CIELO E TERRA, CASA DEFRA, ROSSO RISERVA, COLLI BERICI, DOC, VENEZIE, ITALY, 2018

Producer Profile

Cielo e Terra is a joint venture between two families, Cielo, who have been making wine for over a century in Veneto, Puglia and the Cantina Sociale Colli Berici.

Drawing on the Colli Berici's vineyard resources, combined with the Cielo family's winemaking skills, their partnership consistently produces wines which are fantastic value for money from both indigenous and international varieties.

Viticulture

The Berici Hills are a hilly formation with undulating reliefs, of modest heights (300-400 meters). The morphology of the hills is enriched by the presence of hilly slopes alternating with valleys. The altitude between 50 and 200 meters preserves mists and late frosts and enhances the action of solar radiation with a long daily exposure to light in the most important months for the development of the vine and the ripening of the bunches. The microclimate of the Berici Hills is very favorable for the cultivation of vines, with particularly mild temperatures until late autumn, a good temperature range between day and night and a limited annual precipitation (500 - 600 mm).

Winemaking

Manual grape harvest, soft pressing and fermentation with maceration for 6 - 8 days. to obtain the right colour intensity. Use of selected yeasts and fermentation at controlled temperature below 25 ° C. Storage in steel tanks at controlled temperature below 20 ° C to protect the wine with nitrogen to avoid the oxidative effect of the air. Maturation for about 18 months and light passage in wood (about three months) in large barrels. Stabilization and cold bottling by means of isobaric filler.

Tasting Note

A medium intensity garnet red wine, fragrant with typical hints of small ripe red fruits, vanilla and spicy notes.

Food Matching

Red meats, aged cheeses, pasta bolognese.
