

## Baglio Gibellina, Italy

Baglio Gibellina is situated in picturesque Sicily where its vineyards are surrounded by the hills of Salemi and Santa Ninfa.

Old vineyards located between 300-600m above sea level are grown on a mixture of clay and volcanic soils with limited yields allowing for the production of outstanding wines with incredible food matching potential.

### Viticulture

The landscape is dotted with vineyards, olive groves, citrus trees, juniper trees and fichi d'India trees. The blue of the sky and of the sea on the horizon form the backdrop to a mixture of colours that are typically Mediterranean. The sunsets that can be witnessed from the Baglio are spectacular, during the night the mixture of lights that stretches into the distance enhances the "noise" of the silence.

### Highlights

- Some of the production is certified organic.
- U. Passimiento is a blend produced from Frappato as soon as the grapes mature and then blended with Nero d'Avola grapes that are late harvested once they have withered and dehydrated.

## Baglio Gibellina Their Wines >

Item	Vintage		Pack size (cl)
