

Maia Novapalma, Pinot Grigio Bio, Delle Venezie DOC, Italy, 2023

Producer Profile

Viticulture

From calcareous soil of marine origin, the vineyard has a temperate subcontinental climate, with mild winters, rare late frosts and fresh and breezy summers. Rainfall is low (800-1100 mm per year), so in dry summers, emergency irrigation is carried out.

Winemaking

Manual harvest of grapes, soft pressing and an oxidative fermentation in stainless steel with controlled temperature without undergoing malolactic fermentation.

Tasting Note

Bright saturated straw-yellow hue. Excellent impact on the nose with complex and well-blended wild flower and ripe fruit (apple and banana) bouquet. Strong personality, long, pleasantly fresh and lingering on the palate.

Food Matching

Tasty fish-based appetisers, vegetable first courses, and white meat-based main dishes.
