

White & Sea, Colombard, Sauvignon Blanc, IGP Côtes de Gascogne, France, 2023

Viticulture

Gascony is both wild and beautiful all at the same time... With its rolling countryside dotted with maritime pine and cypress trees, its luxurious vineyards and medieval hilltop towns, the area is one of the most preserved French treasures. Home to viticulture since Roman times, the IGP Côtes de Gascogne shares the same area of production as the Armagnac appellation. Gascony is also famous for its rich gastronomy and its “douceur de vivre” or easy-living atmosphere. The Colombard and Sauvignon Blanc grapes are predominantly produced in the Côte de Gascogne area of the South-West of France. The region has a fantastic reputation for fresh white wines. Capable of adapting to the hot climate, it provides nice acidity with lovely flavours. The resulting wines are crisp and fresh, with very intense aromas of lime, nectarine and grapefruit.

Winemaking

The winemaking process is designed to preserve freshness and to enhance the aromatic potential of the wine. The berries are harvested at night, when temperatures are low, as soon as they have reached optimal maturity. The crop is then pneumatically pressed in order to extract only the premium juices. The fermentation process is carried out at a low temperature to preserve aromatic intensity. All these steps create a fragrant and refreshing white wine!

Tasting Note

Bright lemon-green in colour. Intense and fruity, with lovely aromas of green apple and grapefruit. Very refreshing on the palate.

Food Matching

Enjoy slightly chilled as an aperitif or with marinated vegetables, grilled fish and shellfish.
