

# Fraga do Lecer, Fraga do Corvo, Godello, DO Monterrei, Galicia, Spain, 2022

## PRODUCER PROFILE

Fragas do Lecer is located in Spain's north-west region of Monterrei, in the village of Vilaza.

Its position in the Monterrei valley, close to the Tamega River, provides a mixture of soil types well suited to the cultivation of indigenous varieties, Godello and Mencia. Founded in 2005 by the Boo-Rivero family, they brought with them 30 years' experience and a commitment to the varieties of the region. With their 45 acres of vineyards, across 28 sites, a diversity of soil types, from granite based, to sand and slate, the wines from the estate yield great complexity. The Tamaguelos estate has over 10 acres of 30 plus year old Godello and Mencia vines, with other parcels from the estate amongst the oldest in the region, at 50 plus years. Wines are made by the talented José Manuel Martínez (who is also responsible for winemaking at sister winery Quinta de Couselo in Rias Baixas). Fragas do Lecer practices organic viticulture, with maximum respect for the vineyards and minimum intervention.

## VITICULTURE

The vineyard is situated in a temperate Mediterranean climate with a continental tendency, influenced by the Atlantic Ocean.

## WINEMAKING

100% Godello grapes. Destemming and whole-berry maceration before pneumatic pressing for one hour. Must separation. Static racking. Meticulously vinified under strict temperature control, before ageing on its lees for 7 months to gain added richness and mid-palate texture.

## TASTING NOTE

An elegant Godello with intensity and purity on the nose, abundant green apple, melon, mineral and citrus lemon notes, with a long finish, and a textured palate right to the finish.

## FOOD MATCHING

Grilled or roasted fish, such as sea bass or trout, and any vegetable base dish.
