Giesen and Sherwyn Veldhuizen, the vineyard is on the site of a former limestone quarry that imparts unique characteristics to the resulting wines, which are known for their elegance, complexity, and longevity. The Pinot Noir exhibits layers of ripe red and dark fruits with fine tannins, while the Chardonnay offers flinty complexity and a tight structure that evolves beautifully with age.

Central Otago

MOUNT EDWARD

There are many characters in New Zealand winemaking and one of the biggest has to be Duncan Forsyth: madman or genius, planting vines in the cold Central Otago takes some nerve. Duncan's vineyards sit right on the edge of what is possible, given the marginal climate, and are tended with a biodynamic approach that includes the reassuring chaos of pigs and chickens. Even so, the wines, especially his exquisite Riesling, have won praise worldwide – proof positive that sometimes it pays to be little bit different.

Portugal

Vinho Verde

QUINTAS DO HOMEM

Quintas do Homem is one of those estates that immediately captivates you with its charm, passion and dynamism. Nuno and his father, Antonio, work the two vineyards, Quinta do Veiga and Quinta do Paço, growing predominately Loureiro and Arinto, while Nuno's mother prepares delicious traditional Portuguese dishes for visitor. Meanwhile Ana, their long-term winemaker and adopted member of the family, is a fierce taskmaster, demanding the quality fruit that will enable her to deliver the pure, fine and elegant Vinho Verdes that Nuno expects.

Douro

DELAFORCE

Founded in 1868, Delaforce is one of the Douro's classic Port houses, long respected for its elegant, fruit-driven style and consistency across Port categories. British in origin, the house built its reputation through blending expertise, careful ageing and strong export markets, particularly in the UK and Europe. Today, Delaforce forms part of Real Companhia Velha, Portugal's oldest wine company, giving it access to some of the Douro's finest vineyard sources while preserving its distinct house style. The brand balances heritage Port production with a modern outlook, producing both traditional Ports and contemporary Douro table wines aimed at international consumers.

MAÇANITA VINHOS

The Maçanita Vinhos project was created by characterful siblings, Joana and António Maçanita, in the Douro back in 2011. Having worked together in over 14 wineries around the country, they wanted the new project to reflect their experiences and aspirations: lots of laughter, lots of arguments and an ethos of questioning the existing way of doing things. Over the intervening years, Maçanita Vinhos have managed to encompass the diversity of the terroir of the Douro Valley in its purest and most faithful form. The wines of Maçanita express each facet of this spectacular landscape: the “high-altitude Douro”, the “hot schist Douro”, the “cold granite Douro” all through indigenous grape varieties from old vines and a non-interventionist approach.

QUINTA DAS CARVALHAS

Quinta das Carvalhas is one of Real Companhia Velha's most historic and iconic Douro estates, with written records back to 1759. It's a flagship property prized for its long heritage and viticultural diversity. The majority of the quinta's vineyard surface is oriented towards a northern exposure, while a smaller section, situated on the opposite side of the mountain, benefits from a southern aspect. Most parcels are planted on steep slopes, with only a limited area located on gentler gradients at the hilltop. The estate's viticultural heritage is defined by near-century-old field-blend vines, where rare indigenous varieties form a valuable reservoir of ampelographic diversity. These venerable vines sit alongside younger plantings of selected varieties, cultivated using a modern, precise viticultural approach.

QUINTA DE CIDRÔ

Quinta de Cidrô, in São João da Pasqueira, is owned by Real Companhia Velha Portugal's oldest wine company, founded in 1756. It's a flagship Douro estate focused on innovative vineyard planting and varietal quality, blending tradition with modern viticulture.

QUINTA DO NOVAL

First documented in 1715, Quinta do Noval stands as one of the Douro Valley's most legendary estates, famed for delivering the world's finest Vintage Ports. Acquired by AXA Millésimes in 1993, the estate has since undergone extensive revitalisation—modernising terracing, replanting vineyards into single-varietal blocks, and relocating all ageing and bottling from Porto to its Douro base. On its 145 ha of prime "A-rated" vineyards, Noval meticulously cultivates classic Douro varieties—Touriga Nacional, Touriga Franca, Tinta Roriz, Tinto Cão, Sousão—each parcel rooted in uniquely diverse, terraced schist soils. Iconic for its Vintage Port and the ultra-rare Nacional—from ungrafted pre-phylloxera vines on just 1.6 ha—Quinta do Noval claimed its place in Port lore by declaring the 1931 vintage when others hesitated. Innovation is in its DNA: Noval was the first to produce Late Bottled Vintage Ports, annual Tawny Port blends with age indicators, and fully integrated production within the Douro.

CARLOS LUCAS VINHOS

Carlos Lucas is the man behind a portfolio of quality wines from across Portugal, including the Douro and the region closest to his heart – the Dão. A pioneer of modern-style Portuguese wines and a talented winemaker with nearly 30 years of experience, he has replanted the vineyards at Quinta do Ribeiro Santo where his Dão wines are created from the area's thin granitic soils. His commitment to the region was affirmed when he acquired Quinta de Santa Maria in Cabanas de Viriato, a 10ha plot of old vines planted with Touriga Nacional, Tinta Roriz, Alfochiero and Jaen. The vineyards are worked using an integrated crop management system, with the grapes harvested by hand in small boxes and the carefully selected to preserve their varietal expression. Carlos's other projects take him across the country and with his latest addition, 'A River Runs Through It' from the Douro, we can see his immeasurable talent on display once again.

Tejo

AI GALERA

Long overlooked by the wine cognoscenti, the currently burgeoning interest in Portuguese wine is finally resulting in more awareness of the potential of this proud country. The previously undervalued Tejo region, lying to the south of Lisbon, is capable of producing wines of enormous value and character – as evidenced by Ai Galera. Inspired by the long, and sometimes colourful history of the region – most notably the life of literati Marchioness Leonor of Távora – Ai Galera's arresting imagery and even more arresting wine quality demands your attention. Incredible value, intriguing indigenous varieties and supreme drinkability all add up to wines that thrill.

QUINTA DA ALORNA

Quinta da Alorna has a long and illustrious history stretching back to the 18th century. Sitting majestically amidst the Tejo region, Quinta da Alorna has a wide array of vineyards that are worked in a sustainable and socially responsible way, taking both the care of the land and the workers into account. Portugal's trump card, its long list of toothsome indigenous varieties, is put to good work here: aromatic Fernão Pires, tight, minerally Arinto and the Portuguese iteration of Tempranillo, Tinto Roriz, are among the bevy of blindingly tasty components at the winery's disposal, resulting in an accomplished range of distinctly Portuguese wines.

Alentejo

ADEGA DE REDONDO

This outfit's claim to be Portugal's most impressive and dynamic co-operative winery is not without substance: Adega Cooperativa de Redondo brings together around 200 producers, representing more than three-quarters of the viticultural subregion of Redondo, deep in the Alentejo. Founded in 1956 by just 14 growers, with an aim to rejuvenate the region after the ravages of phylloxera and the government's singular determination to support cereal monoculture to the detriment of other crops, Adega de Redondo was born. Today, they fly the flag for authentic, quality Alentejo wines and are proud member of the Alentejo Wines Sustainability Program. Red wine accounts for 75% of their total production, along with a handful of fresh white wines made from indigenous varieties.

Romania

CRAMELE RECAS, VIILE TIMISULUI

Back in 1988, three families decided to invest in a winery in Romania, starting with 650ha of slightly unloved vineyards and a rusty, formerly state-owned winery. Today, Englishman Philip Cox and his Romanian wife Elvira have turned the Cramele Recas Estate into the most successful winery in Romania. Recas are now recognized globally for their impressive scale and breadth of fascinating wines, including natural and orange wines made from organic grapes. Despite the increase in scale, the emphasis remains on making quality wines that over-deliver – a magic formula that has recently seen sales boom. The vineyards are a combination of old vines and more recent plantings, and the winery has seen significant investment in state of the art facilities. Recas are in every way a modern, dynamic winery whose open-minded approach and quality sets them apart... a winery you can't ignore.

South Africa

Western Cape

ALOE TREE

The fruit for Aloe Tree hails from the increasingly fashionable west coast of the Cape. Cool nights and sea breezes combine to extend the growing season, resulting in perfectly balanced, ripe grapes. The iconic Aloe Tree image is sure to be familiar to anyone who has travelled widely through the Cape and is an important part of the biodiversity which South Africa is famous for. The characteristic silhouette provides a backdrop to one of the most spectacular wine regions in the world where wines grow in harmony with the thousands of plant species that make up the Cape Floral Kingdom.

ALHEIT VINEYARDS

Established in 2010 by passionate husband-and-wife duo Chris and Suzaan Alheit, the estate is dedicated to producing world-class white wines that capture the soul of their origin. With a particular focus on Chenin Blanc and Sémillon, Alheit Vineyards crafts elegant, expressive wines that celebrate the character and complexity of the Cape's finest terroirs. Situated at Hemelrand on the Hemel-en-Aarde Ridge near Hermanus, Alheit Vineyards embraces a minimalist, hands-off philosophy in its winemaking. Their approach prioritises authenticity and transparency, using techniques such as whole-bunch pressing, wild fermentation with native yeasts, and maturation in old barrels, clay amphorae, and concrete eggs. By avoiding new oak, additives, acidification, and fining, the Alheits craft wines of remarkable purity and balance – true reflections of the Cape's diverse terroirs.

Paarl

VAN LOGGERENBERG

Founded in 2016 by Lukas and Roxanne Van Loggerenberg, this Paarl-based family winery has quickly become a beacon of authenticity in the Western Cape. Lukas, a 2018 Young Winemaker of the Year and recent inductee into the Cape Winemakers' Guild, sources fruit from top sites in Stellenbosch, Swartland, and Paarl, making low-intervention, site-specific wines from vineyards mainly in the Stellenbosch and Swartland appellations that exemplify freshness and site purity. With a focus on cultivars like Chenin Blanc, Cinsault, Cabernet Franc, and Syrah, Van Loggerenberg crafts vibrant wines that are aromatic, textural, and mineral-rich—true reflections of place and vintage.

THE FOUNDRY

Founded in 2001 by renowned winemaker Chris Williams (previously Cellarmaster at Meerlust) and partner James Reid, The Foundry crafts terroir-centric, site-driven wines from the Cape's finest vineyards. What sets The Foundry apart is its unwavering commitment to minimal intervention. Winemaker Chris selects carefully sourced fruit, sometimes a single row, across regions like Stellenbosch, Swartland, and Malmesbury. These grapes are fermented spontaneously or with minimal inoculation, with little to no sulphur added, and aged in a variety of vessels (stainless steel, concrete, amphora, old oak) to let site character and purity shine.

Piekenierskloof

PIEKENIERSKLOOF

Nestled in the Citrusdal Mountains, some 50km north of Swartland, is the magnificent Piekenierskloof plateau. The area provides the perfect environment for vine cultivation, and is home to the eponymously named Piekenierskloof Wine Company. First settled by Dutch 'Piekeniers' (soldiers deployed from the Cape to explore the unknown Olifants River region), the area today is famous for citrus production. It is also 'Grenache HQ', boasting one of the largest plantings of the grape in the Cape. Piekenierskloof's dry-land vines grow in sandy loam soils at altitudes of 650-700m and have stood the test of time, consistently bearing small bunches of intense, densely structured and highly flavoured fruit. Ungrafted bush vines from the 1950s are still used in the production of Piekenierskloof wines, giving them immense character, intensity and authenticity. Under the watchful eye of winemaker Hendrien Vercueil, Piekenierskloof Wines continue to produce award-winning Rhône-style wines of exceptional quality.

Stellenbosch

RAATS FAMILY WINES

After making wine around the world and honing his craft in the Cape, Bruwer Raats established Raats Family Wines in 2000, based on a policy of 'excellence through specialisation', focusing on two unfashionable grapes varieties at the time, Chenin Blanc and Cabernet Franc. Purchasing the only land he could afford, some relatively cheap and 'undesirable' plots in the Polkadraai Hills, it soon became apparent that the unique granite-based terroir was producing some incredible wines, and is now recognised as one of the finest wards in Stellenbosch. His Eden High Density Single Vineyard Chenin Blanc and Cabernet Franc, and the iconic MR de Compostella hold a place as some of South Africa's finest wines and sit comfortably amongst the best expressions of the varieties on the planet.

BRUWER VINTNERS

In celebration of their Bruwer family heritage, cousins Bruwer Raats and Gavin Bruwer Slabbert created the Bruwer Vintners Vine Exploration Company in 2014. Their mission was to craft exceptional wines showcasing their heritage and unique terroir, thereby signalling a new future for South African wine. As Gavin explains: "We're storytellers – always eager to honour our Cape heritage and and its historically linked varieties. However, there are learnings to be taken from the past, too, and it is important to incorporate these lessons today in order to produce finer wine for tomorrow's wine drinkers." The result is a range that carefully balances both ends of the winemaking spectrum. By honouring the heritage of the Cape while incorporating innovative, minimal-intervention winemaking techniques, Bruwer Vintners lets the vineyard tell the tale, blending past and present to bring you a taste of the future.

MILES MOSSOP

Miles Mossop Wines is a family-run South African estate dedicated to crafting wines with individuality and purity. The philosophy centres on sourcing exceptional vineyard sites, harvesting at the perfect moment, and guiding the fruit gently through a natural winemaking process. Every wine aims to express its origin with clarity, character and drinkability. Grapes are sourced from carefully selected, exceptional vineyard sites across South Africa, chosen for their ability to express true regional character. Harvest timing is considered critical, with fruit picked precisely when flavour, balance and ripeness align. The approach is minimal-intervention and process-led, with the winemaker acting as a guide rather than a technician. The goal is to allow the natural qualities of the fruit and site to shine, producing expressive, individual wines of consistently high quality.

Elgin

IONA

At 420m above sea level, set high above the picturesque Elgin Valley overlooking the Atlantic Ocean, Andrew Gunn founded Iona among some of the coolest vineyards in the Cape. In a country where cool-climate vineyards are like gold dust, these vineyards are veritable nuggets. The growing season is extremely long, harvesting up to 2 months after Stellenbosch, which allows Andrew to create wines with complex flavours and a fresh, elegant style. The viticultural approach is emphatically hands-off: the land is farmed according to organic and biodynamic principles, with particular focus on ensuring the health of the soil, and pests are kept under control by the resident flock of geese that roam the vineyards.

WINES OF BROCHA

The stony, north facing slopes of the cool Elgin district provide both the warmth and the aridity to grow grapes authentically and sustainably. Brocha Vineyards is home to the 10a of vines that produce One Man Band and Solace, plus a 15ha conservation area of fynbos (fine bush scrub), and 5ha given over to pasture for a small herd of Nguni cattle. This division of land is in keeping with owner Rozy Gunn's philosophy that any farm should give due recognition to the critical relationship between formal agriculture, natural vegetation and its livestock in order to function as a healthy and independent entity. As she says: "Small is beautiful, natural is best".

Galicia

ADEGA PONTE DA BOGA, DO RIBEIRA SACRA

Deep in Galicia's famed Ribeira Sacra region, on the banks of the Sil river, Adega Ponte da Boga nestles amongst the ancient and precipitous terraced slopes. At harvest time, workers descend as if on a pilgrimage to pick the fruit from these steep, narrow terraces; delicate hands and nimble feet ensure that the grapes are passed up the slopes to begin the next stage of their journey. From vines that are often in excess of 100 years old come fresh, elegant expressions of Albariño, Godello and Mencía along with the Merenzao and Blanco Lexitimo. Cooled by the bracing Atlantic air and basking in the warmth of the Galician sun these precariously placed vines produce wines of authenticity and heritage.

FRAGAS DO LECER, DO MONTERREI

Fragas do Lecer is located in Spain's northwest region of Monterrei, in the village of Vilaza. Its position in the Monterrei valley, close to the Támega river, provides a mixture of soils that are well suited to the cultivation of the indigenous varieties Godello and Mencía. The winery was founded in 2005 by the Boo-Rivero family, who brought with them 30 years of winemaking experience and a strong commitment to the indigenous grape varieties of the region. With 18.2ha of vineyards across 28 sites, and a diversity of soil types from granite-based to sand and slate, Fragas do Lecer's wines display great complexity. The Tamaguelos estate comprises over 4ha of 30-plus-year-old Godello and Mencía vines, while other parcels are among the oldest in the region at 50 years plus. The wines are made by the talented José Manuel Martínez, who is also responsible for winemaking at sister winery Quinta de Couselo in Rias Baixas. Fragas do Lecer practices organic viticulture, with maximum respect for the vineyards and minimum intervention.

●	5734	Fraga do Corvo, Godello	2023	13	6	17.31
●	5733	Fraga do Corvo, Mencia	2022	14	6	17.71

EL CAMARÓN, DO RIAS BAIXAS

We've been working with a winery in the Val do Salnés to produce a fresh, elegant Albariño that truly captures the quality and unique expression of the variety in the region. Proximity to the Atlantic Ocean infuses the wine with a characteristic salinity to go with its lively acidity, whilst the granite soils create incredible depth of flavour. This wine is a perfect match with seafood, inspiring the name, 'El Camarón' (Spanish for shrimp). The name is also a nod to Camarón de la Isla, undoubtedly one of the greatest flamenco singers of all time.

BOUZA DO REI, DO RIAS BIAXAS

Bouza do Rei is one of the best value wineries in Galicia. Working as a small co-operative, five local growers have pooled their resources to make an Albariño that is fuller and rounder in style thanks to the use of more press wine to give depth of flavour.

GRANDES PAGOS GALLEGOS, DO RIBEIRO

Grandes Pagos Gallegos is a project within Ribeira Sacra to produce expressive wines from the three great native Galician white varieties of Treixadura, Albariño and Godello, as well as the best red varieties of Mencía, Caiño, Brancellao and Sousón. The fruit is responsibly sourced from vineyards in which each variety is most at home – always in historic areas and preferably on hillsides – and is cultivated with utmost respect for the land. Participating wineries include Adgea Ponte da Boga, Quinta Couselo and Fragas do Lecer.

PAZO SEÑORANS, DO RIAS BIAXAS

Pazo Señorans is one of DO Rías-Baixas' leading producers. The influence of owners Marisol Bueno and Javier Mareque on the development of the DO Rías-Baixas appellation and its primary grape variety, Albariño, goes back to their purchase in 1979 of a 16th-century country estate wine kiwi orchards and old-vine Albariño vineyards. Located in the town of Meis, Pazo Señorans lies close to the sea on acidic, sandy soils created by the natural decomposition of the granite bedrock below. Marisol and Javier were quick to recognize the potential of Albariño and were instrumental in the creation of the DO just a decade after their arrival in Meis. Today, the wines from this estate demonstrate the grape's ageing potential in a way that few other producers can emulate.

Castilla y León

BODEGAS ANTÍDOTO, DO RIBERA DEL DUERO

Bodegas Antídoto is a standout winery founded in 2010 in Soria, at the eastern edge of the Ribera del Duero, by French vigneron Bertrand Sourdaïs and Spanish agronomist David Hernando. Their ambition is to revive the region's pre-phyloxera vineyards and create terroir-driven wines that break from Ribera's convention. The name 'Antídoto' reflects this spirit of rebellion, countering mass-market Ribera styles by producing wines that are elegant, balanced and have a true sense of place.

BODEGAS DOMINIO DE CAIR, DO RIBERA DEL DUERO

The Luis Cañas Family has uncovered a remarkable gem in the small town of La Aguilera, nestled within the prestigious DO Ribera del Duero. This authentic and rustic land offers a refreshing departure from convention in one of the most exciting and celebrated wine regions of Spain. Here, the vineyards blend harmoniously with the surrounding forests at nearly 900m above sea level, with each plot seldom exceeding 0.5ha. The average age of the vines is 45 years, with some between 50 and 100 years old, thereby contributing depth complexity, and character to the grapes they bear. This is a truly exceptional terroir, where the wines reflect the soul of the land itself – crafted with passion, tradition and a profound respect for nature.

BODEGAS Y VIÑEDOS MERAYO, DO BIERZO

There is an intriguing balance between young and old taking place at Merayo, where 80-year-old Mencía bush vines give up their fruit to young, dynamic winemaker Juan Merayo, who then crafts wonderful wines full of the fresh, perfumed character and ripe red fruit associated with this grape variety. The grapes are hand-picked with appropriate reverence for the age of the vines before undergoing the temperature controlled ferments and sensitive use of French and American oak that ensure Juan creates the expressive wines he is looking for.

BODEGAS EMILIO MORO, DO BIERZO

“Wine is an art. If you know how to listen, it speaks to you, it lets you know when it needs racking and rest. It’s just like a living creature that we have to understand, tend to and care for.” So said Emilio Moro, the founder of the estate that bears his name. Three generations later, this belief is still upheld by José and Javier Moro. Based in the world-famous village of Pesquera de Duero, in the heart of Ribera del Duero, the brothers believe that their wine has a life of its own and that with each vintage a part of them is immortalized in it. “It evokes the land where it comes from”, they say. Rejecting traditional classifications like Crianza and Reserva, the family is far more interested in creating wines with personality and individuality – wines that are true to their vineyards and heritage. Among them are red wines from their cherished Tinto Fino, a prized clone of Tempranillo, and more recently Godello wines from Bierzo – vibrant whites that are as exciting and lively as their labels suggest.

Rueda

BODEGAS PISUERGA, DO RUEDA

Bodegas Pisuerga’s singular aim is to produce exquisite, classically styled Verdejo from organically certified vineyards in and around their winery in La Seca, at the very heart of Rueda. One of the region’s oldest wineries, they’re committed to the natural and social environment, striving to ensure the soils remain vital to produce the best possible grapes. The use of cover crops and organic manure builds soil diversity and reduces the risk of disease, which in turn leads to a vigilant but hands-off approach amongst the growers. Vinification is in the hands of their experienced team at their state-of-the-art winery in La Seca, where their experience of the region and close partnership between the oenologist and winemaker, enables them to capture the ultimate expression of organic Rueda Verdejo.

Size**BODEGA CUATRO RAYAS, DO RUEDA**

With a history of winemaking dating back to 1935, Cuatro Rayas are leaders in their field, producing almost 20% of all the white wine in DO Rueda. Now, the community of winemakers making up this co-operative boast over 300 members, with 2,400ha of land under vine, including 120-year-old pre-phylloxera ungrafted bush vines. Cuatro Rayas have worked hard to develop their own 'Green & Social' sustainability programme to protect both the environment and their local communities, as well joining forces with the University of León to research the genetic diversity of indigenous Spanish grape varieties and the ageing capacity of Verdejo in particular.

Rioja

DEALTO RIOJA Y MÁS, DOCA RIOJA

deAlto Rioja y Más pays tribute to our long-standing love for all things Spanish: the food, the people – and of course the wine. Master of Wine Fergal Tynan has led our winemaking team to craft a range of wines that illustrate the brilliant potential of Rioja, Navarra and La Mancha, as well as the quality of fruit that these regions can deliver when respectful, sustainable techniques are practised. Over a decade's worth of travel and experimentation have gone into deAlto Rioja y Más, which joins the family of Alliance-owned wineries responding to the need for a more sustainable future. These wineries draw on the best vineyards to produce wines that are connected by a similar spirit of adventure, experimentation and commitment to sustainable wine production.

BODEGAS MANZANOS, DOCA RIOJA

On the border between Rioja and Navarra, Victor Manzanos carries on the work of the four generations before him. With over 250ha of owned vineyards at his disposal, including some of the oldest vines in Rioja, Bodegas Manzanos is fortunately placed to put both the sub-region of Rioja Oriental and the name of Manzanos firmly on the map as one of the most important areas and producers in Rioja. This range of wines is a modern take on the traditional landscape of Rioja, championing the native grape varieties of Tempranillo, Viura and Garnacha. The team is the youngest in the region – a talented group of people with the sole purpose of making wines that people will enjoy.

BODEGAS LUIS CAÑAS, DOCA RIOJA ALAVESA

Bodegas Luis Cañas has been at the heart of Rioja since 1928 and has played an enormous role in shaping the Alavesa's – and Rioja's – modern incarnation. Comprising some of the region's best and highest altitude vineyards, the soil in this area is thin and produces small bunches – perfect for making highly concentrated Rioja wines. The vineyards are divided into hundreds of individual plots, each planted with gnarly old bush vines on chalky-clay soils that shelter under the magnificent Sierra de Cantabria range. Rioja Alavesa has the largest number of 'Viñedo Singulares' in Rioja and Luis Cañas is an exemplary producer of single vineyard wines from the region. The estate's director of viticulture, Rubén Jiménez, is celebrated for the important research he has conducted into identifying special sites in the Alavesa, as well as recovering an extraordinary number of 'lost and ancient' varieties from the family's vineyards. He was named Grower of the Year by Tim Atkin MW in 2023 for the vital work he is doing to advance and safeguard the region. In 2016, Juan Luis, son of Luis Cañas, opened Bodegas Amaren in the neighbouring village of Samaniego and named his own son, Jon Cañas, as winemaker.

BODEGAS AMAREN, DOCA RIOJA ALAVESA

Jon Cañas (Luis Cañas' grandson) is the imaginative winemaker behind Bodegas Amaren, having been given free rein to explore the character of Alavesa's vineyards. Jon aims to create a raw, modern interpretation of Rioja Alavesa by employing native yeasts for his ferments, and experimenting with concrete vessels and lees ageing to achieve expressive wines that are respectful of the ancient grape varieties he works with. The hierarchy of the Amaren range ignores the traditional classification of Rioja wines (Crianza, Reserva, Gran Reserva) and instead puts 'Rioja Alavesa' at the forefront of the label, thereby emphasizing the importance of place.

ABEL MENDOZA, DOCA RIOJA

Modest, passionate and in no small part obsessive, Abel Mendoza and Maite Fernández have been making understated wines from their old-vine vineyards, high up in the Cantabrian mountains near San Vicente de la Sonsierra, since the late 1980s. Abel's intimate knowledge of the diverse terroirs in this spectacular part of Rioja is enthralling, and every barrel tasted reveals the startling provenance and true character of the vintage. Abel doesn't make wines that flatter. They don't speak of oak regimes, but rather of the quality of his fruit, expressed in its most honest form.

BODEGAS ALTO MONCAYO, DO CAMPO DE BORJA

Bodegas Alto Moncayo, founded in 2002 in the Campo de Borja DO, was established with the ambition of creating benchmark Garnacha wines from native clones and venerable old vines. The estate is led by President and Founder José Miguel Sanmartín, alongside Winemaker and CEO Miguel Sanmartín, Principal Winemaker José Luis Chueca, and Consultant Winemaker Chris Ringland. Situated at elevation above the town of Borja, the winery enjoys sweeping views across the Ebro Valley to the Pyrenees, dominated by the dramatic Moncayo massif from which it takes its name. Deeply committed to environmental stewardship, Alto Moncayo follows a long-term, sustainability-driven philosophy embedded into everyday practice, aiming not only to meet but to exceed local and EU standards. Its dedication to expressive Garnacha has played a vital role in preserving some of the region's oldest, low-yielding vines, many of which might otherwise have been uprooted. Through meticulous viticulture and respectful winemaking, Bodegas Alto Moncayo continues to champion the unique potential of high-altitude Garnacha, producing wines of power, balance, and unmistakable sense of place.

LUIS MARIN, DO CARIÑENA

Blessed with an abundance of sunshine, tempered by the strong Cierzo wind that blows through the Ebro Valley cooling the vines and inhabitants alike, the Marin family have deep roots in the Cariñena region. With a winemaking heritage stretching back centuries and a devotion to Garnacha that has been passed down from generation to generation, they take the abiding view that old vines should be cherished, no matter how low the yield, in the interests of making better wine. It is upon that resolute defiance of convention that their reputation has been built, create wines of incredible value with a varietal character that remains true to their quiet corner of Spain.

Catalunya

BODEGAS SUMARROCA, DO CAVA

Since 1980, Carlos Sumarroca and his wife Nuria have built Bodegas Sumarroca into one of the largest and most important entirely estate-grown organic Cava producers in the Penedès. Carlos was originally an agronomist, selling fruit trees around the world, but a conversation with the Marques de Monistrol about the low prices being paid to growers and the lack of emphasis on quality led to a gentleman's agreement to purchase the 500ha estate there and then. Carlos then embarked on a process of removing of non-indigenous varieties from the estate and vowed never to compete with the large volume wineries, but instead to focus on high-quality production and sustainable management. Today the estate is certified by the internationally recognised Biosphere Sustainable certificate supported by UNESCO and strives to work with as little impact on the local environment as possible in ways to support the local economy – measures that include the repopulation of native fauna, the installation of hives and protected areas for bats, and the gradual elimination of fossil fuels. If that wasn't enough, Bodegas Sumarroca also make sublime Cavas that reflect their overriding passion for the land.

PERELADA, DO CAVA

Perelada are one of the most prestigious and highly regarded wine and Cava producers in Catalunya – a family-owned estate built upon a winemaking tradition that stretches back to the Middle Ages. The foundation of the estate is DO Empordà, which, through their hard work and skill, Perelada helped to create in the 1960s. The vineyards are rooted in diverse soils from slate to sand, fluvial sediment to gravel, that all run down between the mighty Pyrenees and the sparkling blue of the Mediterranean. This setting has spurred a quest for quality that has gone beyond winemaking to embrace all things cultural, celebrating the region's art and history in all aspects of life – easy to believe in a region that was home to the godfather of surrealism, Salvador Dalí. In due course, the family purchased an additional bodega, DO Cava, in Penedès' capital, Vilafranca del Penedès, allowing them to increase production and become a serious player among Spain's most prominent Cava producers. This range sits at a price v. quality ratio that is hard to argue with, offering incredible value for money. Every summer, Castillo Perelada also hosts one of the most prestigious music festivals in Europe, and 'Stars Cava' is a tribute to the artists who have performed there under the stars of the Empordà sky. Perelada are committed to sustainable agriculture, both in their family-owned vineyards in Empordà and in their vineyards in Vilafranca, Penedès. All of the vineyards are certified organic and all Perelada Cavas are vegan.

VINICOLA DEL PRIORAT, DOQ PRIORAT

Vinicola del Priorat is the only co-operative in Priorat, founded by 140 grower-producers in the four beautiful villages of El Lloar, La Vilella Baixa, La Vilella Alta and Gratallops. Here they work over 300 small plots on steep slate slopes that can exceed 30% in gradient. Some of these plots are over 100 years old, producing yields per vine of only around 1kg, which another way of saying that Mas dels Frares wines offer fantastic value for money.

○	4121 Mas Dels Frares	2022	14	6	17.31
---	----------------------	------	----	---	-------

CAL BATLLET-MARC RIPOLL, DOQ PRIORAT

Marc Ripoll returned to his family's vineyards in the village of Gratallops to find that they had been reduced to selling their harvests to the local co-operative. He immediately set about renovating the dilapidated winery, and since built Cal Batllet into one of the region's most highly regarded estates. Marc is one of a new generation of winemakers in Priorat who are intent on reclaiming the region for their own, focusing on a style that puts the local terroir at its heart and light-years away from the full-bodied blockbusters that once wowed the American critics. An organic approach to viticulture and the use of wild yeasts and barrel fermentation in the winery all come together to create wines that uniquely express the sites they come from – and none more so than the 90-year-old bush vines of the near-extinct Escanyavella grape, which translates from Catalan as 'old lady strangler'!

ALEMANY I CORRIÓ, PENEDÈS					
From their base in the town of Vilafranca del Penedès, partners Irene and Laurent are challenging traditional perceptions of DO Penedès wine. Committed to organic viticulture, they have long since abandoned all forms of chemical treatments and fertilizers, and have a similar contempt for the area's traditionally high yields. Within their modest cellar, which in part they built themselves, production remains reassuringly small. However, as they identify further small vineyard sites, their range has extended to include distinctive wines of richness and complexity using naturally fermented Xarel·lo.

Montsant

CELLER DE CAPÇANES, DO CATALUNYA

Nestled between the rugged hills of the Catalan countryside, in the tiny village of the same name, is the well-respected Celler de Capçanes. It was the wild Montsant landscape that first captivated Jürgen Wagner back in the early 1990s, but it was the huge potential he recognized in this unique village co-operative that determined what followed. Pouring all his efforts into working with the growers to nurture the best from their vineyards, Jürgen has since established Celler de Capçanes as one of the most engaging and outward-looking wineries in the area. A combination of diverse vineyard plots and old-vine Garnacha is captured and eloquently expressed in all their wines. Together with Jürgen, winemaker Anna Rovira conjures up complex and characterful wines that show how, thanks to a shared vision and concentration on quality, great wines need not be the exclusive preserve of prestigious single estates.

CELLER DE CAPÇANES, DO MONTSANT

Nestled between the rugged hills of the Catalan countryside, in the tiny village of the same name, is the well-respected Celler de Capçanes. It was the wild Montsant landscape that first captivated Jürgen Wagner back in the early 1990s, but it was the huge potential he recognized in this unique village co-operative that determined what followed. Pouring all his efforts into working with the growers to nurture the best from their vineyards, Jürgen has since established Celler de Capçanes as one of the most engaging and outward-looking wineries in the area. A combination of diverse vineyard plots and old-vine Garnacha is captured and eloquently expressed in all their wines. Together with Jürgen, winemaker Anna Rovira conjures up complex and characterful wines that show how, thanks to a shared vision and concentration on quality, great wines need not be the exclusive preserve of prestigious single estates.

Sierra de Gredos

BODEGAS BERNABELEVA, DO VINOS DE MADRID

In the heart of Spain, just west of Madrid, lies Bodegas Bernabeleva. Situated at the foot of the Cerro de Guisando and Gredos mountains, this winery lets its vines stretch out their roots through thin, sandy soils formed from decomposed granite where other crops would struggle to survive. Four generations have tended these old hardy vines, which have repaid the care and attention lavished on them with quality fruit that is hand-harvested from the organically managed vineyards. The plots of Garnacha, Albillo and Moscatel de Grano Menudo are vinified separately, and are neither fined nor filtered to ensure that the love of this land shines through.

La Mancha

BODEGAS Y VIÑEDOS TINEDO, VDT CASTILLA

This charming family owned estate has been making wine in the heart of La Mancha since 1742, but it is only in the last 20 years that Manuel Esperanza and Amparo Álvarez-Arenas have led the pursuit of sustainably produced wines that more fully reflect the local terroir – raw, vibrant interpretations of Tempranillo with no oak treatment to hide the pure expression of the fruit.

DEALTO RIOJA Y MÁS, VDT CASTILLA

deAlto Rioja y Más pays tribute to our long-standing love for all things Spanish: the food, the people – and of course the wine. Master of Wine Fergal Tynan has led our winemaking team to craft a range of wines that illustrate the brilliant potential of Rioja, Navarra and La Mancha, as well as the quality of fruit that these regions can deliver when respectful, sustainable techniques are practised. Over a decade's worth of travel and experimentation have gone into deAlto Rioja y Más, which joins the family of Alliance-owned wineries responding to the need for a more sustainable future. These wineries draw on the best vineyards to produce wines that are connected by a similar spirit of adventure, experimentation and commitment to sustainable wine production.

Manchuela

BODEGAS GRATIAS, MANCHUELA

When Ana and Iván got together for a party with some oenologist friends in 2007, they decided to make some wine and put it in a barrel. The results were astonishing – and so Bodegas Gracias was born. After the success of their first vintage, the pair realized they had a chance to make a difference in a region whose wine industry was in decline. Today, Ana and Iván are on a mission to protect old vineyards of Bobal, Tardana and other local varieties, thereby preserving Manchuela's vinous heritage while showcasing its ability to produce exciting wines for a new generation of wine drinkers. Their wines are artisanal and as natural as they come, made from organically grown fruit and fermented using naturally occurring yeasts with hardly any added sulphites.

ENTERO, DO MANCHUELA

Curiosity often leads us in unexpected directions, particularly in the lesser-known Spanish region of Manchuela. With the Entero project, we're working with one of our favourite producers to create awesome unfiltered old-vine Macabeo from vineyards sitting over 700m above sea level. Here, the diurnal variation in temperature is at its most marked, resulting in fruit with a vibrant freshness and vivid flavour that is harnessed in all its unfiltered glory.

●	5052 Old Vine Macabeo	2024	11.5	6	8.76
---	-----------------------	------	------	---	------

BODEGAS ALTOLANDON, DO MANCHUELA

At Bodegas Altolandon, owner and winemaker Rosalia Molina makes organic wines in one of Spain's highest altitude wineries. Her mission is to craft wines that express the typicity of DO Manchuela – its vineyards, its altitude and the varieties planted. This is viticulture on the edge of what is possible: at 1,100m above sea level, the grapes experience a large diurnal range that encourages even ripening and helps to retain natural acidity. Rosalia's vineyards are certified organic, employ only natural fertilizers and promote biodiversity by allowing chickens, sheep and pigs from the local farms to roam freely. The grapes are hand-harvested and vinified as naturally as possible with native yeasts and minimal intervention. The wines are then aged in clay amphorae and some in French oak to give them the requisite texture and complexity.

Jumilla

VIÑA ELENA, DO JUMILLA

Widely considered to be one of the best wineries in Jumilla, Viña Elena is very much a family affair with Elena Pacheco at the helm supported ably by her mother, sisters and children. Viña Elena sits directly inland from the Costa Blanca and that venerable holiday destination, Benidorm. Safe to say, it is hot in this south east corner of Spain and Elena is fascinated by Monastrell and how she can create ever more elegant and delicate incarnations of it, despite the intensity of the sun. From their 17 hectares of organically cultivated vines set within the semi-arid, hilly landscape, Elena experiments with the differing soil types to see how Monastrell will react and how she can express the personality of the grape. The differing terroir, organic practices and the lack of oak influence all goes to create fascinating wines of greater elegance, fruit and delicacy than the heat of this sun worshippers' land would have you expect.

Size**BRUMA DEL ESTRECHO DE MARIN, DO JUMILLA**

This is the deeply personal project of Elena Pacheco and Isio Ramos, encapsulating the very different effects of terroir on their much-loved Monastrell grape. Each wine comes from a different plot and expresses its startling individuality through microclimate, soil, aspect and age of the vines. The project spans two locations (Marín and Las Encebras), three specific plots (Mandiles, Vereda and Particiones) and one estate (Casa Quemada).

Valencia

BRUNO MURCIANO, DOP VALENCIA

A sommelier by training, Bruno Murciano was born in 1979 in Caudete de las Fuentes – a town in Valencia noted for growing the Bobal grape variety. He spent his youth learning his trade in his family's restaurant, which is where he got to know the winegrowers of the area. During 20 years of international experience as a sommelier, Bruno collected numerous awards and achieved recognition from colleagues as an ambassador for Spanish sommeliers worldwide. But in 2010 he at last made one of his big dreams come true when he bought the magnificent estate of Las Brunas in his home town 6ha of ancient vineyard and 2ha of forest on northeast sloping land. Ably assisted by his brother, José Luis, who honed his winemaking skills in Rioja and Bierzo, the pair now create incredible wines of their own – mostly from Bobal, but also from other local varieties.

Alicante

PEPE MENDOZA, DO VINOS ALICANTE

Pepe Mendoza is one of the most respected winemakers in southeast Spain, focusing on local and Mediterranean varieties sourced from vineyards in the Alto Vinalopó area near Villena, and the coastal-influenced Marina Alta. His latest project, Casa Agrícola is a personal project, created with his wife Pepa Agulló, to make high-quality wines from Monastrell, Syrah, Macabeo, Moscatel and Giró. With plantings dating back to 1923, vineyards are organically cultivated, dry-farmed on ancient terraces, and in tune with the climate of Alicante. Pepe refers to his entry level wines as 'landscape wines', the white a delicious blend of Macabeo and Airen from Vinalopó, and Moscatel from Marina Alta, whilst the red is equal parts Monastrell, Giró and Garnacha Tintorera (aka Alicante Bouschet) from Alto Vinalopó. Pura is skin contact Moscatel fermented in amphorae. With the pinnacle of the range, two single vineyard wines, El Veneno, a stunningly fresh expression of Monastrell sourced from the highest plots in Alto Vinalopó, and Abarques, which reflects the character of Giró and the Marina Alta location.

Condado de Huelva

BODEGAS CONTRERAS RUIZ, DO CONDADO DE HUELVA

Next to the National Park of Donana, an area of preserved natural beauty, Bodegas Contreras Ruiz champions the rich, full bodied Zalema grape. Located in the deep south of Spain, on the Atlantic coast close to Portugal, this is the perfect site to grow this local variety organically. Their goal is to make complex wines, where this single grape variety is expressed in different ways according to site and soil.

Andalucia

BODEGAS BARBADILLO, VINO DE LA TIERRA DE CÁDIZ

Bodegas Barbadillo is a renowned Andalusian producer whose name is virtually inseparable from that of its home town, Sanlúcar de Barrameda, which forms part of the 'Sherry Triangle'. For 200 years its winery has stood at the mouth of the Guadalquivir River producing Sanlúcar's unique and distinctly saline take on dry Fino known as Manzanilla. Never ones to rest on their laurels, the Barbadillo family has recently embarked on its 'Singular' project to produce dry white wines from further up the coast, closer to the port of Cádiz. As an interesting aside, the family is also collaborating with the Natural Parks of the Junta de Andalucía, the University of Cádiz and the Trafalgar Environmental Volunteers Association to preserve the nesting sites of the rare Kentish Plover (*Chorlitejo patinegro*) on the region's beaches.

Jerez

EQUIPO NAVAZOS

Equipo Navazos was born out of a group of friends' desire to unearth some of the many treasures lying forgotten in the bodgas of Jerez de la Frontera, Sanlúcar de Barrameda, El Puerto de Santa Maria and Montilla... wines whose age and provenance place them among the best value in the world. These unexpected yet fortunate findings have been made available to wine lovers around the world in limited quantities under the La Bota series (consecutively numbered editions, with the date of each 'saca', or withdrawal, on the label) as a mark of respect for the generations of expertise and care that have gone into making these exceptional wines. Today, however, Equipo Navazos' efforts are increasingly focused on producing their own wines, such as Florpower, which truly express the character of Sanlúcar and its unique terroir. Beyond Andalusia, they have also collaborated with winemakers of the calibre of Dirk Niepoort and Sergi Colet to develop authentic, individual Spanish wines that never fail to impress.

BODEGAS XIMÉNEZ-SPÍNOLA

There are not many wineries that have built their success by focusing on just one grape variety, let alone one that has been almost permanently out of fashion, but that is precisely what Bodegas Ximénez-Spínola have done since 1729. Working solely with Pedro Ximénez, they produce a selection of fascinating dry wines, dessert wines and sherries that bring all of their 300 years of experience to bear.

QUPÉ

Qupé is a legendary California Rhône pioneer – from its founding with cool-climate Syrah and Chardonnay, through decades of acclaim, to its recent return to local stewardship under Andrew Murray. Andrew has been making wine in Santa Barbara County for over three decades and recently acquired Qupé to strengthen his Rhône inspired wines. All of Andrew's wines draw fruit from the breezy cool climate East-West valleys that run along California's Central coast. His philosophy emphasises that great wines are grown in the vineyard. His wines honour careful site selection and are produced with minimal intervention. The original founder, Bob Lindquist, was awarded a Lifetime Achievement Award in 2015 and the Californian poppy logo of the winery is now world renowned.

PAUL HOBBS

Raised on a farm on the east coast of the United States, Paul Hobbs grew up in a teetotal household – but this did not stop his first taste of wine being Chateau d'Yquem! It is tempting to say 'and the rest is history' and leave it at that, but there is so much more to this man. Paul came to winemaking via studying to be a doctor and this scientific background and attention to detail has helped hone his approach to crafting wonderfully precise, complex wines in California and around the world. He has famously been called the 'Steve Jobs' of wine by Forbes magazine and it is clear that he is a driven perfectionist whose hard work has paid off with numerous 100-point scores from the critics. However, to stop there would be to do Paul an injustice. Notwithstanding his mainstream winemaking training at UC Davis, Paul was an early advocate of low intervention methods. Since the late 1980s, long before it was popular, Paul was using wild yeast to ferment, and organic vineyard management techniques to get the best from his vines and protect the land. Like his wines, he is a complicated, multi-layered man. Yet across all his ranges, there is an elegance and lightness of touch that reminds you there is a truly talented winemaker at work here.

No Alcohol Wines

ODDBIRD NO ALCOHOL WINE

Moa Gürbüz founded Oddbird in 2013 to question and change society's norms around alcohol and offer a quality alternative... liberated from alcohol. Creating modern, world-class wines with zero alcohol is a skill shaped by tradition and made possible through innovation. Achieving a distinct, pure taste with high complexity doesn't just happen: it involves a winemaking process with minimal intervention and relentless attention to every detail. From the choice of grapes and vineyard site, to fermentation, alcohol removal and bottling... Oddbird's mission is to transform drinking culture with quality in mind!

Terms and Conditions of Sale

IMPORTANT: These Terms of Sale are considered by us to set out the whole agreement between you and us for the sale of the wine. Please ensure that you read and understand these Terms of Sale before you submit an order, because you will be bound by these Terms of Sale once a contract comes into existence between you and us (no previous written or oral agreements will apply to that contract).

1. PLACING YOUR ORDER

1.1 Making & accepting orders: You can place orders for wine by telephone, email or directly with our sales representatives. Your order is deemed to be an offer by you to enter into a legally binding contract with us. We are free to accept or decline your offer at our absolute discretion. These Terms of Sale shall form a binding contract between you and us only when we either issue you with express written or verbal acceptance of your order or we deliver the wine (or make the wine available for collection, where applicable), whichever is the earlier, at which point a contract shall come into existence between you and us (our receipt of payment does not constitute our acceptance). Contracts can be concluded in the English language only.

1.2 Minimum order quantity: Unless otherwise expressly agreed by us, we will not accept orders for less than 3 cases containing 9 litres equivalent of wine in each case. Where we accept orders for less than this quantity, a) a delivery surcharge is payable by you, as detailed in clause 3.2, or b) the value of the order exceeds £300.00 ex Vat.

1.3 Availability of wine: All the wine we offer is subject to availability from our suppliers. We will try to contact you promptly if we are unable to supply the wine that you have ordered and we will give you the option of either varying or cancelling your order.

1.4 Age restriction: It is illegal for us to sell wine to anyone who is or appears to be under the age of 18 years. By placing an order, you confirm that you are at least 18 years of age; we reserve the right to cancel the contract between you and us if we or our couriers are unsure of whether you are at least 18 years old.

1.5 Cancellation: If you are a consumer, you can cancel your order for any reason up to 7 working days from the date of delivery of the wine, provided that all the bottles are unopened and intact. We will refund the full price you have paid to us for that order within 30 days from the date of cancellation. Any wine delivered must be made available for our collection and we reserve the right to charge the cost to us of recovering the wine. If you are not a consumer, we might, at our sole discretion, still permit you to cancel your

order if we decide that this will not adversely affect us: please contact us promptly if you wish to cancel.

2. EN PRIMEUR SALE (EP)

All our offers of "En Primeur" wines are available for Under Bond purchase. The original Producers' cases can only be provided on full case purchases.

Customers' Invoices are processed once your order is confirmed by us and these are subject to our standard credit terms we have agreed with you. Customers' unpaid invoices will not be shipped, and the reservation will be void unless a 5% surcharge is agreed to in writing.

Duty Tax & Vat will be applied proforma on DPD orders at time of delivery.

Alliance Wine Company Ltd will endeavour to ensure all confirmed En Primeur orders are met, however, if in the unlikely event due to 'force majeure' or any other unforeseen circumstances outside of Alliance Wine Company Ltd. control, whereby we are unable to fulfil your order due to producer failure, shortfall in logistics or for any other reason, we will offer you similar wine(s) or, will refund you in full at the original Invoice price without any liability to you.

Orders with a value of less than £300.00 will have a delivery charge applied as per our standard Terms and Conditions.

All others Alliance Wine | H2Vin trading terms and conditions in this document apply. E&OE

3. PRICES AND PAYMENT

3.1 Our prices: The price payable by you for our wine will be, unless otherwise agreed in writing, the price set out in our price list published at the time the wine is ordered. We may alter our prices at any time prior to delivery to account for factors such as VAT, excise duty, market and currency fluctuations and in such cases we shall endeavour to contact you promptly and give you the option of either paying the revised price or cancelling your order. Our prices are quoted exclusive of Value Added Tax and VAT will be charged where applicable at the prevailing rate (For sale transaction under bond where zero vat rate applies, please contact us).

3.2 Other charges: Duty and the cost of delivery to mainland Great Britain are included in the prices we quote, unless otherwise stated. If we accept an order from you for less than 3 cases of wine or 36 bottles of 9 litre equivalent, to be delivered to an address in mainland Great Britain, an additional delivery surcharge of £18.00 ex vat will be imposed. If you require delivery be made to a destination which is not in mainland Great Britain, please contact our

customer service department.

3.3 Currency: You must make payment to us in the same currency as the price quoted by us at the time you place your order. We reserve the right to make any refunds in the currency you used to make payment to us.

3.4 Making payment: Unless otherwise agreed by us in writing, payment for all wine must be made in advance in cleared funds (without any deduction by way of set-off or counterclaim). We accept payment by all major credit cards except American Express. We also accept payment by cheque payable to "Alliance Wine Company Limited", by Direct Debit or by bank transfer (our bank details are available on request).

3.5 Late payment: Where we agree that payment may be made in arrears but you fail to make the payment due to us in full by the due date for payment, we reserve the right to charge interest to you on the overdue amount at the rate of 8% above the base lending rate of the Bank of England from time to time. This interest shall accrue on a daily basis from the due date until the date of actual payment of the overdue amount, whether before or after judgment. You must pay us interest together with the overdue amount. Without limiting any other remedies or rights that we may have, if you do not pay us on time, we may cancel or suspend any outstanding order until you have paid all outstanding amounts.

We reserve the right to withdraw any credit facility provided and all monies will become due and payable with immediate effect.

3.6 Transfer of ownership: Ownership of the Goods shall not be passed to the customer until the "Company" has received in full (in cash or cleared funds) all sums due to it in respect of,

3.6.1: The Goods and

3.6.2: All sums which are or which become due to the "Company" from the customer on any account

3.6.3: Until ownership of the Goods has passed to the customer, the customer must:

- a) hold the Goods in a fiduciary basis as the Company's Bailee,
- b) store the Goods (at no cost to us) separately from all other Goods of the customer or any third party in such way that they remain readily identifiable as the property of the "Company"

You may however resell the wine in the ordinary course of your business after we have delivered it to you (but you must not deal with the wine in any other way, nor may you permit any lien, charge or encumbrance to be created over the wine, until, in any such case, payment has been made to us subject to the above clauses). If you fail to make payment to us in full within 30 days of the due date for payment or if the contract between you and us is cancelled or otherwise terminated for

any reason prior to payment being made to us, you agree that, without limiting any other remedies or rights that we may have, we (and our agents) shall be entitled to enter any premises where you store wine to ascertain whether any of the wine we own is stored there and to inspect, count and recover that wine.

3.7 Return of Goods: Return of goods is solely at company discretion and must be agreed prior to return. Any transportation cost for returned goods will be your responsibility unless otherwise agreed.

4. DELIVERY

4.1 Date for delivery: We will try to deliver the wine you have ordered promptly (or otherwise as agreed by our customer service department at the time you place your order); however, any delivery dates we provide are estimates only. If we cannot supply the wine you have ordered (where applicable, by making it available in accordance with any Incoterms we have used, as explained in clause 3.3) within 30 days of receiving your order (or by any alternative date we have agreed with you), we will contact you as soon as possible to give you the option of either accepting a later delivery date or cancelling your order. If we are not reasonably able to ascertain your preference, your order will be treated as cancelled.

4.2 Delivery location & risk: Unless otherwise stated by us, deliveries will only be made to addresses in mainland Great Britain or mainland Northern Ireland and all risks to the wine will be your responsibility from the time of delivery. This does not apply where we incorporate Incoterms, as explained below.

4.3 Our use of Incoterms: Where stated in our price list (or in contract terms agreed by us), our wine will be supplied:

Deliver duty paid (also referred to by us as DDP), or

Deliver under bond (also referred to by us as DAP)

These expressions shall have the meaning given to them in the International Chamber of Commerce's 'International Commercial Terms' / 'Incoterms' and, where these expressions are used by us, the applicable responsibilities set out in the most recent version of Incoterms in effect when ordering shall apply in addition to the provisions in these Terms of Sale (and in the event of any conflict, the provisions of Incoterms shall prevail). More information regarding Incoterms is available at <http://www.iccwbo.org/incoterms>.

Failure to accept delivery: We may use an independent courier of our choice. If you fail to accept delivery of the wine you have ordered within 3 days of our first attempt to deliver the wine to the specified address, we may charge you for any consequential storage costs reasonably incurred by us (unless your failure is caused by events beyond your reasonable control) and we shall not be liable for late delivery.

5. OUR QUALITY GUARANTEE

5.1 Customer service: We work hard to ensure that our customers are satisfied with our service. If you have any questions or problems, please contact us at:

**Alliance Wine, 7 Beechfield Road, Willowyard Estate,
Beith, Ayrshire, KA15 1LN**

Tel: 01505 506060 **Fax:** 01505 506066
E-mail: orders@alliancewine.com

5.2 Quality guarantee: The following warranty is in addition to the legal rights granted to consumers by law. Advice about the legal rights of consumers is available from your local Citizens' Advice Bureau or trading standards office. All other warranties are excluded to the fullest extent permitted by law. We warrant that, on delivery, the wine we supply will:

- be of satisfactory and merchantable quality,
- comply with all applicable UK laws and regulations; and
- conform in all material respects with the description of that wine contained in our written quote and the sample of that wine supplied to you, each as applicable (our suppliers may however change the style of labels and packaging at any time so we cannot guarantee that bottles, labelling or packaging supplied to you will match the descriptions or images contained in our promotional or other material, other than in relation to the labels of any 'personalised House style wine' that we have agreed to supply to you).

5.3 Returning defective products: In the unlikely event that our wine does not conform to the quality standards above, is otherwise defective or is not what you ordered, please let us know promptly after delivery. If you notice a mistake made by us after you have received the wine, we would appreciate it if you would please notify us within 48 hours. You must make any rejected wine available for collection by our courier if we request and take reasonable care of it pending collection. We will promptly refund any payment made by you for defective or incorrect wine that we have supplied. If, however, you reject wine which is not defective or incorrect (and you are not otherwise entitled to cancel your order), we reserve the right to charge you the direct cost to us of collecting, testing, storing and redelivering the rejected wine.

5.4 Errors made by us: We try to ensure that our descriptions and prices are accurate. If, prior to delivery to you, we discover an error in relation to the wine you have ordered, we will contact you as soon as possible to give you the option of either confirming your order subject to correction of the error or cancelling your order (and receiving a full refund of any prepayments you have made). If we are not reasonably able to ascertain your preference, your order will be treated as cancelled.

5.5 Correcting your mistakes: If you want to correct any

mistakes you made in your order, you must inform us by telephone or by email prior to both your order being accepted and the wine being delivered. If you inform us of your mistake after your order is accepted or after the wine is delivered, we may, at our sole discretion, agree to amend your order (but we reserve the right to charge you for recovering the wine from you and for delivery of its replacement to you, where applicable).

6. LIABILITY DISCLAIMER

6.1 Extent of this disclaimer: Nothing in these Terms of Sale shall in any way limit our liability for death or personal injury caused by our negligence; for fraud or fraudulent misrepresentation; or for any other matter for which it would be illegal or unlawful for us to exclude or attempt to exclude our liability.

6.2 Liability restriction: If you or we do not comply with these Terms of Sale, neither you nor we shall be responsible for any loss of income or revenue, loss of business, loss of anticipated savings, any waste of time nor other losses that the other suffers as a result which are not a foreseeable consequence of the failure to comply with these Terms of Sale.

6.3 Liability to business customers: Unless you are a consumer, our total liability to you, in respect of any claim by you arising out of or in connection with the provision of (or the failure to provide) wine shall be limited to the sum paid by you to us for the wine which is the subject of the claim. Unless you are a consumer, all wine must be examined by you upon receipt and we shall not be liable for any shortages or breakages which are not reported to us within 24 hours of us delivering the wine (or making the wine available for collection, where applicable).

6.4 Events outside our control: We shall not be liable for any delay or failure to supply wine which is wholly or partly caused directly or indirectly by any circumstances beyond our reasonable control, including, without limitation: adverse weather or natural disaster; terrorism, war or civil commotion; any labour dispute; compliance with any law or governmental order, rule, regulation or direction; or non-performance by any of our suppliers.

7. ANTI-CORRUPTION, ANTI-BRIBERY & MODERN SLAVERY

7.1 In relation to any transaction involving the Goods that are the subject of this document, the Customer shall not seek to obtain or retain business or gain any other advantage by making or offering to make any payment of money or by providing or offering to provide anything of value, directly or indirectly, to (i) any government official or (ii) any nongovernment person, in either case with the intent that such official or person will perform their responsibilities improperly. Customer warrants that it will comply with the anticorruption laws and anti-bribery laws of any country

having jurisdiction over Customer or the transaction involving the Goods that are subject of this document and will in all cases comply with the Bribery Act 2010.

7.2 The Customer shall take all reasonable steps to ensure that it and its subcontractors will comply with all applicable laws relating to modern slavery, including the Modern Slavery Act 2015 and shall, at Alliance Wine's request, demonstrate that it has in place appropriate policies to ensure its legal compliance of its subcontractors in these areas.

8. GENERAL LEGAL MATTERS

8.1 What we mean: In these Terms of Sale:

8.1.1 references to "we", "us" and the "Company" mean Alliance Wine Company Limited, a company incorporated in Scotland with company number SC090255 and VAT number 406 6418 61 and having its registered office at 7 Beechfield Road, Willowyard Estate, Beith, Ayrshire, KA15 1LN

8.1.2 references to a "Consumer" or "Customer" mean an individual who places an order with us in his or her personal capacity and not in the course of trade or business,

8.1.3 references to "wine" means the product or the Goods" you have ordered from us: our products include, without limitation, wine, port, cognac, brandy, fruit liqueur and other such drinks,

8.1.4 references to the plural include the singular and vice versa,

8.1.5 the headings shall not affect the interpretation of these Terms of Sale; and

8.1.6 references to "writing" or similar expressions shall include communications by email.

8.2 Changes to these terms: We may revise these Terms of Sale from time to time. The revised version will apply to orders placed after the revised version is published and, where required to enable us to comply with the law, to any orders you have already made which we have not yet fulfilled.

8.3 Unenforceable provisions: If any of the provisions in these Terms of Sale are held by any competent authority to be unlawful or unenforceable in whole or in part, the remainder of the provision in question and the remaining provisions of these Terms of Sale shall continue in full force and effect to the fullest extent possible.

8.4 Insolvent customers: We may at any time, by giving you notice in writing, immediately terminate any contract made with you if the applicable order was made on behalf of a company and:

8.4.1 that company passes a resolution that it be wound up or dissolved or it makes an arrangement with its creditors (other than, in each case, for the sole purpose of a scheme for a solvent amalgamation of that company with one or

more other companies or the solvent reconstruction of that company);

8.4.2 the Court makes an administration order or winding up order in relation to that company; an administration, administrative receiver, receiver or manager is appointed by a creditor or by the Court in relation to that company; or possession is taken of any of the property of that company under the terms of a floating charge; or

8.4.3 any event analogous to the events described in clauses 6.4.1 or 6.4.2 above occurs in any jurisdiction in which the relevant party is incorporated or resident or does business.

8.5 Law and dispute forum: These Terms of Sale shall be governed by Scots law, and you and we both agree to submit to the non-exclusive jurisdiction of the Scottish courts.

CREDIT ACCOUNTS AND USE OF PERSONAL DATA

The following information is applicable if you apply for a credit account with us:

Information we use: If you apply for a credit account with us, we will search the records we hold and your records at credit reference agencies or third parties: they will give us shared credit information, fraud prevention information, and public information (such as details of English County Court Judgments, bankruptcies and information from the electoral register). If an application for a credit account is being made by or on behalf of a company, partnership, or other such entity, we may use credit reference agencies to check the details of the individuals who own and/or control that business. You must ensure that they are all aware that their details may be used in this way. Please contact us if you want details of those credit reference agencies from which we obtain, and to which we pass, information about you. You have a legal right to these details. We may use credit scoring or other automated decision-making systems to assess your application.

Sharing information about you: We may share your information with credit reference agencies or third parties. This information remains on the agencies' files for 6 years after our credit arrangement with you is terminated. Whether or not your application proceeds, the agencies will add to your record details of our searches and your application. This record (but not our name) will be seen by other organisations when you apply for credit in the future. A large number of applications within a short period of time could affect your ability to obtain credit. We will also add to your record with the agencies' details of your business' agreement with us, the payments your business makes under it, and any default or failure to keep to its terms.

Use of your credit reference information: The information held by the credit reference agencies or third parties we use will be disclosed to us and other organisations (in the UK and in other countries) to, for example prevent fraud and money laundering; trace your whereabouts; recover debts that you

owe; manage credit accounts and other facilities; or to make decisions on credit, insurance and other facilities, about you, your financial associate(s), members of your household or your business.

Linked information: The information credit reference agencies or third parties give us about you may already be linked to information about someone else you have had a joint account or similar financial association with, including members of the same household. By submitting

an application you confirm that their finances will not affect our decision. We may check this and may turn down the application if we find it is inaccurate. An 'association' between joint applicants (between you and your business partner, for example) will be created at credit reference agencies. This will link your financial records, each of which will be taken into account in all future applications by either or both of you. This will continue until one of you successfully applies to the agencies to have the association removed.
