PRODUCER PROFILE

Bodegas Gutiérrez Colosia is the only bodega in Puerto de Santa Maria situated alongside the riverside ensuring the perfect humidity level needed for the biological ageing of the "Fino" and the developing of the fine layer of yeast - "en flor".

The range is reliably high quality, individual and authentic - owners, Juan Carlos and his wife Carmen produces 100% natural wines from the traditional crianza-solera method.

The grapes for Colosia's wines come from areas around Jerez, with the vineyards being planted on very special soil called "Albariza". The soil produces outstanding vines perfect for the production of sherry.

Made by means of biological ageing (action of flor yeast). The proximity of the winery to the sea breeze imparts a particular personality to the wine.

Aged for at least 5 years it is a full-bodied, nutty sherry with a strong and fragrant aroma. Amber to mahogany in colour, it is darker, smoother and less dry than amontillado sherries. Matured by the oxidation ageing process.

It pairs well with game dishes as well as a variety of nuts and olives.
