## Oddbird Low Intervention No Alcohol Organic White, Veneto, Italy

### Producer Profile

Moa Gürbüzler founded Oddbird in 2013 to question and change societies norms around alcohol and offer a quality alternative ... liberated from alcohol.

Creating modern, world-class wines with zero alcohol is a skill, shaped by tradition and made possible through innovation. Achieving the distinct pure taste with high complexity doesn't just happen. It involves a wine-making process with minimal intervention and relentless attention to every detail. From the choice of grapes and vineyard site, to fermentation, alcohol removal and bottling ... a vision towards transforming drinking culture with quality in mind!

### Viticulture

Produced without the use of fertiliser, irrigation or spraying, the organic and naturally grown grapes are hand picked from family-owned vineyard in Breganze, Veneto. Garganega is used Soave, and Vespaiola is a native variety of Breganze.

### Winemaking
